Collection Overview

Creator: Dome

Administrative/Biographical History:

One issue of "Under the Dome" was published from January 1945-May 1946. It was launched as a way to keep Johns Hopkins personnel informed during World War II when so many were serving around the world , but ceased publication after Hopkins military personnel were decommissioned. The publication was then relaunched in November 1952 as "News from Under the Dome". In 1963 the name was shortened to "Under the Dome", in 1972 to "The Dome", and in 1975 to "Dome". The last print edition of Dome was produced in December 2017. Starting in January 2018, articles under the Dome headline will no longer be compiled into a single print publication.

Serial Volume 1 (1945-1946): Under the Dome - 1945, January-1946, May

Serial Issue 1:1: Under the Dome - 1945, January

Scope and Content: This January, 1945 issue of Under the Dome includes the following articles:
Harriet Lane Home Erects Premature and Private Wards - a Federal Gov't grant has made possible the building of the new addition.
College Graduate Class Enters Nursing School - this class of 56 students is the first to be composed of all college graduates.
Prisoners of War Employed - 30 POWs will be doing service jobs e.g. trash collection and doing dishes.
Dr. L Emmett Holt, Jr. Accepts New York Professorship - to become Prof. of Pediatrics of NYU College of Medicine and director of pediatric service at Bellevue Hospital.
Volunteers Serve Hospital - 4,926 hours of service in November.
Hospital Corridors Shine - brilliant pastel paint now covers brick corridor floor.

Centralization of Medical Practice Studied - representatives from nine departments recommended centralizing medical care by the staff within the hospital ; Board of Trustees is considering approval.

Doctors to Sign All Orders - responsibility returned to the patient's physician.

"The Biopsy" - new monthly paper put out by student nurses.

Greetings! - this is a message from Winford H. Smith, President of the Hospital announcing the publication of Under the Dome by Editor Mrs. Irene Ravitch.

Letters to the Editor: School of Hygiene and Public Health News Letter by Dean Lowell J. Reed; To the Graduates of the School of Medicine in the Services by Alan M. Chesney; To You in the Services by Warfield T. Longcope.

From Wilmer - an update on the current hectic schedule in Wilmer.

At Home and Abroad - this page of news notes contains mention of the following individuals: Dr. Allan Woods, Dr. Albert Snell, Jr., Dr. and Mrs. William Owens, Lieut. Edward Maumenee, Capt. William Taylor, Maj. Elliott Randolph, Lieut.-Col. Edward Burch, Lieut. William Marr, Capt. Robert Laughlin, Lieut. Paul Messier, Lieut. Russell Snip, Lieut. Milton Lilly, Lieut. William Kite, Dr. Constantino P. (Pat) Manahan, Lieut. Mason Andrews, Dr. Robert Noyes, Maj. John E. Bordley, Comdr. Edward M. Broyles, Maj. William Andrew Parr, Lieut. Herbert R. Sloan, Lieut.-Col. Richard T. Shackelford, Capt. William Quinby, Capt. Paul Higgins, Capt. Donald Hooker, Maj. Tom Brown, Capt. James E. T. Hopkins, Lieut. Arthur Cecil, Lieut. Richard C. Clay, Maj. Louis Singewald, Lieut.-Col. Paul Kunkel, Jr., Lieut. Robert Austrian, Dr. Kenneth L. Pickrell, Maj. Harris B. Schumacher, Jr., Maj. Erle Henrikson, Capt. Henry G. Bennett, Jr., Lieut. Edmund Novak, Capt. George Corner, Maj. and Mrs. Laman Gray, Dr. Telinde. Obituary Notices: Dr. Sidney Mayer, Dr. Frank P. Kindell and Miss Margaret S. Brogden.

From Ear, Nose and Throat - update.

From Physiology - update.

From the 118th General Hospital - excerpts from a letter from Lieut. James Bordley to Dr. Winford Smith

From the 18th General Hospital - excerpts from a letter from Lieut. Kathleen Lewis to her family.

From Pharmacy - news about military personel.

From the 56th General Hospital - news from Hopkins personel in Belgium.

Medical Field Agents - news about Hopkins social workers in the military.

Barber Shop News -an amusing article about vanity and getting a hair cut.

Subject - Name: Chesney, Alan M. (Alan Mason), 1888-1964

Serial Issue 1:3: Under the Dome - 1945, May

Creator: Park, Edwards A. (Edwards Albert), 1877-1969

Scope and Content: The May, 1945 issue of Under the Dome includes the following articles:
Post-War Training Opportunities Outlined - These include physician positions, Externships, Fellowships and post graduate instructions. (page 1)
Committee to Study Extension of Services - Under the chairmanship of Dr. E.

Cowles Andrus, the committee will consider the establishment of a Clinic to provide in and out patient future services. (page 1)

Notes from Italy - Col. Perrin H. Long sends news of officers from the Mediterranean who were graduates of the medical school and/or staff physicians and nurses: Major James Monroe Mason, Lieut.-Col. Eldridge Campbell, Capt. Henry Thomas Ballantine, Capt. John Ransmeier, Lieut.-Col. Harold Habich Golz, Capt. Arthur Cohen Kalish, Major Edward Matthews, Capt. William Alfred De Sautelle, Capt. conn, Capt. "Ted" Laird, Capt. Thomas David Tyson, Lieut.-Col. Robert Warren, Capt. Ethel Larson, Capt. Graham Price, Lieut.-Col. Philip Hill, Capt. Fraser Gurd, Capt. Palmer Howard, and Major John Hamilton. (page 1)

To You in the Services - Three articles are addressed to the Hopkins servicemen and women abroad. Edward A. Park discusses advances in the expansion of the Harriet Lane building. R. Walter Graham, Jr. sends greetings and congratulations for work well done in India and elsewhere by the 18th Unit. Buck (Alexander J.) Schaffer sends more news of members of the 18th General Hospital Unit. Members of this JHH unit have all returned to the United States. (page 2)

Crowds Attend Lecture - Recent Hurd Hall lectures by Drs. Helen B. Taussig, Dr. Alfred Blalock and Dr. Barry W. Wood are described. (page 2)

At Home and Abroad - This article contains excerpts of news from: Dr. Constantino P. Manahan (from Manila), Lieut.-Col. Conrad Acton (about Ben Baker, Irving Sauber, and Dr. Satterwaite), Capt. Gerald L. Winokur (from the Marianas), Lieut. Louise Ellerbush (U.S. Navy Dispensary, Miami Beach), Dr. Elizabeth Constantine (about her husband Frank in the Pacific), and Commander Hugh G. Whitehead (Sr. Medical Officer on ship in the Pacific). The article also contains news about: Dr. and Mrs. Frank K. Inui, Dr. John C. Whitehorn, Dr. Nichola L. Ballich, Lieut. Joseph C. Presti, Capt. Marie Ames, Capt. Edwin Grafton, Lieut. Wm. Kite, Lieut. Milton Milly, Lieut. Wm Marr, James I. Moore, Lieut. Christian V. Cimmino, Lieut. (j.g.) Matthew Grimmer, Lieut. Roger Greif, Major Gus Dammin, Lieut. (j.g.) Douglas Horning, Lieut. (j.g.) George Duncan, Lieut. Herbert Sloan, Col. George A. Stewart, Capt. Joseph M. Cordi, Lieut. Roscoe Mosiman, Capt. Robert J. Moore, M.A.C. Lieut. Sara McAllister, Lieut. Irene Chitsey Soules, Major Mary Sanders, Lieut. Grace E. Levis, and Dr. Loring Pratt. (page 3)

Memorial News - The Margaret S. Brogden Memorial Fund has raised \$4,012.00 for the establishment of a lectureship. (page 3)

Gifts from Unit 18 - Several items from the collection of Dr. Duncan C. MacPherson, 1934 School of Hygiene graduate, were given to General Hospital 18 unit where he had been a patient and passed on to the JHH by the unit. (page 4)

New Canteen Under Way - A new cafeteria in a small room in Halstead is being installed under the supervision of the Woman's Auxiliary Board. (page 4)

From the School of Hygiene - This article contains news about Mrs. Frances Nicolls,, Dr. Guerny Clark, Dr. Virgil Scott, Mr. Alfred Fletcher, Dr. Martin Frobisher, Dr. Oma Creedc, and Capt. Alan W. Donaldson. (page 4)

On reading an Appeal for Unclaimed Bodies - This is a humorous article about the Maryland State Anatomy Board's appeal to hospitals for unclaimed bodies for use by medial students.

To the Dietary Department - This is an amusing poetic commentary on proposed morning routine changes issued by the Dietary Department. (page 4)

Serial Issue 1:4: Under the Dome - 1945, August

Creator: Bard, Archibald Philip, 1898-1977; Maxcy, Kenneth F.

Scope and Content: The August 1945 issue of Under the Dome includes the following articles:
Campaign for Two Buildings Planned - New modern 7 or 8 story buildings are proposed to replace the surgical building and Thayer. (page 1)

(page 1)
Personal Health Services Subject of New Professor's Field of Study - Dr. Kerr L. White will head the new program in the School of Hygiene and Public Health which will focus on making personal health services more useful and available. (page 1)
Hospital cost Rise Is Administrator's Topic to Auxiliary - David L. Everhart spoke to the Auxiliary of the Women's Board of the Hospital about rising employee salaries and other costs which account for the 7% rise in Hospital expenditures. (page 2)
Institutions Spend \$45 Million, With \$1.6 Million Hospital Loss - This article is a detailed breakdown of program expenses in education, research and patient care at the medical divisions and at the hospital. A side comment about a recommendation for increasing city and State contributions to hospitals for indigent outpatient care. (page 2)
New Homewood Library Holds Million Volumes, Has Computer Center - Built into the side of a hill, the new [Eisenhower] Library has technologically advanced capabilities and significant storage capacity. (page 3)
Dome Datebook - This is a listing of upcoming events and lectures. (page 3)
Pilot Study Seeks Flexibility in Use of Research Funds - The program includes 8 categories of expenditures which can be shifted without prior approval of the Public Health Service which initially granted the research funds. (page 3)
Tally Sheet - This feature is devoted to miscellaneous information about people and events at the Medical Institutions - Drs. Allan C. Barnes, Jacob H. Conn, Katherine Borkovich, Barnett Berman, Abraham Genecin, John Eager Howard, William Speed 3d, Howard M. Dintzis, Lawrence R. Wharton, Mrs. Thelma Waters, and Mr. Toyozo W. W. Takagi. (page 4)
President-Elect Three - Accompanied by photos, is article is an announcement of three organizational appointments for: Dean Thomas B. Turner (President-Elect of the Association of American Medical Colleges), Dr. Helen B. Taussig (President-Elect of the American Heart Association) and Dean Ernest L. Stebbins (President-Elect of the American Public Health Association). (page 4)
Alfred Blalock Fund To Assist Students - The fund in honor of Dr. Blalock will help needy medical students and postdoctoral students. (page 4)

Serial Issue 13:3: Under the Dome - 1964, December

Scope and Content: Cooke: "Too Much of a Good Thing Is Bad" - Pediatrician Cites Vitamin D as Cause of Birth Defects - This article explores in depth how excessive Vitamin D may be associated with mental retardation and other serious birth defects. Photos accompany the article. (pages 1 and 2)
Hopkins Biochemist Discovered Vitamin D - In 1918, encouraged by Dr. John Howland and his interest in preventing rickets, Dr. Elmer McCollum of the School of Hygiene and Public Health, assisted by Drs. Paul Shipley and Edwards A. Park, proved the existence of Vitamin D. (page 2)
Commonwealth Fund Gives \$450,000 More For Exchange Program - The fellowship exchange program is currently with the University of Ibadan, Nigeria, the American

University of Beirut and the Peruvian University of Medical and Biological Sciences. (page 2)

Businessmen Visit School of Medicine By Sight and Sound - The group experienced demonstrations showing how a hearing problem also affects the sense of speech and heard from Drs. Charles I. Berlin, Mary Ellen Avery, Richard Ross, John Bordley and Dickens Warfield. (pages 2 and 4)

Hopkins Drug Study Cites Sex As Factor In Adverse Reactions - Studies by Dr. Leighton E. Cluff and associates indicate that women are much more susceptible to adverse drug reactions than men. A photo and details of his findings are included in this article. (page 3)

Dome Datebook - This is a listing of upcoming events and lectures. (page 3)

Hospital Board of Trustees Elects Two, Grimes and Knott, Bringing Total to 23 - The new members are Edward L. Grimes and Henry J. Knott. Photos accompany the article. (page 4)

Hospital Pay Minimum Hiked to \$1.15 Hourly - All Hospital pay grades will be adjusted as a result of this hike. (page 4)

Tally Sheet - This feature is devoted to miscellaneous news about people and events at the Medical Institutions including: Drs. William W. Scott, William f. Rienhoff Jr., A. J. Darin de Lorenzo, Milton S. Eisenhower and a trip to Zurich sponsored by The Turtle Derby Association. (page 4)

Serial Issue 13:4: Under the Dome - 1965, January

Scope and Content:

The January 1965 issue of Under The Dome contains the following articles:
Dr. J. Alex Haller Jr. Appointed Pediatric Surgeon-in-Charge - Dr. Haller succeeds Dr. David C. Seabastion who only held the new post for a few months. A photo, biographical details and Dr. Haller's goals for this new division are included in the article. (pages 1 and 7)

University to Spend \$15.5 Million On Three Major Expansion Projects - Details of the three postdoctoral programs are discussed in the article. They are a Postdoctoral Center for Humanistic Study, a postdoctoral research center on the Medical campus and expansion of present facilities at the School of Hygiene and Public Health. (pages 1 and 6)

The Post-Doctoral Research Building: People and Projects - The new facility will promote better interdisciplinary communication in the areas of Human Reproduction, Human Communications, Biomedical Engineering, Neurobiology, Medicine and the Central Animal Facility. Details are discussed in the article. (page 2)

Medical School Plans Post-Doctoral Research Center for Fall, 1966 - Details of the new complex are discussed and a drawing accompanies the article. (pages 3 and 6)

School of Hygiene and Public Health Plans to Expand, Adding Laboratories, Classrooms, 275-Seat Auditorium - Two new wings will be built and details of the new complex are discussed in the article. A drawing is included. (pages 4 and 5)

Johns Hopkins Researchers Will Attack One of the World's Biggest, Unsolved Health Problems - Dr. Ernest Bueding will expand his study of the infectious disease Schistosomiasis which is found around the world but not in North America. (page 5)

Postdoctoral Center Part of Plan To Bolster Humanities in the U.S. - Strengthening education and research in the humanities and identifying great young scholars will be the focus points for the new center. (page 6)

New Retirement Plan Explained in Booklet Available This Month - The changes in hospital employee plan are explained in the booklet. (page 6)

Lecture and Recital On South American Folk Music, Feb. 7 - Fernando Sanz-Guerra is the guest lecturer for the program being sponsored by the International Club of the Medical Institutions. (page 7)

Christmas Decoration Contest Winners In Two Categories - Winners names are listed for awards in the Shadow Boxes and Window Display categories. (page 7)

Baker-King Award to 21 Employees For Outstanding Hospital Service - Names of

the recipients are listed and each will receive a \$25 U.S. Savings Bond. (page 8)
Tally Sheet - This feature includes miscellaneous information about people and events at the Medical Institutions including: Mr. Henry J. Derewicz, Mr. Lawrence M. Detmer, Miss Louise Cavagnaro, Mr. William F. Towle, and the art fellowship endowed by the W. B. Saunders Company in honor of Lawrence Saunders. (page 8)
Dome Datebook - This is a listing of upcoming lectures and events. (page 8)

Digital Content: Yes

Serial Issue 13:5: Under the Dome - 1965, February

Scope and Content: The February 1965 issue of Under The Dome includes the following articles:
1,000 Alumni Return for Biennial Reunion, Anniversary Symposium - Featured speakers will be Drs. Joel Elkes, Vernon B. Mountcastle, Paul Talalay and George D. Zuidema, all new department chairs. The two days will feature hundreds of scientific papers a luncheon and reunion activities. (pages 1 and 4)
Medical Symposium - A program and banquet will celebrate the 75th anniversary of the Hospital. Alumni presenters include Drs. David E. Rogers, Robert Austrian, Charles A. Janeway, Luther L. Terry, Maxwell M. Wintraub, George W. Thorn, Harry Eagle and John A. Leutscher. (page 1)
Center for Handicapped To Be Associated with Medical Institutions - Pediatrics will staff the new John F. Kennedy Institute for Habilitations of the Mentally and Physically Handicapped Child. Details of the program and services are discussed in the article which is accompanied by an illustration of the proposed building. (Page 1 and 2)
Head Pediatric Nurse - Miss Helen E. Hallfors is the new assistant director of pediatric nursing. (page 1)
A Pioneering Tradition - The Children's Rehabilitation Institute and Johns Hopkins are collaborating on the new Kennedy Institute. Drs. Robert Cooke and Frederick Richardson will be the principal investigators at the new Institute. (page 2)
Nervous System Topic of Kennedy Lectures On Mental Retardation - Lecturers include Drs. J. Gordon Millichap, Frederick Richardson, James D. Ebert, Charles A. Alford Jr., Frederick A. Gibbs, Phillip Patterson, Janet M. B. Hardy, Gilles R. G. Monis and John L. Sever. (page 3)
First Phase of Heart Disease Study Complete After Almost Two Decades - Dr. Caroline B. Thomas led the study to identify the factors leading to development of hypertension and coronary disease. Details of the study are discussed in the article. (page 3)
Modern Living - New overhead fixtures at the Hospital entrance are heat lamps. (page 3)
Dome datebook - This is a listing of upcoming events and lectures. (page 4)
Talley Sheet - This is a feature devoted to miscellaneous information about people and events at the Medical Institutions including: Drs. William G. Hardy and Edward F. Lewison, Mr. Allen J. Spritz, Mr. Melvin E. Govig, Mr. Dan G. Kadrovach and Mr. John J. Lavery. (page 4)
The Brain Gain - A photo of Canadian born Hopkins employees is accompanied by a reference to an article about Canada's "Brain Drain." (page 4)

Serial Issue 13:6: Under the Dome - 1965, March

Scope and Content: The March 1965 issue of Under The Dome includes the following articles:
Walter Perkins and Luther Terry Address Medical Symposium - Honored at the banquet were Drs. E. Cowles Andrus, Walter A. Baetjer, Paul W. Clough, Ernest S. Cross, Frank R. Ford, Leslie N. Gay, Nathan B. Herman, John T. King, Lay Martin, Charlotte McCarthy, Frank R. Smith, D. Corbin Streett, M. Thomas, Charles W. Wainwright, Samuel Whitehouse, Samuel Wolman, Ralph J. Young and Joseph N. Zierler. The speaker was Dr. Charles S. Keefer. (page 1)
All-Day OB-GYN Conference Keyed To Social and Economic Problems - Attendees

will include medical and community leaders and is chaired by Dr. Allan C. Barnes. Details of topics and speakers are included in the article. (page 1)

Cardiac Surgeon Joins Hopkins Staff; Heart Valve Named for Him - Dr. Vincent Gott, recipient of the AMA's Hektoen Gold Medal, will head the cardiac service of the Hospital. Biographical details are included in the article. (page 2)

Surgeon General Outlines Challenge For World of Academic Medicine - Dr. Luther Terry's talk at the Department of Medicine symposium is summarized in this article which is accompanied by a photo. (page 2)

Mr. Perkins Critical of AMA Position On Health Care - At a symposium last month Mr. Walter F. Perkins expressed his dismay with the American Medical Association's position on health insurance legislation. A summary of his remarks is in this article. (page 3)

Hospital Participating in Survey of Smallpox Immunization Level - Hopkins joins six other U. S. hospitals in a study of the level of protection against small pox in this country. Details of the study are discussed in this article. (page 4)

Dome Datebook - This is a listing of upcoming events and lectures. (page 4)

Tally Sheet - This feature is devoted to miscellaneous information about people and events at the Medical Institutions including Drs. William D. McElroy, Roy Scholz, and John C. Cobb, medical student Bradley M. Rodgers, and Mr. John Y. Critchley. (page 4)

Johns Hopkins Subject of Special Telecast - "The Medical Revolution" will appear on WJZ-TV. (page 4)

Serial Issue 13:7: Under the Dome - 1965, April

Scope and Content:

The April 1965 issue of Under The Dome includes the following articles:

Special Conference On Growth Hormone Held here Last Month - The 53rd Ross Conference on Pediatric Research featured experts from around the country including Hopkins' Dr. Robert M. Blizzard. A summary of presentations is included in this article. (pages 1 and 3)

President Johnson - A captioned photo of Lyndon Johnson shows him presenting an Asian foreign policy address at Homewood, (page 1)

New Hospital Employee Benefits - There is a shiftwork pay hike and a major change to the employee health care plan which includes expanded Blue Cross benefits. Details are discussed in the article. (pages 1 and 4)

Dr. Paul Tournier to Speak At 16th Annual Institute On Ministry to the Sick - Other speakers include Drs. Russell A. Nelson and Allan C. Barnes. (page 1)

\$700,000 NIH Grant to Johns Hopkins For Study of Population Problems - The grant will help support the new Division of Population Dynamics in the School of Hygiene and Public Health and will be led by Dr. Paul A. Harper. Details of the program are discussed in the article. (page 2)

A Study of NIH Problems - Dr. William D. McElroy was part of the panel that evaluated the work of the NIH. The panel's findings and suggestions are discussed in this article. (page 2)

Two Stage Events Of Special Note - The gateway Pre-Schol, started by Drs. William G. Hardy and Miriam Pauls Hardy, will benefit from a Painters Mill show starring Jose Ferrer and The Barnstarmers will present a performance of "The Fantastiks" in Hurd Hall. (page 2)

Dr. Cooke Heads Steering Committee, Project Head-Start - Dan G. Kadrovich has also been named consultant to the committee. (page 3)

Children's Medical and Surgical Center - A captioned photo shows Miss Helen E. Hallfors and other nurses celebrating the one year anniversary of the center. (page 3)

hospital Employee Health Care Program Area and Departmental Meetings - This is a listing of times and places for the meetings. (page 4)

"The Great Society" Is Theme for 27th Turtle Racing Classic - This is a humorous article about the upcoming Turtle Derby. (page 4)

Dome datebook - This is a listing of Upcoming events and lectures. (page 4)

Serial Issue 13:8: Under the Dome - 1965, May-June

Scope and Content: The May-June 1965 issue of Under The Dome includes the following articles:

The Women's Board - This article is a summary of the history and work of the Women's Board (page 1)

Hospital Sets Up New Group Life Insurance Plan for Employees - The \$500 group policy will cover all employees with more than 3 months service. (page 1)

Drs. haller and Avery Occupy New Garrett and Eudowood Chairs Dr. J. Alex Haller Jr. will hold the Garrett Chair in Pediatric Surgery and Dr. Mary Ellen Avery will hold the Eudowood Chair in Pulmonary Diseases of Children. (pages 1 and 3)

Johns Hopkins Day Nursery Moves to Harriet Lane Home, Increases Capacity to 65 - The Day Nursery cares for employees' children ages 2-6 and tuition is \$55 per month. (page 1)

Temporal Bone Bank Established Here To Serve 11 States - Details of the new Eastern Temporal Bone Bank at Hopkins and the centers to be served are discussed in this article. Dr. John Bordley is head of the Division of Otolaryngology and Dr. Stacy R. Guild heads the laboratory. A photo of Dr. Guild and Dr. George T. Nager, former head, accompanies the article. (page 2)

Alfred Blalock Research Laboratory Dedicated at University of Kentucky - Dr. Ben Eisman spoke about the accomplishments of Dr. Blalock at a meeting of the Society of Clinical Surgery when the laboratory was dedicated. (page 2)

Dr. harvey First Exchange Professor To Teach in Peru - As part of the doctoral exchange program Dr. A. McGehee Harvey will spend 3 months at the Peruvian University of Medical and Biological Sciences. Returning from other exchange programs are Drs. Thomas B. Turner, John W. C. Johnson and William M. Shelley. Drs. MacKenzie Walser and John H. Yardley will depart later this year for assignments in the program. (page 3)

Medical and Surgical Association Officers - This is a listing of the new 2-year officers. (page 3)

Special OB-GYN Conference Purpose Is Delineation of Problem Areas - Dr. Allan C. Barnes and 13 others presented at the conference entitled "The Social Responsibility of Gynecology and Obstetrics." A photo of Dr. Barnes accompanies the article. (page 3)

Hospital Awards Service Pins to 90; Two Employees Have Worked 40 Years - This is a listing of recipients of the 40, 30, 20 and 10 year service pins. (page 4)

Stuart S. Janney Jr. Elected to Hospital Board of Trustees - He is an attorney and a director of the Mercantile-Safe Deposit & Trust Company and University Trustee. (page 4)

Tally Sheet - This feature is devoted to miscellaneous information about people and Events at the Hopkins Medical Institutions including Mrs. Vivien Ross, Drs. Clyde L. Olson, John Cobb Edward F. Lewison, Vernon B. Mountcastle and Mrs. Lougenia Beale. (page 4)

Serial Volume 14: Under the Dome - 1965, September-1966, June

Serial Issue 14:1: Under the Dome - 1965, September

Scope and Content: The September 1965 issue of Under The Dome includes the following articles:

Tribute to Emanuel Chambers - A photo of Emanuel Chambers accompanies this article about this unlikely Hopkins benefactor and the presentation of his portrait. (page 1)

College of Surgeons Meeting To Include Televised Operations - The following Doctors will participate in the meeting: Milton T. Edgerton, Edward F. Lewison, John E. Bordley, Frank J. Otenasek, Angus L. MacLean, Richard W. TeLinde, George B. Udvarhelyi, George O. Eaton, J. Alex Haller Jr., Mark M. Ravitch, Gerhard

Schmeisser Jr., Richard T. Shacjelford and James L. Talbert. (pages 1 and 2)
 New Library Named at Commencement In Honor of Milton S. Eisenhower - Charles S. Garland, chair of the university's Board of Trustees, made the announcement. (page 1)
 Nursing School Associate Director Retires After 22 Years at Post - Photos of retiring Miss K. Virginia Betzold and her successor Dr. Margaret E. Courtney accompany this article featuring biographical information. (page 2)
 Dr. Walker Promoted; Six Others Advanced To Rank of Professor - Dr. Douglas W. Walker has become associate dean for administration and promoted to professor were Drs. Benjamin M. Baker, Harold E. Harrison, Seymour Perlin, Mark M. Ravitch, Richard S. Ross and Richard D. Rowe. (page 2)
 Dr. William Hartman Three Months in Peru On Exchange Program - Dr. James Wheeler accompanied Dr. William H. Hartman as he began his tour of duty at the Peruvian University of Medical and Biological Sciences. (page 2)
 Child Life Program Sets Series of Six Saturday Lectures - Participating in the series entitled "The Young Hospitalized Child" will be Drs. J. Alex Haller Jr., James L. Talbert, Robert E. Cooke, Paul V. Lemkau, Henry Seidel, Alexander Schaffer and Catherine Neill. (page 3)
 "Hopkins Family Show" features Diversity of Works and Artists - Exhibits and highlights are discussed in this article about an exhibit at Reed Hall of art works by members of employees families. (page 3)
 Dr. Harriet Guild Honored by Over 200 At Belvedere Banquet - Dr. Harriet Griggs Guild's accomplishments during her 40 years in pediatrics were recognized at her retirement dinner. (page 3)
 Flight To Zurich - The trip is being sponsored by the Turtle Derby Association. (page 3)
 Nursing School Diplomas Awarded To Class of Eighty-Six Students - Dr. Thomas B. Turner spoke to the group and recipients of honors are listed in the article. (page 4)
 Tally Sheet - This feature is devoted to miscellaneous information about people and events at the Medical Institutions including Drs. Albert L. Lehninger, A. Earl Walker, N. Edward Nachlas, Alan Gill, Arnold M. Seligman, A. Edward Maumenee and William G. Hardy, and Mr. Dan G. Kadrovach, John C. Custer, and Robert C. Anderson. (page 4)
 Dr. James W. Keller Receives Baker Award - The award is given to a member of the house staff for outstanding devotion to patients. (page 4)
 Dome Datebook - This is a listing of upcoming events and lectures at the Medical Institutions. (page 4)

Serial Issue 14:2: Under the Dome - 1965, October

Scope and Content:

The October 1965 issue of Under The Dome includes the following articles:
 Two-Year Nurse Training Program Underway - A photo accompanies this article about a new collaborative program in registered nurse training by Hopkins Hospital and the Baltimore Junior College. (pages 1 and 3)
 Two Presidents - Dr. Helen B. Taussig has become president of the American Heart Association and Dr. Ernest L. Stebbins takes over the leadership of the American Public Health Association. Their plans for the future of their organizations are discussed and photos of both new leaders accompany the article. (pages 1 and 3)
 First Impressions Noted by Exchange Professor - This article is an interview with Dr. Robert Know from Guy's Hospital in London. It is accompanied by a photo of Dr. Knox working at his desk in the Department of Microbiology. (page 2)
 Investigations Will Aid In Employment of Deaf - Drs. Bruce W. Konigsmark and Victor A. McKusick hope to identify the different types of hereditary deafness. (page 2)
 Optician Office Opened by Beson In Wilmer - Benton Optical will fill prescriptions for glasses and contact lenses. (page 2)
 Dome Datebook - A listing of upcoming events and lectures. (page 3)

Tally Sheet - This feature is devoted to miscellaneous information about people and events at the Medical Institutions including Mr. Robert G. Wilson, and Drs. Timothy D. Baker, Leonard J. Gallant, Joseph S. Redding, Louis Lasagna, Thomas D. Graff and participants at the upcoming American Heart Association meeting. (page 4)
Photos - A photo of pre-construction work on the site of the new postdoctoral research building and a photo of a general medical faculty meeting in Hurd Hall. (page 4)

Serial Issue 14:4: Under the Dome - 1965, December

Scope and Content: The december 1965 issue of Under The Dome contains the following articles:
Medical Institutions Had Record Outlay - This article breaks down and explains the \$50 million expenditure at the Medical Institutions for patient care, teaching and research. (pages 1 and 2)
Bristling Quills May Be "Radar;" Air Force Supports Tenrec Study - A photo accompanies this article about a School of Public Health and Hygiene research study of a tiny porcupine (Tenrec) and the theory that its quills operate as a means of communication by high-frequency sound waves. The study is being led by Dr. Edwin Gould. (pages 1 and 7)
Poverty War Aide Seeks Support For 15 Neighborhood Centers - Volunteers and donations are being sought by Andrew Ramsey who runs the Baltimore Community Action Agency's new center near the Hopkins east campus. (page 2)
Tally Sheet - This feature is devoted to miscellaneous information about people and events at the Medical Institutions including a gift from the Mildred Mandell Foundation and news about Drs. Edward L. Lewison, John W. Money, John E. Bordley and Eugene Meyer. (page 2)
Dome Datebook - This is a list of upcoming events. (page 2)
Christmas Time at Our Hospital - This is a special three-page section devoted to spiritual stories and holiday happenings at the Medical Institutions and features an Aubrey Bodine photograph of the Dome. (pages 3-5)
AAMC Told 'Change Is Here' - Challenge Confronts Medical Education - Dean Thomas B. Turner, the new president of the Association of American Medical Colleges discusses the importance of the work of the association in this article as the medical profession moves into the future. (page 6. (page 6)
Interacial Committee Headed By Doctor Harvey - Dr. John C. Harvey's group will study integration issues as they relate to the hospital. Committee members are Mrs. Hassie Dixon, William Lowery, William J. Schwabe, Mrs. Jessie Williams and Wakeman S. Bevard Jr. (page 8)
Dr. Nelson Accepts Medicare Post - Dr. Russell A. Nelson has joined the advisory council for Medicare. (page 8)
Federal Funds Permit 5% Expansion Of Hopkins Medical School Class Size - The class will number 95 as a result of a grant offer to any medical school which will increase its enrollment by 5 students per class. (page 8)
Christmas Schedule - Various upcoming holiday activities are described in this article. (page 8)

Serial Issue 14:5: Under the Dome - 1966, January

Scope and Content: The January 1966 issue of Under The Dome includes the following articles:
Hopkins Medical Student: A Blend Of Brains, Energy and Independence - The process of identifying talented applicants is discussed in this article. Dr. Richard J. Johns, chairman of the admission's committee, emphasizes the goal of diversity in the selection process. Several photos accompany the article. (pages 1-3)
Harford Fund Makes New Grant For Neural Deafness Research - Dr. Bruce Konigsmark heads the study to identify nerve damage and determine its cause. A photo of Dr. John E. Bordley, chairman of Laryngology and Otology, accompanies the article which includes his remarks about the importance of this \$205,931 grant. (page 3)

Of Clues, Correlations and Constellations - Photos accompany this article about the use of a computer program to predict which applicants to the medical school have the greatest chance of being successful. (pages 4-5)

Wilmer's Dr. Lois Young: A Strong Link With Medicine At Howard University - A photo of Dr. Young accompanies this article about her training and work in the treatment of eye disorders. (page 6)

Dome Datebook - This is a listing of upcoming events and lectures. (page 6)

Magazine Names Dr. V. A. McKusick For Annual Award - A photo of Dr. McKusick accompanies this article about his receiving a Distinguished Achievement Award by Modern Medicine Magazine for his work in medical genetics. Dr. Samuel Asper nominated him for this award. (page 7)

Journal Will Publish Members Clinical Work - The Bulletin of the Johns Hopkins Hospital is accepting article submissions from members of the Johns Hopkins Medical and Surgical Association. (page 7)

Tally Sheet - This feature is devoted to miscellaneous news about people and events at the Medical Institutions including Drs. Helen B. Taussig, Catherine A. Neill, John Hume, Mark M. Ravitch, and Elihu Allinson, Ms. Alice Taylor and the sale of the paperback edition of Augusta Tucker's book "Miss Susie Slagle's." (page 7)

20 Employees Cited For Service in Baker-King Award Ceremony - A photo accompanies this article about the award for outstanding employee performance. (page 8)

Serial Issue 14:6: Under the Dome - 1966, February

Scope and Content:

The February 1966 issue of Under The Dome includes the following articles:
Dr. Richard J. Johns to Head Sub-Department - He will succeed Dr. Samuel Talbot as head of biomedical engineering. (page 1)

Emergency Room Study Seeks Answers To Crisis - The patient load is increasing by 17 per cent a year but the facilities and staff size have not kept up with the growth thus creating a crisis situation. (pages 1-2)

Blizzard Challenged Employees' Mettle - Credited with doing a yeoman's job during the storm were members of the maintenance staff, student nurses and all of the workers who made it in to the hospital or stayed overnight to work the next day. (pages 2-3)

Herter, Niles Lectures Set - The topics will include medical jurisprudence and thermodynamics in biology. (page 3)

Dome Datebook - This is a listing of upcoming meetings and lectures. (page 4)

Telephone Links State's Physicians In Postdoctoral Study Dialogue - The MEDIC program brings practicing physicians from around the state to lectures being given in an academic setting at Johns Hopkins. It is administered by Dr. Fred Heldrich from Frederick Memorial Hospital. (page 4)

Serial Issue 14:7: Under the Dome - 1966, March

Scope and Content:

The March 1966 issue of Under The Dome includes the following articles:

Animal Medicine Gives Insights Into Human Ills - A photo of Dr. Henry J. Baker and a laboratory dog accompany this article about work being done on human diseases in the division of laboratory animal medicine. Other Hopkins scientists involved in the research include Drs. Edward C. Melby, Robert Squire, Henry J. Baker and Charles Parshall, Jr. (pages 1 and 6)

Joint Program Developed Between Cornell, Hopkins - The exchange program will provide a three-year residency program in animal and human pathology. It will be headed by Dr. Robert A. Squire. (page 2)

Better Lives For Pets Seen In Studies - Dr. Robert Squire is studying Herpes infection in dogs and leukemia in cats and dogs. (page 2)

Skill and Dedication Required In Caring For Research Animals - A photo of Robert W. Lemken accompanies this article about the staff responsible for care of the animals. (page 3)

Man's Debt To Animals - Animal experimentation has led to development of new drugs and procedures for human use. (page 3)

Animal Contributions to Man's Health - This article is a two-page spread of photos of the many kinds of animals used in research. (pages 4 and 5)

Morgan Graduate Helped Start Hopkins Animal Laboratory - A photo of Robert F. Knight accompanies this article about his role as senior research technician and the wide variety of tests and analyses and his assistant perform. (page 7)

Tally Sheet - This feature as miscellaneous news about people and events at the Medical Institutions including Drs. C. Richard Bowers, Jacob H. Conn and Julian Salik. (page 7)

Dome Datebook - This is a listing of upcoming meetings and lectures. (page 7)

Woman's Group Schedules Benefit Antique Fair - This articles discusses details of the Carriage House Antiques Show sponsored by the Women's Board of the Johns Hopkins Hospital. (page 8)

Annual Chaplain's Institute To Hear Dr. Paul B. McCleave - Hopkins physicians participating in the program include Drs. Vincent L. Gott, Edward F. Lewison, Edward S. Stafford, Richard F. Keiffer, J. Alex Haller, Jr., Gerhard Schmeisser, Stewart M. Wolff, Milton T. Edgerton, and Warfield M. Firor and Miss Doris Armstrong. (page 8)

Conference Set On Study, Play For Sick Children - The Child Life Program and its director Robert H. Dombro will host the 500-person conference. Also involved will be Drs. Leo Kanner, Robert E. Cooke, J. Alex Haller, Jr., Alexander Schaffer, Catherine Neill, Marie Rhyne and Sidney Levin and Dan G. Kadrovach. (page 8)

Serial Issue 14:8: Under the Dome - 1966, May-June

Scope and Content:

The May-June 1966 issue of Under The Dome contains the following articles:

Parking Survey Seeks Answer to Overcrowding - Thomas B. Cocke, director of buildings, maintenance and grounds, has made preliminary recommendations on easing the critical problem of inadequate employee parking.

Poverty Is a Way of Life - This is a photo and statistics about poverty in the United States. Hopkins efforts in this area are described on page 4 of this issue. (page 1)

New Equipment, Techniques Sought For Eye Surgery - Dr. David Paton and Dr. Miquel Martinez are directing a collaborative effort with biomedical engineering, the APL and private industry with an eye on improving eye surgery with improved techniques and instruments. (page 2)

2 Foreign MD's At Hopkins For Exchange Work - Dr. O. A. Ojo from the University of Ibadan in Nigeria will be working with Drs. John Johnson and Allan C. Barnes. Dr. Carlos Monge from the Peruvian University of Medical and Biological Science will be working with Dr. A. M. Harvey. Photos of both visitors accompany the article. (page 2)

New Assistant Deans Appointed To Head Admissions, Student Affairs in Medical School - This article traces the history of the admissions process at Hopkins and announces that Dr. William R. Milnor has been appointed the new dean for admissions. Dr. John H. Mulholland will be the new dean for student affairs. (page 3)

Three Honored With Degrees - Other institutions have awarded honorary doctorate degrees to Dr. Thomas B. Turner, Rev. Clyde Shallenberger and Prof. Albert H. Lehninger. (page 3)

Up From Poverty Through Education, Job Training - This 2-page article describes the community outreach education and job training programs sponsored by the Hospital's Bi-Racial Committee. The programs involve partnerships with the Department of Education, the Department of Welfare the Neighborhood Youth Corps and the public school system. Photos accompany the article. (pages 4-5)

Photographers Capture Great Moments Along With The Routine In Medicine - This article describes the technical and creative work of Chester F. Reather and his Department of Photographic Services at the Medical Institutions. Photos accompany the article. (pages 6 and 7)

Hospital Cited For Safety Work - This is a captioned photo of Gov. J. Millard Tawes presenting the award plaque to Carroll Mooney who represented the Hospital. (page 7)

Jr. Volunteers Will Again Add Youth, Color This Summer - Eighty high school students will be volunteering during July and August and each must work 112 hours. (page 7)

Seventy-Six Employees Receive Service Pins - This is a list of the employees receiving 10, 20 and 40 year service pins.

Tally Sheet - This feature is devoted to miscellaneous information about people and events at the Medical Institutions including Drs. John J. Conley and Elihu E. Allison and medical student Richard S. Bransford. (page 8)

Dome Datebook - This article lists the upcoming Shriver Hall Concerts and ticket information. (page 8)

Serial Volume 15: Under the Dome - 1966, October-December

Serial Issue 15:1: Under the Dome - 1966, October

Scope and Content:

The October 1966 issue of Under The Dome includes the following articles:

Editor's Note - Starting with this issue the Dome will only cover news about employees and programs. News about research and teaching programs will be in another publication starting this fall. (page 1)

School of Hygiene Conferences Underline 50 Years of Service - The two-day conference will feature a symposium and banquet and will host 500 national and international attendees. Dr. Abel Wolman and Dr. Marcolino are among the participants. (page 1)

New Nursing Curriculum Shortens Training Period by Three Months - Courses will be condensed and combined. Students will receive 12 transferable credits and nursing diplomas. (page 2)

Pursuing Jay Yardley's Dream: Researchers Study Ways to Include Family in Cancer Care - A photo of Bernard and Gladys Hughs, Dr. John Fetting and Jim Zabora accompanies this article about the Yardley Symposium and the work being done by the Oncology Center to involve patients and their families in the treatment and recovery processes. (page 3)

'Without Hope There is Very Little Room for Medicine' - A Tribute to Alfred Jenkins Yardley, Jr. by Martin D. Abeloff, M.D., his Physician - This essay describes the life of Yardley, his long-term care at Hopkins for Hodgkin's disease and his creation of the Partnership Program. (pages 3 and 4)

Fitzhugh Mullan: Physician, Survivor - A photo of Dr. Mullan accompanies this article about the talk he gave at the Jay Yardley Symposium and the research he does in the School of Public Health. (page 3)

The Hackerman-Patz House - This is a photo of the new second residence for cancer patients and their families. (page 3)

'Tis the Season to be Alert, Security Tells Us - This article describes the importance of personal security procedures. (page 3)

Newsmakers - This column features miscellaneous information about Erich M. Daub, Nina W. Matheson, M.L.S., Leslye Donner Sugar and Drs. Jacob Handelsman, Carol Johnson Johns, Thomas J. Kelly, Jr., Joseph E. Oesterling, Joseph G. Ouslander, Ricardo L. Sanchez, Roy O. Scholz and Thomas M. Zizic. (page 4)

Volunteers - This is a listing of research projects seeking volunteer participants. (page 4)

Artwork By Four Young Patients - This is a drawing by 12-year old Brian Gray which adorns one of the Christmas cards being sold in a fund raiser for the Children's Center. (page 4)

Happenings - This column features upcoming lectures and holiday events. (page 4)

[Serial Issue 36:10: Dome - 1986, December/1987, January](#)

Scope and Content: This December 1986/January 1987 issue of the Dome includes the following articles: Winnie Mandela says she'll speak at MLK Day program - A photo of Winnie Mandela accompanies this article about her acceptance of an invitation to speak at the sixth annual birthday tribute along with Benjamin Hooks. Levi Watkins Jr., M.D. describes his efforts to bring her here which included a phone call to Mrs. Mandela and a letter to President Pieter Willem Botha. Previous speakers have included Bishop Desmond Tutu, Coretta Scott King, Martin King, Mayor Andrew Young and

Harry Belafonte. (page 1)

Students, employees cook up a project to feed the hungry - This article describes a project of the Christian Fellowship to prepare Thanksgiving dinner for the neighborhood. Shoppers Jennifer Aylestock, Stephen Hwang, Ann Fitzgerald and Janie Aylestock (photo) are shown with some of the \$950 worth of groceries. Other students like Frank Glover will help. More than 150 people paid \$6 to enjoy the meal. (page 1)

Parking crunch:how to cope - This article includes a photo of Betty Gibula who was rewarded for agreeing to park in an outlying lot temporarily so patients could park close to the hospital. The severe parking crunch is described by Gene Currotto, as are the 1600 new spaces that are expected in 1988. (page 1)

A JHMI Holiday Family Album - This article features multiple stories and photos of Hopkins activities. Do patients enjoy the new Children's Center zoo with a delighted Harmony Celene Kahler (photo by Rob Smith). Holidays can mean heartbreak with advice from Chaplain Clyde Shallenberger (photo). Every day's a holiday when you're retired with Dr. Edyth H. Schoenrich passing the baton to Associate Dean Andrew Sorenson at a roast (photo by Larry Canner). Deck the babes with hats and booties with a photo of nurses Tamira James and Lana Jones holding babies with hats and booties made by Ronnie Baker and Joan Holmes. Vice-president for what? with Dr. Theodore King and Toby Gordon rehearsing parts they will play in a United Way lottery prize of a gourmet dinner (photo by Peter Howard). Hopkins helps the homeless with a photo of Mary Swanson, who along with Kate Walsh help 40 men each day (photo by Larry Canner). His turtle came in first and Charlie Hayes and colleagues gave the prize they won to buy a tricycle for Ch

Happenings - This column features a listing of upcoming events including lectures, workshops, social and cultural events, symposia, performances, and CME activities. (page 4)

Volunteers - They are needed for the following studies/activities involving: the eye, snoring, glaucoma, smoking, music-making for disabled children, renal failure, smell memory, panic attacks, blood donors for cancer patients, hyperactivity, weight loss/exercise training, oral and nosedrop vaccines for infants and young children. (page 4)

Newsmakers - This column features miscellaneous information about Ruth M. Sanders, Stanley S. Siegelman, M.D., Mary E. Wright, R.D., Donald A. Henderson, M.D. (photo). and those who are honored for many years of service. (page 4)

It's going to be a high-tech Christmas - This is a photo of F. Jackson Piotrow who was the first person to have a computer-controlled insulin pump implanted at JHH with Dr. Christopher Saudek. (photo) (page 4)

They donated a gallon or more of blood - This lists people who have given a gallon or more of blood: Thomas R. Hendrix, Ruth A. Sachs, Kathleen S. Loeffler, Susan Z. Lever, Samuel E. Mathews, Stanley B. Wadsworth, Jeanne A. Whitaker, Colleen L. Conner, Augustine Durso, James R. Kruelle, Warren P. Maley, Megan L. Maloney, Laura P. Mentzer, Timothy H. Moran, Charles Peters, Frances K. Young, Mary M. Barbarito, Jean M. Box, Robert B. Brundrett, John M. Campbell, Mary P. Chaparas, Donna M. Dashiell, Sheila A. Frost, Harry Hamet, John T. Hargrove, Susan L. Kruchko, Charles Lachenmayer, Elaine M. Latronico, Pamela M. Mattes, Patricia E. McCsorley, Joanne M. Riley, Annette B. Santamaria, Alice L.

Serial Volume 37: Dome - 1987, February-1988, January

Serial Issue 37:1: Dome - 1987, February

Scope and Content:

The February 1987 issue of Dome includes the following articles:

Disaster: How Hopkins Responded by Rhett Waldman - This article is about the January 4th Amtrak-Conrail train wreck and Hopkins's role in caring for the victims. (pages 1 and 3)

Porter named Hospital's Executive Vice President - A photo of Nicolas Porter, M.Ed., accompanies this article about his Hospital appointment and includes information about his background and plans moving forward. (page 1)

At the School of Public Health: Center Fights Cost, Pain of Injuries - A photo of Stephen Teret and Susan Baker accompanies this article about the newly created Injury Prevention Center. (page 2)

Patient's Family Makes Donation - The Heart and Heart-Lung Transplant Service received \$32,000 in memory of Janice Crawford. (page 2)

Looking Good - A photo of librarian Bob Hamm accompanies this feature about the hospital library. Also included is a photo taken in the JHH refurbished cafeteria.

Scholarships Available for Nursing Students - Applications are now being taken for the Distinguished Scholar Awards. (page 2)

This Patient Has Two Sexes and All Diseases - This is a photo of Susan Stevens teaching Janet Schneider, Maria Boyd and William Fulcher how to do a "trache" using a dummy patient. (page 3)

A Valentine Sampler - Drawings accompany this feature which describes the many firsts in heart research and care developed over the years at Hopkins, the upcoming marriage of Drs. Ned Hook and Kathryn Hyde, a list of 10 things to do for someone you love, a photo of Helen Michalisko and information about a party she planned for heart transplant patients and a photo of Dr. Thomas Pearson who is conducting a study of the effect of coffee drinking on cholesterol level. (pages 3 and 4)

The Big Snow of '87 - This is a series of photos taken around Hopkins Hospital during the January 22nd storm. (page 5)

Newsmakers - This column features miscellaneous information about Robert R. Neall (photo), Dr. Reubin Andres (photo), Dr. James P.G. Flynn, Nancy Griffin, R.N., Dr. Robert H. Heptinstall, James E. Hildreth, Ph.D., Dr. Richard T. Johnson, Sue Keim, R.N., Linda Kisamore, R.N., Renee Lanier, Stephen S. Mack, Kelly Mackubin, Maria A. Markakis, Roger G. Smalligan, Charles R. Mock, M.D., Dr. Gian Franco Poggio, Dr. Thomas D. Pollard, Dr. John Rock, Jeriann Wilson, M.E.D., and Damon Moore and Emma Robinson (photo). (page 6)

Volunteers - This is a list of research projects in need of volunteer participants. (page 6)

Happenings - This is a list of upcoming events, cultural affairs, professional activities and continuing education opportunities. (page 6)

Serial Issue 37:2: Dome - 1987, March

Scope and Content:

The March 1987 issue of Dome includes the following articles:

Can You Spare Two Hours to Save a Patient's Life? - A photo of blood donor John Tudor accompanies this article about the Hemapheresis Center and the need for blood donors. (page 1)

Frank Deford to Speak at Tribute - A service of tribute will be held to remember the children who have died in the Children's Center. (page 1)

Playing Doctor is Serious Business - This is a photo of a kindergartener participating in a Child Life program which Jeriann Wilson brings into the schools. (page 1)

MacConnell Takes New Post as Hospital Facilities VP - A photo of Sally MacConnell accompanies this article about her appointment and her administrative background. (page 1)

They Tackle Problems: From Fears to Fights to Finances - Photos of Sandy Tuttle, M.A. and Elyse Fratantoni accompany this article about the variety of work being done by the Department of Social Work. (page 2)

Environment Doctor: He Makes House Calls to Sick Buildings - A photo of Charles Billings, Ph.D., accompanies this article about his work analyzing sick building syndrome. (page 2)

The JHMI Tribune - Health for All - This page features drawings and information about a variety of health issues and who to contact for further information. (page 3)

Newsmakers - This column features miscellaneous information about: Jerome D. Frank, M.D., Ph.D. (photo), Barry Byrne, M.D., Ph.D., Robert Wood, M.D., Steven J. Breckler, Ph.D., David O. Hash, Lisa Hillman, M.Ed., Langford Kidd, M.D., Robert J. Milman, M.A., William Pawluk, M.D., Noel R. Rose, M.D., Ph.D., and Jerry A. Winkelstein, M.D.

Deadline near for Med School Grants - The grants support research activities for junior faculty. Recent recipients include Drs. Michael Breslow, Patricia Donohoue, Joseph Elden, Angeliki Georgopoulos, Jeffrey Kirsch, Keith Lillimoe, David Madoff, Peter Phillips, Christopher Ross, Harlan Weisman and Stephen Wilson. (page 4)

The Johns Hopkins Gift Shop - This is an advertisement for items that can be purchased in the shop. (page 4)

Happenings - This column features upcoming events, speakers, cultural affairs and other events. (page 4)

Volunteers - This is a listing of research projects in need of volunteer participants. (page 4)

Serial Issue 37:3: Dome - 1987, April

Scope and Content:

The April 1987 issue of Dome includes the following articles:

Healthy children are goal of new community program - The Children's Center is establishing a program of 40 community block boosters who will visit and survey neighborhood homes and families to encourage use of community health resources.

Photo of block boosters Nadine Pulliam and Katie Brown with child Kameron accompanies the article. (page 1)

Liver transplant makes Jason one of lucky few- Describes the first regional liver transplant in a child at Hopkins by a team that included: Drs. Paul M. Colombani, James Burdick, Henry Pitt, Bruce Perler, Charles Schlein, Lewis Strauss and four nurses including Roslyn Polk. Photo of patient Jason Fetters after liver transplant accompanies article. (page 1)

New apartment complex to house public health students, faculty - Roger Lanier, Ph.D., Barbara Talbot and Dean D.A. Henderson, M.D., M.P.H. describe new 120-unit building on Mount Royal Avenue that will house students, faculty, and visiting faculty of the School of Public Health who come from more than 65 nations. Drawing of International House accompanies the article. (page 1)

Vivien Thomas' remarkable life chronicled by Levi Watkins- describes a chapter that Levi Watkins, Jr. MD, wrote in "A Century of Black Surgeons: The U.S.A. Experience" in which he details Thomas' life and the fact that he would have been a cardiac surgeon like Watkins if he had lived in a different time. Photos of Vivian Thomas and Levi Watkins accompanies the article. (page 2)

This happy group - photo of people representing workers who were responsible for renovating the cafeteria includes John Hylton, Lee Chizek, Sally Plum, Dimitra Tangires, Kenny Crum, John Nichols, Ed Gray, Pat McEvoy, Jim Rydock, Leroy McCurley and Bill Kyle. (page 2)

Great Taste food and wine event marks Women's Board's 60th year -A three-day gourmet emporium featuring lectures, exhibits, a kitchen tour, food and wine, and black-tie dinner will continue to add funds to the more than \$3 million previously raised, according to Mrs. Richard S. Ross A photo of Judy Neaughton and Dinny Fortuin accompanied the article (Rob Smith, photographer). (page 2)

Dancing doctors raise \$3,500 - Jeff Roesch reported that 75 couples participated to raise funds for the Baltimore Shelter for Victims of Sexual Abuse, chaired by Paul Langer and Paul Sherman with deejays: Drs. Mark Hamler, Frank Herlong, Toni Hood, Langford Kidd, Patrick Murphy, Mary Lou Oster-Granite, David Rimm and Mark Teaford. (page 3)

Gold from the Tin Men - The premier of "Tin Men" raised \$10,000 for the Wilmer Eye Institute according to Ted Chambers and was made possible by Diana and Barry Levinson (writer,director) after their son, Patrick, was treated there by Nicholas Iliff, M.D. (page 3)

What's what and where in basic science - Students helped Pat Shipman, Ph.D. and Jayne Crofts, M.L.S. create a computerized index of 1200 lectures in basic science that were given since 1985. (page 3)

You're in the driver's seat - Steve Kormanik announced Johns Hopkins Federal Credit Union loans for cars were available with interest rates between 8.9 and 9.5%. (page 3)

Healing the spirit - Clyde Shallenberger described the Institute on the Ministry to the Sick course covering medical topics ranging from AIDS to Aging, including a lecture by Myron C. Madden, Ph.D. that will be attended by 500 clergy and others engaged in pastoral care. (page 3)

Attention, would-be subway riders - Robin Scott would like to know if workers would ride the subway if transportation were provided between the Charles Center Station and the Medical Institutions. (page 3)

Introducing Intrastaff - Sharon Brown, M.S. and Sandy Czerwinsky are organizing this new program that will place JHH nurses in temporary part-time positions throughout the Health System. (page 3)

Park absolutely free! - Call Gene Curroto if you are willing to swap your spot in the Broadway or Rutland garages for a guaranteed spot in the n

Serial Issue 37:4: Dome - 1987, May

Scope and Content:

Nurses: They get a lot of mileage out of each miracle - A group of nurses, including Dave McMaster, R.N., Jo-Ann Munderloh, R.N., and Maria Poppe, R.N. (with photos) reflect on the difficulties and rewards of their careers including discussing death and dying, the physical stress of shifting schedules, and most importantly, the connectedness of shared intimacy and knowing they helped someone bounce back. (page 1)

Nursing shortage: the facts - Lists the actual data including the need for 1000 nurses locally, the fact that increasing percentages do not continue to work in nursing and that funding has been cut for nursing programs. (page 1)

Nursing shortage: Hopkins responds - Linda Arenth discusses Hopkins' efforts to attract and retain good nurses including salary increases, nationwide recruitment, re-thinking practices and policies and creating internships to attract new graduates. (page 1)

Fun? You bet! - The 56th annual Turtle Derby will raise funds for Child Life and Perkins Day Care Center, according to Ken Shaffer, with "rentable" turtles racing for prizes, bets being made, food and drink purveyed by Pithotomy and souvenir sales. (page 2)

Sign up for good health - Sites (with map) for the Johns Hopkins Health plan keep growing. (page 2)

Public Health history rolls off the presses - Wendy Harris announced the publication of the history of the nation's first school of public health, Disease & Discovery: A history of the Johns Hopkins School of Hygiene and Public Health, 1816-1939 (photo) by Elizabeth Fee, Ph.D. (page 2)

A potpourri of poisons and potions - Becky Satterthwaite and R. Scott Altman, M.D. will help make a new, comprehensive database with information about 450,000 poisonous substances, 3700 drugs and emergency medical care for diseases and injuries available. (page 2)

Telethon benefits Hopkins tots - Ron M. Shapiro is chairman of the Children's Center Development Council that is involved in the Children's Miracle Network Telethon, co-hosted by Marie Osmond and John Schneider, with local WMAR anchors Ken Matz and Sally Thorner. Frank A. Oski, M.D. reports the funds provide new and improved services for patients such as hospice, the zoo lobby, fellowships, renovation, and Child Life staffing. A photo of 1987 poster children, Debbie Klipsch and Desmond Hays is included.

Is there a doctor in the gym? - 90 Hopkins medical students coached 200 neighborhood elementary children in a variety of sports and helped raise money for

equipment. A photo of some participants is included. (page 2)

High-tech careers for high school grads - Patricia Wolfe, R.T. is looking for 15 high school graduates or G.E.D.s to recruit for a two-year program to train them to operate a variety of radiologic equipment. (page 2)

They've given more than 10,000 hours to the Hospital - This is a photo of Mitch Shields and Melody Gunvalman. (page 2)

Attention, world: Hopkins graduates are on the way - Graduation exercises for students are described with speakers including: Vartan Gregorian, Ph.D., Sherman M. Mellinkoff, M.D., Sister Rosemary Donley and Sir John Wilson. A photo of the Class of 1903 is included. (page 3)

Security offers safety tips - Larry Messmer reports the Hopkins East Baltimore campus has the lowest crime rate per person of any area in and around Baltimore. (page 3)

Groundbreaking for first building at Bayview Campus - James D.M McComas described the goal of creating an environment in which private and public biotech prospers side by side on the new campus. A photo of the planned Asthma Center and Clinical Sciences Building is included. (page 3)

As we went to press - M. Daniel Lane, Ph.D. and Paul Talalay, M.D. were elected to membership in the National Academy of Sciences. Photos included. (page 3)

Conference focuses on black homicide - Stephen P. Teret, J.D., M.P.H., reported that homicide is the no. 1 cause of death among men 15 to 34, and a black man is seven times more likely to be killed than a white man at the

Serial Issue 37:5: Dome - 1987, June

Scope and Content:

The June 1987 issue of Dome includes the following articles:

The team that made medical history - Hopkins performs the first living heart transplant when the heart of cystic fibrosis patient Clinton House, who had received the heart and lungs of an accident victim, was transplanted to John Couch. A photo of the entire transplant team accompanies the article as well as a photo of Clinton House and John Couch. A photo of John Couch being discharged mentions many who participated in the surgery and care, including: Drs. William Baumgartner, Bruce Reitz, Duke Cameron, James Fonger, and Thomas Trail, as well as Sharon Augustine and Helen Michalisko. A photo of the press briefing shows interest in the triple transplant procedure. (page 1)

Highlights Biennial Meeting Medical and Surgical Association - Programs for the June 11-13 are noted. (page1)

Public health remembers Ernest Stebbins, 1902-1987 - This article is about the memorial service and career of Ernest Stebbins, M.D., M.P.H. He had been head of the School of Public Health for 21 years and was memorialized by Dean D.A. Henderson, M.D., M.P.H., Anna Baetjer, Sc.D., and Milton Eisenhower. (photo) (page 2)

Children's Center bans smoking by patients, staff, visitors - A photo of Dr. Frank A. Oski, who refers to smoking in the presence of children as child abuse, accompanies this article. The Children's Center policy is discussed by Terry Langbaum and the hospital policy is described by Nicholas Porter, M.Ed. (photo) (page 2)

Career opportunities were touted by Tony Vilenki - A photo taken at JHH employment open house where job vacancies are trying to be filled by Gloria Winder. (page 2)

They helped win the tennis trophy - A photo of Drs. Dan Hanley, Guy McKhann, John Cameron and Jim Porterfield who helped the 1986 Hopkins Team finish in sixth place. (page 2)

Return of another famous 'alum': Hopkins' 'Miss Susie' is back - This article describes the 1939 novel, Miss Susie Slagle's, which tells the story of Hopkins medical students who lived in Miss Susie's boarding house. A photo of the author, Augusta Tucker, and Drs. Robert Cockrell, Susan MacDonald, Peter Dans and Lucy

Stephen accompany the article. (page 3)

A first for nursing school: postdoctoral fellowships - Elaine Larson, Ph.D. describes the postdoctoral nursing fellowship in infection control. Denise Korniewicz and Arlene Butz will be fellows. (page 3)

Twenty more years of research funds - A photo of Dean Richard S. Ross signing the renewal of the Independent Order of Odd Fellows' endowed professorship for eye studies, held by Dr. Arthur Silverstein. He is joined by John E. Griffin, Ross Jones, Dr. Silverstein, Lois K. Stevens, and Drs. Edward Maumenee and Arnall Patz. (page 3)

The Turtle Derby delighted patients - A photo of Brian Gray with a turtle accompanies this article that reports many winners: Ruth Classon, Sue Blair, Kate Jakobsen, Mary Margaret Shaw, R.N. and Gloria Kannler. (page 3)

McKhann directs Mind-Brain Institute - A photo of Guy M. McKhann, M.D. accompanies this article where Stephen Muller announced the establishment of this new Institute that will bring together scientists on the Homewood Campus and in East Baltimore in order to attempt to understand the relationship between brain and mind. (page 4)

Brillantes heads JHH services - A photo of Dorothy Brillantes accompanies this article in which Albert M. Owens, Jr., M.D., hospital president, announced her appointment as director of hospital service, responsible for admitting, medical records, social work, patient relations and volunteer services. (page 4)

Lenhard chosen vice president, Hospital Information systems - A photo of Raymond E. Lenhard, Jr., M.D. accompanies this article in which his role as vice president for information systems at the Hospital is described. The goal is to build an information network that will take the place of paper charts and schedules and allow electronic communication between all departments. (page 4)

Serial Issue 37:6: Dome - 1987, October

Scope and Content:

The October 1987 issue of Dome includes the following articles:

Fox heads Hospital finance office - This article reports that John Fox (photo) has become vice president of finance and chief financial officer. He plans to improve communications and to streamline processes and recognizes the challenges if Maryland were no longer exempt from the waiver system for Medicare. (page 1)

Arenth is named vice president for nursing and patient services - This article reports that Linda M. Arenth, M.S. (photo) has been named vice president for nursing and patient services, succeeding Martha I. Sacci, M.S. She hopes to convey an image of excellence in Hopkins nursing care and plans to work on retention and recruiting, emphasizing Hopkins' commitment to the professional practice model in nursing. (page 1)

Robert R. Neal (photo) assumes new responsibilities as Johns Hopkins Health System's vice president for governmental relations, is also now vice president of development and external affairs for development for the Hospital. (page 1)

New nursing master's degree program enrolls first class of 15 students - This article describes the new program of JHU School of Nursing to prepare innovative managers of acutely ill patients in hospital, community agencies and at home. Valerie Metzger (photo) is the first student accepted. (page 1)

Celebrate Halloween: give blood - A photo of Nurse Michele Howard working with a patient who is donating her blood through the autologous blood transfusion program accompanies this article and is described by Joni Aronson. Two other programs are described by Kim Reinsfelder and include the blood drive and the hemapheresis donor program to which Paul Metzger has donated 46 times. (page 2)

Great clothes, accessories at bargain prices for a good cause - This article describes the 1987 Best Dressed Sale and Boutique presented by the Women's Board of the Hospital and includes a photo of Joan Thomas and Dona Pinkard. Sheila Pakula and Brenda Erozan are other contact persons for this event that raises money for patient care programs. (page 2)

Med-Care helps patients go home - A photo of Suzanne Vazzano working with a patient receiving an IV infusion accompanies this article. Vivian Sheidler describes the services available to more than 200 Hopkins patients. Med-Care, a subsidiary of the Dome Corp. is headed by Deborah Zients. (page 2)

JHMI on the move - This article describes the new laboratory tenants of the Hunterian Building. Rich Grossi, M.B.A., also describes the move of oncology offices and lab to Bond Street Plaza. The labs of Bert Vogelstein, M.D. and Stephen Baylin will also be moving. (page 3)

They're smart, they're qualified, they're free - Gloria Winder describes PRIME (Professional Readiness Insurance for Minority Excellence) that provides 16-week paid internships for college students and they are especially interested in recruiting women, black and other minority students into the health care professions. (page 3)

Nurse-midwife delivers care - This article describes the nurse-midwifery program and the work of JHH's first, and only, nurse-midwife, Lisa Paine, C.N.M. (page 3)

Hopkins dentists handle the tough problems - A photo of Resident Craig Lahar accompanies the article in which Donald M. Tilghman, D.D.S. and Arthus North, D.D.S. describe the program that provides dental services to patients with extensive medical and dental problems. (page 3)

Health NewsFeed beams up to satellite - This article describes the health radio service that will now begin to reach a wider audience via satellites, according to Spencer Levine. (page 3)

Public Affairs wins professional honors - This article describes the multiple awards that have recently been received by staff members of the Office of Public Affairs, headed by Elaine Freeman. They include awards to Joann Rodger, Leslye D. Sugar, Lisa Schroeffer, Dot Sparer, John Bartgis, and Lisa Hillman. (page 3)

University offers child care hotline - LOCATE Child

Serial Issue 37:6: Dome - 1987, September

Scope and Content:

This September 1987 issue of the Dome includes the following articles:

Hopkins' AIDS Busters: Caregivers and hopegivers for patients with AIDS by Patti Lowery - People who work with AIDS patients discuss the difficulties in working to care for these patients and their families and the stresses working on these units.

People interviewed included: Carol Robinson, R., Sandy Lewis, Liz Tirri, Denise Oliver, Richard Carpenter, Frederick Schaerf, Gloria Fairhead, Carol Hendricksen, R.N., Betty White, Jo Ann Alford, Karen Wheatley, R.N., Joan Atkinson, Clyde Schallenberger, Craig Kinsey, R.N. and Lois Eldred. (pages 1 and 4)

These AIDS Busters belong to a much larger team - a photo of employees who work with AIDS patients and play in the Hopkins softball league includes: Frank Teuton, Tom Riley, Dr. Tom Quinn, Drs. Steve Holland and Gina Dalabetta, Barbara Laughon, Carla Allwood, Julie McArthur, Robin Fox, Cindy Reichert, John Palenicek, Theresa Buddenbohn, Linda Bobo and Dr. John Bartlett. (page 1)

Hopkins takes on AIDS: Care and research for patients by Marion Glick - This article describes the research and care that Hopkins does, supported by a \$40 million AIDS research budget from NIH. This includes: being the first center to treat an AIDS patient with AZT, SHARE (studying the natural history of AIDS), new blood tests for AIDS, studies of infectivity and transmissibility. It describes the work of Drs. John Bartlett (photo), B. Frank Polk (photo) and Thomas Quinn (photo) as well as the wide variety of clinical services available to more than 700 patient patients with AIDs. It also includes a photo of nurse Liz Cornell with a patient. (page 2)

AIDS and the Hopkins health care worker: Questions and Answers - This article describes the special AIDS information sessions led by Dr. Timothy Townsend (photo) where employees (photo) questions were answered. These included issues about transmissibility, screening, precautions, blood tests, pregnancy, and vaccines. (pages 3 and 4)

Universal precautions for care of all patients - This article details procedures including use of gloves and gowns, needle disposal and procedures and includes a

table outlining this information. (page 4)

Cultural Events '87 - This article lists events, their location and times on a monthly basis. In September: Acrobat and Juggler; video of "Life Story" about James Watson; "Second-hand Smoke" with Jack Klugman; "Therapeutic Efficiency" about Miles Laboratories; "To Save a Life" about the Red Cross; "Coroh (Bone)" about a West African tribal medicine man; "The Cat Who Drank and Used Too Much" with Julie Harris; "Portrait of an Autistic Young Man"; The Universe of Means with Riccardo Giacconi, Leon Lederman and David Schramm. In October: Civil Disobedience with Dr. Malcolm Peterson; Mind and body NEH Fall Programs; Adventures in Nepal with Dr. Carl Taylor, Dr. Tim Baker, Dr. Vincent Gott, Dr. Robert Mason, Dr. Melvyn Thorne, and Dr. George Udvarhelyi; UMBC Symphony and Choir with premiere of "I Have Dream" and music; Mind and body NEH Fall Programs with Bruno Latour; Chamber recital with Cathy Garg and Clinton Adams; Conversation with Johanna Meier. In November: Mind and body NEH Fall programs; Origins of man with Dr. Alan Walker; Folklore with Elaine Eff; Mozart Sunday Concert with Mihaly Virizlay, Herbert Greenberg and Robin Kissinger; Chamber recital with Peabody Students; More Mozart; Conversation with Rudolf Buchbinder; Jazz up your lunch with Paula Hatcher's Quintet. In December: The study of disease with Dr. Joseph Eggleston; Sunday Concert with JHMI Choral Arts and Chamber Music Societies; Abracadabra with magician; Painting and medicine with John Wilmerding about Thomas Eakins. (page 5)

Cultural Events '88 - This article lists events, their location and times on a monthly basis. In January: Catch the spirit! with an Oriole's player; Peabody sings with Edward Polochick. In February: Taming the laser beam with Dr. Arnall Patz; Chamber recital with Peab

[Serial Issue 37:7: Dome - 1987, November](#)

Scope and Content:

Putting patients first: How far have we come? - This article describes the Guest Relations Program. Photos of Roosevelt Douglas, Helen Lewis and Godfrey Nelson accompany this article about all the services that help minimize inconveniences and complications of a Hopkins visit and maximize patient and visitor satisfaction. Sue Eilerman explains about the complicated billing system. Helen Lewis and her assistants, Susanne Moore and Laurie Farrel work through 700 calls a month in central referral service. Dorothy Brillantes provides training so that secretaries can explain admitting procedures to patients. Godfrey Nelson reported on plentiful parking. Carol Hughitt reports on improved training for workers in the cafeterias and Sally Plum described the physical renovation of the main cafeteria and improved offerings. The 15 employees who received a certificate of appreciation are: Alethia Alexander, Brenda Bennette, Gordon Brown, Linda Coady, Eugene East, Debra Israel, Umvalli Lowenthal, Carolyn Moore, Robert Morgan, Andre Watson, Gary Thompson, Ester Weatherbee, Carl Williams, Patricia Tyler Wilson and Rachel Winkler. (pages 1 and 6)

Photo of Governor Schaefer as a thankful celebrity (page 1)

Nutrition Department gears up for Turkey Time - This article describes the Nutrition Department preparation for Thanksgiving and includes photos of Jennie Humbles and Barbara Thomas. At least a dozen different diets are available at Thanksgiving and year-round, as described by Sarah Bowling, R.D. (page 2)

Christmas sale features baubles, bangles and boutiques - This article describes this event and what will be available and includes a photo of Brenda Erozan and Liz Jones of the Women's Board (page 2)

Thankful thoughts from Hopkins' famous fans - This article includes photos of 10 famous Hopkins fans and their appreciation of Hopkins' work. They include: Senator Barbara A. Mikulski, Senator Paul S. Sarbanes, Do D. Hutson, Anne O. Emery, Ed.D., Barry Levinson, Congresswoman Helen Delich Bentley, Don O'Brien, John G.

Appel, Governor William Donald Schaefer, and Susan R. Guarnieri, M.D. (pages 3 and 6)

Children's Center is 75 years young - This article includes photos of a smiling child, The Children's Center that replaced the Harriet Lane Home in 1964 and Harriet Rebecca Lane Johnston who established the Harriet Lane Home for Invalid Children in 1912. Frank A. Oski, M.D. chairman of the Department of Pediatrics describes some of the activities including a symposium, a visit by the Coast Guard Cutter Harriet Lane and a symposium addressing the needs of the American family with Leon Eisenberg, M.D. It also highlights contributions to children's medicine including the development of subspecialties, discovery of the dietary causes of rickets, development of the blue baby operation, establishment of a Child Life program, discovery of inherited disorders of metabolism, designation as the Maryland trauma facility for children, description and early detection of many blood disorders, new approaches to treatment of seizure disorders, and replacement of surgery with balloon dilatation for some cardiac defects. There is also a calendar of events that include a forum with Kurt Schmoke, a talk by Susan White Bowden and the Children's Miracle Network Telethon. (page 5)

Newsmakers - This column features miscellaneous information about Regina Fredericks, Ernie Jarvis (photo), John Money, Ph.D. (photo), Arnall Patz, M.D., Hugh R. Taylor, M.D., Thomas E. Schwark, M.D. (photo), Warren H. (Biff) Springer, M.B.A., Vance Adams, Elizabeth Ambinder, R.N., Robert Bona, Mary Calo, Harry Hamet, Judith McCabe Holzer, Robert Hutchinson, James Rick Kruelle, William (Bill) Lowery, John Nugent, Donald Vienne, John Grigaliunas, M.B.A., Michael Coghlan, Jeffrey Gregory, Neal Naff, Kristin Weber, Dorothy Wilson and Donna J. Poole. (page 6)

Health Plan enrolling employees in

[Serial Issue 37:8: Dome - 1987,December/1988, January](#)

Scope and Content:

The December 1987/January 1988 issue of Dome includes the following articles: Winnie Mandela says she'll speak at MLK Day program - A photo of Winnie Mandela accompanies this article about her acceptance of an invitation to speak at the sixth annual birthday tribute along with Benjamin Hooks. Levi Watkins Jr., M.D. describes his efforts to bring her here which included a phone call to Mrs. Mandela and a letter to President Pieter Willem Botha. Previous speakers have included Bishop Desmond Tutu, Coretta Scott King, Martin King, Mayor Andrew Young and Harry Belafonte. (page 1)

Thank you from Robert M. Heysse, M.D. - This announcement about averting a strike includes thanks and best wishes to employees. (page 1)

Parking crunch:how to cope - This article includes a photo of Betty Gibula who was rewarded for agreeing to park in an outlying lot temporarily so patients could park close to the hospital. The severe parking crunch is described by Gene Currotto, as are the 1600 new spaces that are expected in 1988. (page 1)

Students, employees cook up a project to feed the hungry - This article includes a photo of Jennifer Aylestock and her sister, Stephen Hwang, and Ann Fitzgerald who are shopping for Thanksgiving food for the community. They, and Frank Glover had raised funds for this by serving an early Thanksgiving dinner to other members of the Christian Fellowship, residents and others from Johns Hopkins. (page 1)

A JHMI Holiday Family Album - This article features multiple stories and photos of Hopkins activities. Do patients enjoy the new Children's Center zoo with a delighted Harmony Celene Kahler (photo by Rob Smith). Holidays can mean heartbreak with advice from Chaplain Clyde Shallenberger (photo). Every day's a holiday when you're retired with Dr. Edyth H. Schoenrich passing the baton to Associate Dean Andrew Sorenson at a roast (photo by Larry Canner). Deck the babes with hats and booties with a photo of nurses Tamira James and Lana Jones holding babies with hats and

booties made by Ronnie Baker and Joan Holmes. Vice-president for what? with Dr. Theodore King and Toby Gordon rehearsing parts they will play in a United Way lottery prize of a gourmet dinner (photo by Peter Howard). Hopkins helps the homeless with a photo of Mary Swanson, who along with Kate Walsh help 40 men each day (photo by Larry Canner). His turtle came in first and Charlie Hayes and colleagues gave the prize they won to buy a tricycle for Child Life with a photo of Charlie and Mia Zeitler riding it (photo by Rob Smith). People at Hopkins have always had the Christmas spirit, showing Lorraine McCracken who has been blind since birth working as a transcriptionist in Medical records (photo by Rob Smith). An award for saving a life is given to Debbie Naylor and Dr. Gary Marrone by Melvin Cole and Cornelius Behan (photo by Larry Canner) for stopping to help a boy who had been hit by a car. (pages 2 and 3)

Happenings - This column features upcoming events including a tribute to Martin Luther King, Jr with Winnie Mandela and Benjamin Hooks as speakers, Elvis Presley 52nd Birthday Tribute Weekend, a reminder of National Volunteer Blood Donor Month, cultural affairs offerings with clarinetists Richard Stolzman and Bruce Bagley, talks by Adrian S. Dobs, M.D. and Frank Oski, M.D. as well as CME courses. (page 4)

It's going to be a high-tech Christmas - A photo of Fr. Jackson Piotrow, the first person to have a computer-controlled insulin pump implanted in his abdomen By Dr. Henry Pitt at JH along with Dr. Christopher Saudek (photo by Larry Canner). The pump was invented by Robert E. Fischell at the Applied Physics Lab. (page 4)

Volunteers - They are needed for the following studies/activities involving: the eye, snoring, glaucoma, smoking, music-making for disabled children, renal failure, smell memory, panic attacks, blood donors for cancer patients, hyperactivity, weight loss/exercise training, oral and nosedrop vaccines for infants and young children.

Serial Volume 38: Dome - 1988, February-December

Serial Issue 38:1: Dome - 1988, February

Scope and Content:

The February 1988 issue of Dome includes the following articles:

I feel good about myself - This article about creating a smoke-free environment at the Hospital quotes Albert H. Owens Jr., M.D. and Richard S. Ross, M.D. about the importance of this and the plans to create a smoke-free institution by July 1. It includes a photo of Sharon Brodowski who is celebrating quitting. The policy was formulated by Diane Becker, R.N., Ph.D., Eugene Currotto, William Elroy, Richard Grossi, Lisa Hillman, Bernard Lehder, Sarah Perkel, Nicolas Porter, Alan Scheps, Pam Shafer, Frances Stillman, Ed.D. and H. Richard Waranch, Ph.D. It outlines a calendar of events in the countdown and provides a facts and figures summary. It includes photos of Curtis Seawright and Melinda Stein who plan to try to quit. (page 1)

Quitters are healthier in 20 minutes - This article lists many of the positive things that happen to your body and improve your health in a minimum of 20 minutes. (page 2)

Ready to quit? Here's help - This article lists the various programs that are available to employees to help them quit. It includes photos of the no-smoking program directors, Drs. H. Richard Waranch and Frances Stillman as well as employees who are quitting, Charles C. Burch and Ernie Jarvis. (page 2)

The new smoke-free policy-- How will it work? - This article answers important questions about what will happen when the ban goes into effect on July 1, 1988. (page 2)

Hopkins Parking- How and where to find it - This article details the problems associated with only 5,000 parking spaces for 12,000 employees and an average of 10,500 patients and visitors a day according to Godfrey Nelson. It includes photos of the Broadway garage and a Metro train. (page 3)

What parking spaces are available now? - This article reports there will be two new garages with space for 2,400 cars in the next five years and lists satellite parking, the waiting list, information about parking coupons, permits and free garage parking after 4 p.m. as options.(page 3)

The Quille-Crown satellite lot- This spot's for you - This article lists all the reasons for using the lot and is accompanied by a photo. (page 4)

Parking outlook: What's ahead in the next five years? - This article discusses the new garages, a bus line that will connect Charles Center Metro to the Hospital and a Hopkins subway stop planned for 1993 with a photo of a bus. (page 4)

The JHMI Tribune - This page features a variety of articles. A laminated quick-reference chart of AIDs precautions is now available. A photo shows it and one of the developers, Liz Bergen, R.N. Help for nicotine addicts is available at Francis Scott Key Medical Center with a chewing gum according to Jack Henningfield, Ph.D. Too much routine waste is being placed in the red medical waste bags according to Gene Currotto. Better benefits are becoming available including tuition remission, help in finding childcare services, a new prescription plan and full reimbursement for certain procedures. A bigger, better Medical Book Center has opened according to Ali Sakkat with new products become available and is accompanied by a photo of Carol Peeler. Owners of four-wheel drive vehicles are urged to volunteer for snow duty. (page 5)

Newsmakers - This column features miscellaneous information about the Johns Hopkins Hospital being part of a new survey measuring hospitals' ability to gather clinical data, James L. Baker, M.D., Christine B. Evans, N.S., Paul A. Hoffstein, M.B.A., Anthony Perlman, M.D. and Gary Smith, M.D. Dr. Phillip F. Wagley is recognized for introducing medical ethics into the curriculum by dean Richard S. Ross and Dr. Peter Dans (photo). Two Hopkins Medical Students, Surachai Supattapone and Knute Buehler, received Rhodes Scholarships (photo). (page 6)

Volunteers - They are needed for the following studies/activities involving: AIDS, drinking V-8 juice, flu, reading, clinical research, asthma, dieting, food selection, general Hospital and Wym

Serial Issue 38:2: Dome - 1988, March

Scope and Content:

Will you be one of 10 donors needed today? - This article discusses the need for hemapheresis donations and how easy it is to do, and includes photos of Michael Catania (patient) and Paul Metzger who has donated 50 times. (page 1)

The JHMI Tribune - This page features a variety of articles. Anne Miller (photo) shows a box of chocolate JHH Dome Medallions from the Gift Shop. Godfrey Nelson encourages volunteers to give up their garage spaces temporarily for patients and visitors. Visiting eye specialists Andrei Kovalyov, M.D. and Galina Venger, M.D. from Odessa are welcomed by Ruben Adler, M.D. (photo) as part of the exchange program started by A. Edward Maumenee, M.D. Gene Nooney describes the programs that will be housed in 1830 E. Monument Street (photo) along with a photo of Gloria Bryan in her new office. Nancy Goldstein, R.N., M.S.N. holds an alum of the Ob/Gyn Childbirth Education program that instructs 240 couples/year (photo). Stephanie Poe (photo) works on a database on patients and nurses for JHH administrators. (page 2)

Operation Clean Sweep - A Cautionary Tale - This article along with a variety of cartoons discusses litter in the Hospital and how to dispose of trash properly.

The Waste-Watcher's Guide to Red Bags - This article involves charts that remind people that red bags are expensive to dispose of and are meant to collect medical waste only with other trash going into clear bags.

This article contains a variety of short articles including: Leon Schlossberg is shown with Mr. Bones (photo), a functional skeleton he created. Eileen Weller, R.N. advises high-risk caregivers to be vaccinated for Hepatitis B which is free. Hopkins is ranked high on a Gallup poll and in three other surveys. Ed Junkins and Eric Taylor (photo) publicize an AIDS symposium for Baltimore's black community that

will include Mayor Kurt Schmoke and Dr. John Bartlett. Rosalie English explains that 50 patients can activate a small device and obtain emergency services through the Lifeline program. Universal Precautions for Laboratory workers are discussed with an accompanying table that details what should be done related to specific tasks. (page 3)

Newsmakers - This column features miscellaneous information about Judith Baigis-Smith, R.N., Ph.D. and John L. Carroll, M.D. (photo) and the programs they joined. Benjamin S. Carson, M.D. (photo) received an award. Peter F. Gallagher (photo) was named controller of the Hospital. Dorothy L. Gordon, R.N., Ph.D., D.N.Sc. (photo) was elected first vice president of the American Congress of Rehabilitation Medicine. Anne E. Greene, M.D. has joined the staff. Douglas A. Levy, will direct Health Newsfeed. Stanley E. Order, M.D., Sc.D. (photo) will edit a new journal. Paula J. Schweich, M.D. (photo) has joined the staff. Gary B. Stillwagon, Ph.D., M.D. received an award. David S. Zee, M.D. had received an award/

Happenings - This column features upcoming events including a spring humanities program, The Hospital as a Human Institution with a lecture by Melvin Konner and seminars that examine women's roles in the care of sick patients and the founding of the Medical Institutions. There is a Dean's Lecture by Murray Sachs, Ph.D. There are social and cultural events including: The Hospital as a Human Institution, a lecture by Drs. Melvin Konner and John Stone on Becoming a Doctor: A Dialogue, the movie Coma discussed by David Diamond and Women Doctors in America: Lessons from the Past by Gloria Moldow. a conversation with Stephens Broening, a piano performance by John W. Skouge, M.D., and a performance by Maria Morales Spanish Dance Co. There are continuing education courses and professional activities including lectures by Daniel. A. Blake, Ph.D. and Allen Schuetz, Ph.D. (page 4)

Volunteers - They are needed for the following studies/activities involving: a bone study, women with irregular cycles, asthma, smokers, AIDs vaccine, AIDs treatment, flu, reading, athlete's foot, dieting, food selection, hos

Serial Issue 38:3: Dome - 1988, April

Scope and Content:

The April 1988 issue of the Dome includes the following articles:

Hopkins' foursome: the Welch girl are feeling fine - This article describes the delivery of the first set of quadruplets born at Hopkins since 1976 and includes a photo of their mom and the girls: Lindsay Brooke, Lauren Hope, Whitney Amber and Geri Lyn. Dr. Francine Olds (photo) cared for Mrs. Welch during her stay. Other people who provided care included: obstetricians Ronald Thomas, Steven Friedman, Jeffrey A. Kuller and Timothy R.B. Johnson, M.D. and Richard Besinger, M.D. Other providers included Carol Payne, R.N., Kristen Nelson, R.N., and pediatricians Mark Hudak, M.D., Elizabeth Engle, M.D., and Liz Bernstein, M.D. A photo of the quads team Shows: Nancy Follette, Tena Bell, Mrs. Welch, Kathy Luby, Barbara Skipper, Mark Hudak, Ronald Thomas, Richard Besinger, Carey Cezar, Cathy Clemens, Cheryl Stevens, Susan Davis, Jack Ragheb, Jackie Garnes, Patricia Shearer, Emily Germain-Lee, Liz Bernstein and Bonnie Hudak. (page 5)

The JHMI Tribune - This page features a variety of articles. A poll to find out where the best pocket sandwich comes from. Frank Polk, M.D., M.Sc. was honored for AIDS research. Parking rates go up according to Godfrey Nelson. Have a great time with Great Taste describes items to be auctioned at the Women's Board Great Taste gourmet emporium according to Joan Insley (photo). It details the huge number of pieces handled, the extensive work involved in pick-up and delivery and the commitment of the workers. Photos include Pam Davis sorting mail, Ron Murphy working and describing all the people he's met, and Rod Toney who describes the sorting process. Gary Fitch is shown with mail clerks Janet Wilson, Kim LeBrun, Timothy Norton and Derrell Williams (photo). (page 3)

Newsmakers - This column features miscellaneous information about Adele Bowen, R.N, Jim Creech, M.T. (ASCP) (photo), Peggy Mooney, R.N. (photo), David G. Nichols, M.D., Joseph E. Osterling, M.D. and Lisa C. Phifer, R.N., M.S. (page 4)

Happenings - This column features upcoming events including a Dean's Lecture with Leon Gordis, M.D., Dr.P.H., a colloquium on humanizing hospitals, a JHMI Chamber Music Society concert, conversations with presidents of Goucher, St. John's and Lake Forest colleges, a JHMI Choral Arts Society presentation, a pain lecture by Phillip Sandblom, M.D. as well as CME courses and a lunchtime series on health issues for women over 40 with Denise Cho, M.D. and Alice McKenzie, a scientific symposium with Michael McGinnis, M.D., reproductive endocrinology lectures with Sanford Markham, M.D., Theodore Baramki, N.D. and John A. Rock, M.D., the William M. Shelley Memorial Lectureship with Louis P. Dehner, M.D. and the William F. Rienhoff, Jr. Lectureships with John Wong, M.B., B.S., Ph.D., FRACS, FRCS. (page 4)

And the envelope, please - A photo on Match Day with Beth Wood, Kristen Smith, Jan Connors and Cathy Shells amid pandemonium described by Henry Seidel, M.D. (page 4)

There are more male volunteers than ever reports Mine Seniye. A photo of William Wehrenberg and Hovik Fard in front of the Dome. (page 4)

Hospitals: Change through the centuries - Regina Morantz-Sanchez (photo) will speak at a colloquium on this subject, joined by Jerome Bylebyl, Kathryn Montgomery Hunter and Alexander Walt. (page 4)

George W. Santos, M.D. (photo) won the Bristol-Myers Award for cancer research. (page 4)

Student researchers honored are reported by Paul Talala

Serial Issue 38:4: Dome - 1988, May

Scope and Content:

This May 1988 issue of the Dome includes the following articles:

Rites of Spring - This article describes the classic activities of spring. Turtle Derby (photo) is celebrated with special Derby Hats that children will wear. Applause for Nursing Appreciation Week with a photo of Laura DeForge and Beth Sharkazy. Telethon (photo) that will raise funds for program, Child Life and hospice showing co-hosts Ken Matz and Sally Thorner with Jason Ogle and April Parris. Racing of turtles at the 57th Turtle Derby was emceed by Mary Robertazi. Graduating of Hopkins medical and nursing school graduates was described, as well as future plans, by Vince Wroblewski, Ann Stoline who wrote a book with Jonathon Weiner, Ph.D., Dana Dean, Marueen McArdle, Maria Luzarraga, and Susan Stevens, M.S.N. Barbara Donaho, M.A., R.N. will speak at nursing commencement. Swimming will happen at the rejuvenated Cooley Center pool according to Ann Snead. (page 1)

Hopkins delivers - This article describes the experiences of numerous Hopkins personnel when delivering their babies at Hopkins. They include Diann Snyder, R.N. with her son, David (photo), Dr. Patricia Gearhart and her daughter Sara (photo), and Debra Pearman and her son, Drew (photo). There are hints about pre-delivery care and delivery care. (page 2)

Hopkins heals the homeless - This article describes Health Care for the Homeless, a pilot program on Liberty Street. Hugh Gurley, M.D. describes the difficulties with appointments, following directions and achieving trust. We're planning to hire an additional outreach worker (photo) says Kate Walsh. Some of our homeless patients are temporarily down on their lucksays Dr. Hugh Gurley with LPN Mary Swanson and a patient (photo). 40-60 children are seen each day (photo) and a

patient indicates yesterday was bad (photo). Medical student Andrew Dellatore volunteers weekly (photo) and Rita Valade counsels patients (photo). Others who work at the clinic are: Calvin Breese, R.N.; Mary Swanson, LPN; Rita Valade LCSW; William Breakey, M.D.; Diane Gutterman, M.D.; Bruno Lima M.D.; Edward Ellerbeck, M.D., and Robert M. Heyssel, M.D. who is on the long-range planning committee. (page 3)

Newsmakers - This column features miscellaneous information about Gloria Bryan (photo), Mary Edwards (photo), Lisa C. Gilley, R.N., Hugh R. Taylor, M.D., Sheila West, Ph.D., and Robert I. White Jr., M.D. (page 4)

Health System creates Homewood Hospital Center - This article describes the consolidation of North Charles Hospital and Wyman Park Medical Center, according to Robert M. Heyssel, M.D. Theodore M. King, M.D., Ph.D. will be president of the Homewood Hospital (photo) and Irwin P. Bloom will be vice president for corporate services and new business development for the Johns Hopkins Health System (photo). Patrick H. Mattingly, M.D. will become president of the Wyman Park Medical Associates. (page 4)

Fun with fund-raising - This article reports on multiple fund raisers including cross-country biking being done by Thomas Bryce, Matthew Absatz, David Luntz and Mike McGinnis (photo). There's a Jay Walk and Run for the Jay Slotkin Fund. Eileen McLaughlin won the Mercedes prior to the Telethon. Jerry Leibowitz said they hoped to raise \$1.2 million locally during the Telethon and Mary Ann Gray describes the people who will appear with donations. (page 4)

Volunteers - They are needed for the following studies/activities involving: help in the hospital, memory and attention, lunch studies, recurring ear infections, allergy tests, bone studies, irregular menstruation, smoking. (page 4)

Medical students win honors - This article describes awards going to J. Randall Curtis, Kenneth w. Kinzler and Jed P. Weber. (page 4)

Can you pinch an inch? - This article describes a free test to determine optimum body weight. (page 4)

Serial Issue 38:5: Dome - 1988, June/July

Scope and Content:

This June/July 1988 issue of the Dome includes the following articles:

Dr. Heyssel Resumes JHH Presidency - This article describes what will happen when Albert H. Owens, Jr., M.D. (photo) steps down to resume his full-time role with the Oncology Center. Harvey M. Meyerhoff indicates the Healthy System has reached a point in its development that will allow Robert M. Heyssel, M.D. (photo) to resume his role. (page 1)

The Wide World of Hopkins Summer Sports - This article describes the Hopkins slow-pitch softball league teams and the Hopkins Hackers, a wide-ranging group of golfers. They are overseen by Wally McCracken (photo). Mike Piorunski (photo) is shown defending his players. A home run hitter is cheered by teammates (photo). Loretta Jones (photo) is coaching her daughter. Tennis Team Swings into Another Winning Season - This article describes the 25-member Hopkins tennis team that defeated Blue Cross and Blue Shield. Dan Hanley (photo) returns a volley. Nick Porterfield, M.D. is the other co-captain. Other winners were Bruce Trapp, Ph.D., Chuck Fraser, M.D., Tracy Hamburg and Anne Hannekin, M.D. Supporters include Albert H. Owens, M.D.; Richard S. Ross, M.D.; Guy M. McKhann, M.D.; John Cameron, M.D.; and Mark Rogers, M.D. (pages 1 and 3)

The JHMI Tribune - This page features a variety of articles. Some members of the Epilepsy Monitoring Unit Team are shown with patient Robert Rusco. Members include Liz Seechuk, Eric DeShields, Rosa Commodari, Eileen P. Vining, Mary Bare, Darryl Jackson, Terry Hisley and Mike Petr. (photo) The new unit is described by Mary Bare, R.N. and Ronald Lesser, M.D. It's a jungle out there describes the International Travel Clinic directed by R. Bradley Sack, M.D. The Hopkins School of

Radiologic Technology is accepting applications. Ada Wunder adopted Barbie Landis to help her quit smoking, part of Adopt-A-Smoker, headed by Rick Waranch, Ph.D. Safety and quick results will come from laboratories being reorganized by Robert Rock, M.D. and James Creech. Christine Hamlen is shown working in a lab (photo). A chart listing universal precautions for lab workers is being posted in all the labs. Construction has begun on Triad Technology Center at Bayview which will foster incubator labs and shared support services to small start-up companies according to James McComas. (drawing). (page 2)

No smoking anywhere in the Hospital - This is a poster and multiple articles describing how the smoke-free policy will affect Hopkins employees. There is a photo of someone breaking a cigarette. Programs to help and contact information is provided.

Adventure, Intrigue and Summer Romance at Hopkins - This article describes the well-stocked patient/staff library and the attention given it by librarian Bob Hamm. Multiple people including Jerry Klein, Ph.D. and Atul Varadhachary, M.D. describe their reading habits. The library also stocks newspapers, magazines, puzzles, playing cards, games and prism glasses. A young woman reads in front of the hospital (photo). (page 3)

Unrestricted Bristol-Myers Grant to Snyder - This article describes a \$500,000 unrestricted grant to Solomon H. Snyder, M.D. (photo). (page 4)

Hansen Named Vice President for Human Resources - This article provides information about Lee Hansen (photo) and his new responsibilities. (page 4)

Donowitz Is New Chief of Gastroenterology - This article provides background on Mark Donowitz, M.D. (photo) (page 4)

Special Student Says "Thanks" to Fellow Graduates - This article describes how Denise Dufer won the Warfield T. Longcope Prize in Medicine and thanked the medical community that supported her at graduation where she was hooded by Peter Terry, M.D., her pulmonologist. (photo). Her own volunteer efforts were described by David Trabilsy. Other awardees were: H. Franklin Herlong, M.D., J. Kevin Harrison, M.D., Ronald L. Schnaar, Ph.D., Peter C. Maloney, Ph.D.

Serial Issue 38:6: Dome - 1988, September

Scope and Content:

The September 1988 issue of the Dome includes the following articles:

Transplant patients wait for the gift of life - This article describes how patients are waiting for transplants and the shortage of donors. Helen Michalisko, a social worker describes these difficulties. She is shown with Steve Jaeger, a patient waiting for a heart transplant, his wife Sue and their daughter Stephanie (photo). Surgeon Bruce Reitz describes the competition and need for more volunteer donors. (pages 1 and 2)

New interns follow an old tradition - This article describes the orientation process for all the new interns, including proper scrubbing procedure demonstrated by Debra Christopher (photo). John D. Stobo, M.D. describes how competitive the process is in most departments and is shown welcoming Dr. Steven O'Day and his wife at a reception at his home (photo). Dr. Sara Garmel describes how frightening the first night on call is and is shown with one of her first patients (photo). Dr. Victor McKusick is shown with the Department of Medicine interns on the top of the Hospital dome. (photo). (pages 1 and 2)

Alan C. Walker received a \$300,000 genius grant from the MacArthur foundation. (photo) (page 1)

Hamilton "Chip" Moses III, M.D. has been appointed vice president for medical affairs for the Hospital. (photo) (page 1)

Myron L. Weisfeldt, M.D. has been chosen as president-elect of the American Heart Association, succeeding Bernadine Healy as well as their mentor Richard S. Ross, M.D. (photo) (page 1)

Carolyn Kramer: "I was one of the lucky ones" - This article details how Carolyn Kramer, a member of the transplant support group describes how her heart

transplant saved her life and how her brother's organ donor status after a car crash provided new eyes to transform another life. She recognizes how important education is to helping the public realize the quality of life provided by transplantation. (photo) (page 2)

Hospital's 50 fantastic fund-raisers set record - This article reports on the various fund raising programs of the Women's Board that set another yearly record of \$319,520. Dorothy Brillantes describes them as an impressive group. Brenda Erozan is shown with Dr. Christopher Saudak of the Diabetes Center, one of the beneficiaries. (photo). Officers include Liz Jones, Mary Jo Wagandt, Lorraine Schmidt, Susan Carroll, Brennda Erozan and Doris Fader. (page 2)

Let's do lunch - This article describes the various venues for lunch, their hours and their menus. They include the Main cafeteria (photo), The Corridor Cafe (photo), Broadway Cafe, Deli Express, The Tower Terrace Restaurant (photo), The Greenhouse (photo), Doctors' Dining Room, Public Health Cafeteria and GOR Dining Room (photo). (page 3)

Denise Korniewicz, R.N., D.N.Sc. described the study (photo). This study is important for full understanding and regulations, according to Elaine Larson, Ph.D., a co-author. (page 6)

Dome mini-mystery: Can you find medical archives? - This article describes the move of The Alan Mason Chesney Medical Archives to Hunterian sub-basement. It describes what people would find there and their staff, what people will be able to do there, and how to get there. It also describes a survey under way to find out what's being saved for legal purposes or for research. Gerard Shorb and Nancy McCall are shown deciding where something should be placed. (page 6)

The JHMI Tribune - This page features a variety of articles. New containers for needles and other sharps will be installed (photo). William W. Scott, M.D. has written a new book about Hopkins urology history including Patrick C. Walsh, M.D.'s advancement of prostatectomy. Occupational therapist Ann Reed is shown teaching Calvin Woodward how to use putty to strengthen his hand grip (photo). Tami Liverman is shown in a modernized reception area of the Children's Center Emergency Room (photo) Tickets for the Detroit Piston's game will benefit the Children's Center. Nuclear medicine is par

Serial Issue 38:8: Dome - 1988, November

Scope and Content:

This November 1988 issue of the Dome includes the following articles -

Rutland Research Building going up - This article announces that construction has begun and shows a photo of the planned building and a photo of Fred Reckenwald, Dr. Richard S. Ross, David Blake, Richard Grossi, and Victor Lituczy (page 2)

Other construction - This article announces the closing of the Broadway entrance and its renovation, the ongoing construction of the McElderry Street garage, ongoing construction on the Wood Basic Sciences Lot, the AIDS research containment unit, the DNA core lab and renovation of Traylor 7. (page 2)

Lab detectives aid doctors, courts - This article talks about the role of the Immunogenetics Laboratory in the Twigg case and its usual role in matching organs for transplantation, paternity testing, HLA testing, and diagnostics. They are described by John Hart, M.S., Wilma Bias, Ph.D.(photo), Nancy Delaney, William Wood III, and John Hart (photo). (pages 2 and 3)

The Hopkins-Dunbar partnership Preparing tomorrow's health care workers - This article describes the special program the program developed as part of the University's and Hospital's community outreach effort. It has already helped 106 students explore and prepare for a variety of careers in health care through classes, shadowing experiences and internships. Photos include Dunbar senior Mia Barnes, instructor Amy Juskowitz and students, program coordinator Warren Hayman and students Sadiq Russell, Alisa Plummer and Jonathon Johns as well as a photo of Neil Porter of the Black Medical Students organization with many students. (page 2)

Rutland Building to provide needed lab space - This article by Anita Lewis Hisley describes the plans for the Rutland Building which will increase research space by more than a third, with 22 state-of-the art laboratory suites on each of its floors. It is described by Richard S. Ross, M.D., David A. Blake, Ph.D. and John D. Stobo, M.D. Multiple drawings show the West side of the building, the lobby, how the building blends into aspects of the Traylor building and the site plan. (page 3)
High-tech labs, conveniences are features of Rutland Building - The article describes, in its drawings and diagrams, the features of the new building. There is a drawing of the view looking north, the modular plan, a view under the building, a vaulted ceiling and a schematic depicting the space crunch that has happened since 1975. (page 4)

Go Metro then ride the bus for us - This article describes the new MTA bus service that connects the hospital to Charles Center. It details the costs, schedule, how to make the connections and shows a photo of Jeanette Morris with Gene Currotto. She and Robin Scott thought of the idea by showing that more than 2000 Hopkins employees might use it. (pages 5 and 6)

A time to be thankful - This article includes several stories that describe reasons for being thankful. For life and breath describes how Jeff Swann (photo) and Larry Simpson (photo) were helped by the support of the Hopkins programs, including Frances Stillman, Ph.D., to quit smoking. A photo of Steve Jaeger, his wife Sue and Daughter Stephanie are shown as he waits for a heart donor and is grateful to the more than 200 employees of the GPO who contributed more than 2,600 hours of leave time to him. Bryce Riley (photo), shown with his design for a Children's Center Christmas card, is thankful for creativity and grit as he battles dermatomyositis. An informal prayer service shows Imogene Moore, Rev. Michael Jemmott, Rosalee Cheaton, Leslie Duer, Linda Washington, Imogene Moore, Walter Byrd and Violet Holmes being thankful for a chance to worship. (page 7)

Newsmakers - This column features miscellaneous information about Stylianos E. Antonarakis, M.D., Henry I. Babitt, M.D., Donald S. Coffey, Ph.D., Hugh J. Jewett, M.D. (photo), Edward F. Lewison, M.D., Paul R. McHugh, M.D., (photo), Victor A. McKusick, M.D., (photo), Lee H. Riley, Jr. (photo), Walter Tu

Serial Issue 38:9: Dome - 1988, December

Scope and Content:

This December 1988 issue of the Dome includes the following articles -
Hopkins celebrates season of miracles- These articles describe many miracles occurring at Hopkins. Release from pain reports on Peggy Bird's (photo) relief from constant pain after five years with implantation of a thalamic stimulator by Richard B. North, M.D. (photo) and Haring Nauta M.D. (photo). Research for survival brought surfactant to Hopkins' smallest twin babies who went home after 6 months. Timmy and Tommy are shown with their mother Pat Kutschback, their sister Kim, brother Gregg Jr., and father Gregg. (photo) Rebirth of a home has occurred for Barbara Pride who now owns her home because of the Middle East Partnership, made up of The Johns Hopkins Health System, the Middle East Community Organization and the Enterprise Foundation, founded by James W. Rouse shown with community leader Lucille Gorham (photo). Janet Byers described the gut rehab process. Others, like those of Mary Ballard will be renovated. (pages 1 and 6)
JHMI Family Album: A potpourri of people and events that reflect the spirit of the holiday season, exemplify the Hopkins spirit and do us proud- This article reports and depicts multiple happening. Santa, alias Dr. Hal Dietz is shown with patients Melissa Phelps, Jennifer Delaney and Debbie Klipsch with many packages (photo). Harvey W. Cushing, M.D. is memorialized in a 45-cent stamp. Members of District 1199E ratified a new 3-year agreement with the hospital. Phlebotomist Kelly Cooper (photo) thinks of her work drawing blood for patients in the AIDS Clinic as a ministry. Dr. Walter J. Stark performed a corneal transplant on two-month old Marco Fronsoni shown with his parents Oliviero and Cinzia (photo), who came as a result of public fund-raising in Grosseto, Italy which is the sister province of Baltimore County.

Happiness is a well stocked Gift Shop as shown by Women's Board member Brenda Erozan and Gift Shop manager Cathy Schisler (photo). Chaplain Clyde Shallenberger describes the Memorial Baptist Church choir that has sung carols under the statue of Christ since 1926 (photo). Merck Foundation's million dollar gift was formally recognized with plaque unveilings by Charles R. Hogen Jr., Dean Richard S. Ross, Dr. P. Roy Vagelos, and Albert D. Angel (photo) (pages 2 and 3) The Johns Hopkins University School of Medicine goes smoke-free - This article describes a number of policies and reasons for stopping smoking and includes photos. Mike Amey, who quit after 24 years is shown with many co-workers (photo) as is Phil Goertz who has joined a stop-smoking program (photo). (page 4) Cultural Events '89- January-June - This article lists events, their location and times on a monthly basis. In January: A conversation with Lisa Simeone(photo); An evening with G.B. Shaw (photo). Take a bowl with Magician John Ekin; a conversation with Richard A. Donkervoet. In February: Tenor Derrick Anderson; High tech babies lecture with Dr. Edward Wallach(photo); pianist Jeffrey Siegel; conversation with pianist John Lill; clarinet trio with Steven Barta(photo). In March: clarinet quintets with Steven Barta and The Baltimore String Quartet; a Peabody student recital; Japan vs U.S. conversation with J. Cal Walker(photo). Minstrels and Madrigals with Patricia Sparti and McDonogh School choir, Blast off conversation with Kathleen Beres. In April: early Mozart symphonies with Robert Gerle and UMBC Orchestra; Questions, anyone with Dr. John Stobo; Vectors of Change: The Future of the University with Rhoda Dorsey, Vartan Gregorian, Michael K. Hooker and Steven Muller; Tuning up with Peabody students; imperialism and disease with Phillip Curtin (photo); Canons and Culture: The humanistic Tradition and Today's Student with Harold Cannon, Stanley Fish, E.D. Hirsch and Jane Thompkins; a conversation with pianist Garrick Ohlsson(photo); Sunday concert with JHMI Choral Arts and Chamber Music Society and Patricia Sparti. In May: The Librarian's View with Susan M

Serial Volume 39: Dome - 1989, February-December

Serial Issue 39:1: Dome - 1989, February

Scope and Content:

This February 1989 issue of the Dome includes the following articles -
 Goldberg to direct Wilmer Eye Institute - This article reports that Morton Goldberg, M.D., F.A.C.S.(photo) will become the new director and is "delighted to be coming home." His career and skills were praised by Dean Richard S. Ross, M.D. and Robert M. Heyssel, M.D. He will succeed Arnall Patz, M.D. (page 1)
 Hopkins hits the funny papers - This article describes cartoonist Doug Mariette's cartoon, Kudzu (photo and cartoon), and the many times he has referenced Hopkins. (page 1)
 You're invited to the celebration of the century - The Hopkins Medical Centennial will be June 3-10. (page 1)
 Scott's prize-winning play to air Feb. 25 on WMAR-TV2 - This article describes Deborah Scott's (photo) play entitled, "No Half-Stepping," will be performed by the Arena Players and will be shown on television. (page 1)
 From Dr. McCrea's journal - This article is an account of the early days of Medical Records, August 31, 1912. Attempts began to be made to straighten out the haphazard "system" and store them in one place in 1898. They were all over the place. It took eight years and adisease index was begun. (page 2)
 That was then...Lottie Cole remembers - This article recounts her 40-year career. She (photo) recalls early use of an index on cards, now automated. Medical records was one of the first places in the hospital to hire blacks. They used vacuum tubes to send records. Automatic filing machines (photo), which often didn't work were added in the '60s and 70's. Microfilming was not welcomed and was eliminated. (page 2)
 This is now - This article reports about 3,000 patient records are handled each day

according to Director Claudia Huber. About 2.5 million patients' names and history numbers are in the computerized system. A photo shows Emma Pilleris on the new computer system with Norma Barnett, Donna Jackson, Dorothy Vickers, Ruth McDonald, Ruth Leppard, Janice Blackwell and Marguerite Blue. (page 2)

The cholesterol challenge - Hopkins responds with research, advice on lifestyle and nutrition - This article discusses the types of cholesterol and the problems they cause, along with a discussion of dietary advice from nutritionist Lora Brown Wilder, M.S.,R.D. (photo). Peter Kwiterovich, M.D. (photo) discusses the laboratory work and research that are ongoing. His new book, Beyond Cholesterol: The Johns Hopkins Complete Guide for Avoiding Heart Disease is also announced. Diane Becker, Sc.D., M.P.H. discusses the need for healthy family lifestyles including exercise and non-smoking. (page 3)

A gift to preserve a lifetime - The Women's Health Center announces a free cancer-screening program for Hopkins employees and their dependents. (page 3)

Newsmakers - This column features miscellaneous information about Andrew Cole, M.D., Evan Farmer, M.D., Dorothy L. Gordon, R.N.,D.N.Sc., Richard Grossi (photo), Antoinette B. Hood, M.D., Janet Horn, M.D., Claudia Huber, R.R.A., Bruno R. Lima, M.D., David F. Martin, M.D., Michel Mirowski, M.D., Paul M. Ness, M.D.(photo), Lawrence P. Schramm, Ph.D., Artin A. Shoukas, Ph.D., Mackenzie Walser, M.D. (photo), David T. Yue, Ph.D., Irwin P. Bloom, M.B.A. (photo) and Arnold L. Scher (photo). (page 4)

Two-day program attacks alcohol and drugs - This article describes "Healthy Together", a program launched by Hopkins and 35 service organizations to attack alcohol and drug abuse. (page 4)

It's fast, easy and economical - A photo shows passengers boarding the shuttle connecting JHMI and Charles Center Metro, used by about 200 Hopkins people. (page 4)

Happenings - This column features a listing of upcoming events including lectures, concerts, workshops, social and cultural events, symposia, performances, and CME activities. (page 4)

In case of emergency - This announcement lists the emergency numbers. (page 4)

Serial Issue 39:2: Dome - 1989, March

Scope and Content:

The March 1989 issue of the Dome includes the following articles:

It's the celebration of the century and you're invited - This article lists many of the events that are planned for June 7-11 when Hopkins celebrates its first 100 years. These include fireworks, special TV programming, concerts, exhibits, reunions, a gala banquet and banners throughout the city. (page 1)

News Then Now - This section includes a number of articles about current activities as well as stories from the past. (pages 2 and 3)

Cancer screening project finds 700 people at risk - This article describes the results of a free Hemoccult II colorectal cancer screening program. According to Patricia Charache, M.D., our laboratory, including Bea Filburn and Phil Warnig, has contacted 700 people who tested positive. (page 2)

100th heart transplant patient: he's home and ready for Ocean City - This article describes Leslie Schek's (photo) recovery as the recipient of a transplant by Bruce Reitz, M.D. and Scott Stuart, M.D. (page 2)

Tired of tuna? How about Ratatouille for lunch - This article describes the varied menu served at Hampton House Cafe. It is prepared by Steve Ross, Mary Ann Clark and staff. (page 2)

Sacci portrait unveiled - Robert M. Heyssel, M.D. and Linda Arenth unveiled a portrait of Martha A. Sacci (photo). (page 2)

The doctor is in--the outfield - This article describes the sports clinics, coordinated by Peter Gerzten and Stuart Lipnick, that first year medical students provide for local children. (page 2)

Here's help if you're boggled by bills - This article mentions a service, described by

Ronald C. Williams, that helps patients or employees with their doctor bills. (page 2)
Nurses please note - This announcement is of half-tuition awards available.(page 2)
Beat heart trouble: come to the fair - This article describes screenings at health fairs. (page 2)

He inspires patients and volunteers - This article describes Samuel Zacari's (photo) volunteer work at the Diabetes Center. (page 2)

They served the lobster on Haviland china plates by Anne Childress - This article interviews Catherine Haskins and Janette Martin (photo) who describe the exclusive and very individualized dining experiences that were available for Marburg patients as well as the similarly exquisite service available for other private patients. These began to disappear in 1963 and were gone by the 1970's. Millicent T. Kelley also recalled her work of more than 40 years, including her experience with the ketogenic diet and Dr. Samuel Livingston. (page 3)

Nutrition today - This article describes the evolution of food services including the numerous separate dining rooms and the fact that meals were free to employees until shortly after World War II. Today the Nutrition Department is managed by Marriott and employs approximately 400 people. Sarah Bowling, M.S., R.D. is director of nutrition for the Hospital. Some of the employees are shown (photo) including, Eva Pulliam, Carol Michael, Palestine Bess, Sarah Harlee, Cindy Mosley, Harriet Sharp, Annie Mayo, Grace Weber, Jennie Humbles and Sabrina Ross. (page 3)

Newsmakers - This column features miscellaneous information about Robert R. Neall (photo), Carlisa Simmons, Mary Garofalo (photo), Nancy McCall, Christian Anfinson, M.D., Dwaine O. Cowan, M.D., Richard E. Johns, M.D., Janet Kinney, M.D., Steven A. Libowitz, Neil R. Powe, M.D., Mark C. Rogers, M.D.(photo), Mette Stand, M.D. (photo), Raphael Viscidi, M.D., Edward F. Lewison, M.D. (photo) and Richard Traystman, M.D., Ph. D. (photo). (page 4)

Happenings - This column features a listing of upcoming events including lectures, workshops, social and cultural events, symposia, performances, and CME activities. (page 4)

Serial Issue 39:3: Dome - 1989, April

Scope and Content:

This issue of the Dome includes the following stories:

It's almost here! Get ready for the Celebration of the Century - This article describes some of the achievements of The Johns Hopkins Hospital over the last 100 years. These include being the first medical center to integrate teaching, research and patient care. It also included more extensive premedical education, accepting women medical students on an equal basis, and emphasis on learning by doing. It has included new therapies, procedures, and developing specialized centers. More than 3,000 alumni and participants are expected. Photos of operating room, President George Bush and Gladys Knight. (page 1)

Events - This article reports on the many events and activities that are part of the celebration. They include: honoring the collateral descendants of Mr. Johns Hopkins; munch a free lunch; celebrate centennial kids (photo of Jane Brower, Tony Spell, Ken Matz and Sally Thorner); herald the news with colorful banners; get your lick in in early with the new Mr. Johns Hopkins stamp (photo); delight in pomp and circumstance with opening day ceremonies including possibly President George Bush, Mayor Kurt Schmoke and Donald Schaefer; revel in music and champagne at the Baltimore Symphony with Jean-Pierre Rampal; marvel at medical masterpieces at the Walters Art gallery with a special exhibition of Thomas Eakins: Image of the Surgeon (photo); snap your fingers to the beat with Gladys Knight & The Pips (photo); join classmates and colleagues at a variety of activities; look to the evening sky with fireworks; dine and dance the night away at the Centennial Gala Banquet and Ball with decoration by Hal McCracken and entertainment by Art Buchwald; take a tour of the town; doff your cap to nursing with Robert M. Heysel, M.D. and Mayor Kurt Schmoke; read all about it in a special issue of JAMA; get in on

departmental doings with special events and programs; get yourself in gear with Centennial gear; peer into nursing's past at an exhibit; partake of an intellectual feast with the program at the Convention Center; come to the Compound confabulation; share the accomplishments with displays throughout the hospital showing employees (photos); see masterful medical illustrations by Max Broedel (cartoon); Medical and Surgical Association Biennial meeting; catch the spirit on the air on MPT, other television stations and on the radio. (pages 2-5)

Chronology - This article lists dates important to the development of the Hospital beginning in 1795 and then presents a chronology of important events in the Hospital between 1889 and 1989.(page 5)

Schedule - These pages show a calendar with the events and their locations throughout the celebration (page 6 and 7)

Lectures - These pages list the Centennial Symposia. They include the following individual symposia and speakers: Health Care, Education and Research in the Next 100 years with J. Michael Bishop, M.D. (photo), J. Robert Buchanan, M.D., Robert G. Petersdorf, M.D., P. Roy Vagelos, M.D.; Women Physicians and Hopkins Medicine: First Century Expectations, Second Century Aspirations with Regina Moranz-Sanchez, Ph.D., Dame Sheil Sherlock, Bernadine Healy, M.D. (photo), Victor Fuchs, Ph.D.; Information and Communication in Health Care, Education and Research with Joshua Lederberg, Ph.D. (photo), Jaime G. Carbonell, Ph.D., Eugene Garfield, Ph.D.; Public Health: An Ounce of Prevention with Ruth Allen, Ph.D., M.P.H, Donald A. Henderson, M.D.,M.P.H. Gareth M. Green, M.D., Elizabeth Fee, Ph.D., Isaac Asimov, Ph.D., Karen Davis, Ph.D., Philip Lee, M.D., Molly Joel Coye, M.D., Thomas Moloney, Sheppard Kellam, M.D., C. Robert Schuster, Ph.D., Donald Cornely, M.D., Charles S. Mahan, M.D. James McCarthy, Ph.D., Alfred Sommer, M.D., Samuel Harris, Anthony W. Gambino, James Grant;The Future of Johns Hopkins Medicine with Richard S. Ross, M.D. (photo), Robert M. Heyszel, M.D. (photo), Julius R. Krevans, M.D., T.J.H. Clark, M.D.; Nursing Professions: Limit

[Serial Issue 39:4: Dome - 1989, May](#)

Scope and Content:

This May 1988 issue of the Dome includes the following articles:

Opening Day at the Hopkins - This article describes the events of May 7, 1889 when The Johns Hopkins Hospital opened. It then details the events of May 7, 1989 when the 100th anniversary was officially celebrated. This included wreath laying and remarks by Robert M. Heyszel, M.D. at Johns Hopkins grave and wreath laying and remarks by Carol Johns, M.D. at Mary Elizabeth Garrett's grave. A lunch and ceremony attended by 325 special guests and 125 collateral descendants of the founders included remarks by Samuel Hopkins, Dean Carol J. Gray, Dean Richard S. Ross, President Stephen Muller, and Harvey Meyerhoff. David Charters unveiled the original art work for the \$1 stamp honoring Johns Hopkins (photo). A portrait of John Shaw Billings was announced by Donald Lindberg, M.D. and a festive celebration occurred around a marble bust of Hopkins under the dome. (page 1)

News Then/Now - This column features multiple articles describing history and current events. Hopkins Family Was There shows a photo of the May 7 celebration under the Dome where more than 100 descendants of Johns Hopkins' siblings joined other dignitaries. They Were Off and Crawling Again describes the 58th annual Hopkins Turtle Derby on May 12. Jerriann Wilson described the activities. Billings Gets the Honor He Deserves shows a photo of John Shaw Billings' portrait, copied by Bradley Stevens from the original by Cecilia Beaux. He designed and oversaw the construction of the Hospital. Departments Catch Centennial Fever describes some publications, exhibits and special events. What a Bargain describes a special issue of Hopkins Medical News and Johns Hopkins Magazine about the centennial. Telethon for Tots describes the planned fundraising hosted by Sally Thorner and Ken Matz, coordinated by Mary Ann Gray, and shows poster children Jane Brower and Tony Spell (photo). Come on in-the Door's Open describes the Broadway Entrance (photo). Hampton House Cafe is now open until 7. Mark Your Calendar with dates of

events. Tickets for Centennial employee pop concert starring Gladys Knight are available (photo). When Hospital Rooms Were a Dollar a Day describes the financial offices of the medical institutions. Audrey Miller (photo) describes her experience after the Blalock-Taussig operation occurred as well as during WWII. Eleanor Barszc worked in the business office for 42 years and recalled when those who couldn't afford the routine \$21/day charge paid only \$1 and how intimate the hospital was. Robert Delhamer who worked in the SOM Dean's office for 37 years under Alan Chesney, Philip Bard, David Rogers, Russel Morgan, Thomas Turner and Richard Ross recalls When Alex Haller, Tom Hendrix, Philip Tumulty, Victor McKusick, Richard Johns and Albert Owens were in training is shown at his retirement party with Dr. Thomas B. Turner, Dr. Richard Ross and Dr. Russell Morgan (photo). A photo shows employees of the Hospital's Business Office staff with Melissa Bell, Vincent McCoy, Patricia Stokes, Brenda Jakubowski, Mabel Kamzura, Joan Sutton, Virginia Doster, Natalie Jackson and Brenda White. (photo) Anesthesiology and Critical Care Medicine are featured in multiple articles. Austin Lamont: Unpretentious Pioneer by Susan Hudson describes Dr. Austin Lamont's career as the founder of the Department of Anesthesiology in 1942 and his privileged background. A proposed early budget is shown. He is shown with Dr. Merel Harmel, his first resident (photo). The Pediatric ICU was dedicated in November 1985 in a photo with Gov. Harry R. Hughes, dean Richard S. Ross, Frank A. Oski and Mark C. Rogers (photo). Mark C. Rogers, M.D. chairman of anesthesiology recognizes the collective efforts of so many people in providing excellent care. He is shown with Robert Donham and Richard Traystman (photo). A list of milestones for the department is shown. Olive Berger (photo) is recognized as the chief nurse anesthetist for 36 years. (photo).

Serial Issue 39:5: Dome - 1989, Summer

Scope and Content:

This Summer 1989 issue of the Dome includes the following articles:

Do Not Open Until 2089 by Cynthia Glover - This article describes some of the artifacts that will be enclosed in the 3'x3' Plexiglass cube that will be sealed after February 1990 and stored in a vault in the new Research Building. These include artifacts like a beeper, the Hospital and University budgets, textbooks, and publications including Dome. There will also be a 96-ft scroll with messages from a wide variety of people. (photo by Larry Canner) (page 1)

They cut the Hopkins birthday cake shows Shirley Kaufman, Ruth Foster, Kathy Ziolkowsky, Doris Osborne, and Dan Schaden with the cake (photo) (page 1)

Spirits ran high - A photo of the Gala Banquet and Ball by Peter Howard (page 1)

Opening Day People - This article describes the opening ceremony including remarks by Louis Wade Sullivan and U.S. Postmaster General Anthony Frank (photo). Other photos include Gov. Schaefer, the First U.S. Army Band, Drs. Thomas G. Vandiver, Samuel Asper, Anna Flatley, Robert M. Heyssel, Dean Richard S. Ross, Harvey M. Meyerhoff, Donlin M. Long, Art Buchwald, Samuel Hopkins, Willard Scott, Donnell Holly, Billy Robinson and graduates of the School of Nursing and former residents of the Compound. (pages 2 and 3)

We Had a Good Time - This article describes the numerous festive gatherings with photos of employees at the Gladys Knight performance; Willard Scott hugging Judy Shahan; Dr. A. McGehee Harvey; Hopkins music lovers at Meyerhoff Symphony Hall; a couple at the Gala Ball; a Hopkins employee signing the Centennial birthday card; School of Medicine alums at lunch; Mayor Kurt Schmoke toasting nursing; guests at the Gala Banquet and Ball; a crowd introduced by Dr. Mark Worthington yelling "Good Morning, America"; a Hopkins alum at the Inner Harbor; the Big Four photo opportunity. (pages 4 and 5)

We Talked, We Looked, We Listened, We Learned -- This article describes a variety of activities with photos: Claudia Ewell pens a message to future Hopkins employees, a visitor examines the contents of the time capsule; people view the historical exhibit; a person looking at first day covers; a person looking at Johns

Hopkins University Press books; speakers at the Centennial Symposia including Isaac Asimov, Elizabeth Fee, and Dr. P. Roy Vagelos. (page 6)

We Renewed Old Hopkins Friendships - This article describes the wide array of those returning from all over the world and all 50 states. It includes photos of an alum and potential alum from Orlando; people from Norway and at the 50th reunion; former residents of the Compound and a participant in the precursor study. (page 7)

Centennial Memorabilia Available for Sale- This describes the various items, costs and where to get them. (page 7)

We Were in the News - This article describes the range of reporting. Willard Scott interviewed Dr. Patrick Walsh, accompanied by an actor dressed as Johns Hopkins (photo) (page 8)

Newsmakers - This column features miscellaneous information about W. Thomas Barnes (photo), Theodore M. Bayless, M.D.(photo), Moses Paulson, M.D., Linda Bushell (photo), Bill McGraw (photo), Harvey M. Meyerhoff (photo), Gian Franco Poggio, M.D., Donald L. Price, M.D., Barbara Schweizer, R.N., and Shirley Sohmer (photo). (page 8)

Happenings - This column features upcoming events including: It'll be Hopkins Night at the Ballpark, social and cultural events, professional activities and symposia. (page 8)

Serial Issue 39:6: Dome - 1989, September/October

Scope and Content:

This September/October 1989 issue of the Dome includes the following articles:

Metro Mania on Broadway by Sharon Bondroff - This article describes construction beginning for the Johns Hopkins metro station. Bob Hampton describes the shaft and Robert M. Heyszel, M.D. describes the station that will exist in four years. It will contain original art work by Peggy Fox, Kevin Labadie and Mark Sullivan. Gus Courpas promises excellent signage and lighting. Gene Currotto talks about the traffic disruption. A map of the Metro stops is shown. (page 1)

United Way helps make kids happy - a photo of Anthony Bradford (page 1)

Swats New? - This article describes a change to Hospital cleaning. Gladys McNemar describes the use of SWAT teams (photo). (page 2)

Best Dressed Sale: Clothes That Look Like a Million But Aren't - This article describes the Women's Board's Best Dressed Sale. Virginia Kline and Kingsley Moore co-chair it and describe available items with a photo of well-dressed children (page 2)

175 Top Students Enter Medicine, Nursing Schools - A photo of entering students accompanies a description of the classes from Norman Anderson, M.D. and Mary Herlihy, M.S. (page 2)

Triad Technology Center Opens at Bayview Campus - This article describes the new center that is on the Bayview Campus along with many others. The ribbon-cutting ceremony included Robert M. Heyszel, David Blake, Mayor Kurt Schmoke, Robert Shelton, Hans Mueller, and Randall Evans (photo) (page 2)

News - This article includes a reminder that all JHMI employees will need to wear their badges. A construction timetable for various projects. Johns Hopkins is described in The Best Hospital in America by Linda Sunshine and John Wright. John Shaw Billings is described and the new parking ID office is noted. (page 4)

Then/Now Department of Gynecology and Obstetrics-Two Nurses Look Back by Anne Childress - This article describes the history of the department including an early benefactor, Lucy Wortham James (photo of portrait). Jean I. Fowler, R.N., S.C.N. worked with Alan Barnes and developed Family Planning. Penny Dvorak, R.N. describes operating room changes. This group has seen more than 110 years' worth of changes: Penny Dvorak, Dr. J. Donald Woodruff and Jean Fowler (photo). The Department Today describes obstetrics, gynecology, the over 40 Women's Health Program and gynecologic oncology. Some employees are shown: Arrow Peralta, Gladys Jaramillo, Pat Stokeling, Mary Rice, Donald Bennett, Martha Harris, Dottie Olszewski, and Alice McKenzie (photo) (page 3)

The Johns Hopkins United Way 1989 Campaign - This article describes multiple people and the funding they received as well as prizes, scholarships and volunteer work and details about United Way. Gordon Tomaselli, M.D. (photo) and Michael Leonard, M.D. received fellowships. Christina Miller was helped by Cindy Miller, R.N. (photo). Sharon Law (photo) went on a trip to the Bahamas. Anthony Bedford (photo) has gone to camp. Ken Fahnestock(photo) is a volunteer. (pages 4 and 5)

Then/Now Department of Laboratory Medicine: They Did It the Hard Way by Anne Childress - This article describes the many changes that have occurred over the last 100 years. Eleanor Taylor describes the advent of the autoanalyzer. These labs now include chemistry, microbiology, hematology, serology and the blood bank. The Department of Diagnostic Laboratories (now the Department of Laboratory Medicine) came into existence in 1956-57 with Dr. C. Lockard Conley as director and Robert Woodyard as administrative assistant. Jack(Spike) Causton remembers the changes. Harry Eisenberg worked with John Eager Howard to help develop a medication to treat kidney stones and recently heard from one of the first patients. Regina (Reggie) Weistock (photo) still works with many retirees in the labs on a part-time basis. The Department Today has grown considerably and some of the employees are shown: Georgette Zoltani, Robert Rock, M.D., Lee Feehley, Martine Graziul

Serial Issue 39:7: Dome - 1989, November

Scope and Content:

This November 1989 issue of the Dome contains the following articles

Door Open on a New Decade by Sharon Bondroff - This article describes the opening of the new Asthma & Allergy Center at the Francis Scott Key Medical Center on the Bayview Campus (photo) and the Center for Medical Genetics. Haig Kazazian, M.D. recalled the history at Hopkins including Victor McKusick, M.D. and Barton Childs, M.D. Peter L. Pearson, Ph.D. is director of the data base of the Human Genome Project which will work to map and sequence the 50,000 to 100,000 genes that regulate and define human health and development. Lawrence Lichtenstein, M.D., Ph.D. and Sol Permutt, M.D. will lead the efforts at the Asthma and Allergy Center in providing patient care, new therapies, physician training and research. (page 1)

News - This section contains multiple short articles. These include: Great Hopkins Smoke-Out: How are We Doing? reports that 77% of employees think we done fine since the smoking ban and reports cessation and decrease use of cigarettes. Hopkins Expands Home Health Care Service reports on the many services and therapies available through Hopkins Home Health Care reported by James D.M. McComas. Dr. Robert Reifeis (photo) is shown providing care, as are John C. Graybeal, DDS, MPH (photo) and Steven G. Ashman, DDS, FACS (photo) as well as their colleagues Jane Ligums, DMD (photo) and Jennifer Rogers, RDH, BS (photo). Dental advice is also provided and there is a photo of staff, including Debra Spinelli. (pages 4 and 5)

The Great Employee Bash - This article describes a week of festivities honoring employees, particularly the 27 Baker-King Winners. Photos include Amy Juskowitz and James Block with Earlene and Ralph Tyler, Julie Dixon and Veronic Morgan on a cookies and soda break, The Heart-breakettes performing at the talent show, Joan Bowser, Celestine Doyle and Edith Moore at the musical entertainment, Bettye Haskins and Etta Fields at the talent show and employees enjoying the food and fun. (page 6)

The Frenzy to Keep Fit - This article describes people who participate in the many activities available at the Denton Cooley Center. They include Joseph Bernheim, Desiree Pendergrass, Doug Chadbourne, Linda Tull, Sa

Serial Volume 44: Dome - 1993, January-December

Serial Issue 44:1: Dome - 1993, January

Scope and Content:

This January 1993 issue of the Dome includes the following articles:

How Patients Rate Johns Hopkins by Edith Nichols - This article discusses the concept that although Hopkins ranks as the best in the nation, the Hospital wants to know what its own patients think about its performance. Gerard Reardon, Ph.D. and Haya Rubin, M.D. (photo) co-chair the Quality Management Steering Committee

that used an outside survey completed by 672 patients to find that 94% had a positive impression, but that areas needing improvement included staff sensitivity, living arrangements, coordination of discharge procedure, admission process and billing needed improvement according to President James A. Block, M.D. (page 1).
What's Down the Road for Employees? - This article is part of a new feature, Executive Outlook, that will be used by James A. Block and Dean Michael Johns to communicate. Dr. Block (photo) describes new programs to be implemented by Diane Iorfida, new the head of human resources for the Hospital and Health System. These will include forging solid relationships between the administration and employees and staff training. She will be working with Gloria Bryan. They will hopefully improve the service element of health care. (page 2)

You're Wanted - This column describes classes on pregnancy, a photo exhibit for post-anesthesia nurses, the search for African American bone marrow donors, a display of Osler's original manuscript of The Principles and Practice of Medicine, a request by the Dome for stories or photos of where people were when Martin Luther King, Jr. and Robert Kennedy died. (page 2)

Curtain Call for Big Johns - Elaine Freeman describes the use of the \$1 Johns Hopkins stamp on invitations to the 11 inaugural Presidential balls. Apparently, Patrick Walsh helped accomplish the printing of the stamp. (page 2)

Flu and pneumonia shots-- Beth Leard (photo) was one of 24 in the senior class of the School of Nursing giving senior citizens shots. Marie Kirwin oversaw the project. (page 2)

Finding Healing When There's No Cure Possible by Mary Ellen Miller - This article describes the work of Clyde R. Shallenberger, D.D. (photo) who will retire as director of the Hospital's Chaplaincy Service after 30 years. It discusses patient care and the need to treat the person, not just the illness as well as the extensive care he has given employees including performing countless weddings. (page 3)

Training the Modern M.D. by Helen Beilenson - This article describes a new School of Medicine course called "Physician and Society" that uses arts, drama, fiction and essays and hopes to give students a new perspective on their roles and responsibilities to society. It will continue throughout medical school. Leon Gordin, M.D. and Henry Seidel, M.D. co-direct it. Catherine DeAngelis, M.D. describes how important this longitudinal course will be. Participants include Mark Malinowski (photo), Peter Rowe (photo), Cornelia Trimble (photo), Professor Richard Macksey (photo), Jerome Byebyl, Ph.D., and Peter Terry, M.D. (page 3)

Who/What - There are several short articles that report Fred SanFilippo, M.D., Ph.D. (photo) is the new director of the Department of Pathology, Diane M. Iorfida (photo) is the new senior vice president of human resources for the Hospital and Health System, Colene Daniel-Forde (photo) has assumed additional responsibilities as vice president of corporate and professional services and three Johns Hopkins women (Diane Becker, Joann Rodgers and Martha Hill (photo) are the only non-physicians selected as members of the American Heart Association's National Science Promotion and Education Working Group. (page 4)

Who/What - This column features miscellaneous information about Eric B. Bass, M.D., M.P.H. (photo), James N. Campbell, M.D. (photo), Benjamin S. Carson, M.D. (photo), Mary Lou Fisher, R.N., C.C.R.N, John M. Freeman, M.D., Michael M.E. Johns, M.D., Deborah Knight-Kerr, Michael J. Kuhar, Ph.D., Eduardo Marban, M.D., Ph.

Serial Issue 44:2: Dome - 1993, March

Scope and Content:

This March 1993 issue of the Dome includes the following articles:

Fueling the Research Fires by Edith Nichols - This article describes some of the grants that the School of Medicine has received this year that make it the chief earner of federal research grants in the nation with more than \$157 million. Nearly half of the School's expenses are supported by grants and contracts according to Michael E. Johns, M.D. Martin Abeloff, M.D. is the principal investigator of the

largest to the Cancer Center. Linda Fried, M.D. (photo) won a \$1.7 million contract for a seven-year study on women's health and aging. Keith Lillemoe, M.D. had two grants. Basic science award went to Daniel and Jeremy Nathans. Mike Amey (photo) was happy to give the news to Dean Johns. (page 1)

One Degree Higher by Mary Ellen Miller - This article describes GED courses available to JHMI employees for free. Troy Green describes his efforts to bring them to the campus. Gloria Barber (photo) recently completed her GED with this program. Bernadette Greene is an instructor. Charles Vermillera taught himself to read in his 50's and also completed the program. (page 2)

Building the TB Barricade by Helen Beilenson - This article discusses the precautions Hopkins takes to protect staff and patients from the new drug-resistant forms of TB. John Froggatt, M.D. directs infection control. Edward Bernacki, M.D., M.P.H. directs occupation health and safety. Hamilton Moses III, M.D. notes how important this work is. (page 2)

Homes Away from Home - This article describes the closing of the Johns Hopkins Inn and its impact. There is a new Children's House and arrangements have been made with four local hotels. (page 2)

Riding the Homewood Shuttle by Randi Henderson. This article describes the shuttle-bus service (photo) that goes between the Medical Institutions and the Homewood campus with many stops along the way that is used by about 2400 students and employees a day. Michael Neufeld describes that it's free, convenient and runs often. John Pochillo is also a rider. Luis Aviles has problems during peak hours. Bill Matthews says it reminds him of the New York subway. (page 3)

Free Parking with Few Takers - This article describes how people are not taking advantage of free parking at Wolfe Street (photo) to people who are picking up discharged patients. Jo Walrath and Michael Lange report only one third of the spaces are being used and their efforts to get this plan to work. (page 3)

Who/What - This column features miscellaneous information about Stephen B Baylin, M.D., Edmund Yee-Su Chao, Ph.D., Nezih M. Coskuncan, M.D. David S. Ettinger, M.D., Frank J. Frassica, N.D. (photo), John L. Frodel, Jr. M.D., Thomas E. Hunt Jr., Timothy H. Phelps, M.S.(photo), Olof Sundin, Ph.D., Richard J. Traystman, Ph.D.,(photo), Patrick C. Walsh, M.D. (photo), Sheila K. West, Ph.D., and a Disabilities Training Program. A Breast-feeding Center has been opened with considerable equipment displayed by Mary Johnson, Judy Vogelhut and Andrea Perman (photo) (page 4)

A Long-term Adoption-- This article describes how Inpatient Radiology, led by Joe Blout, has led an effort to adopt and help the family of a 28-year-old HIV positive mother and her five children. Judy Peregoff has helped navigate the complexities with this family and many other through Hopkins Adopt-a-Family. (page 4)

Grille 601- This article describes the new eatery in the Outpatient Center. Chef Virginia Hess emphasizes fresh and unusual seasonal ingredients. (page 4)

Blooper correction - This brief article corrects Dr. Leon Gordis' title. He is a professor of pediatrics. Frank Oski, M.D. is chairman of pediatrics. (page 4)

Serial Issue 44:3: Dome - 1993, May

Scope and Content:

This May 1993 issue of the Dome includes the following articles:

Charms of the Neighborhood by Elaine Weiss - This article describes living in neighborhoods near Hopkins. About 1500 JHMI workers live in areas around the hospital including James A block, M.D. Carol Hartke now lives facing Patterson Park. Ed Morman, M.S.L.S.,Ph.D (photo) lives in Butcher's Hill as does John Boitnott, M.D. and Pat Phoebus. They all report feeling safe and part of a community. (page 1)

Pooches on Patrol - This article shows the group with Carol Hartke (photo) patrolling Patterson Park area. They do it twice a week. (page 1)

Birthday Hoopla - This article describes the events planned in June to celebrate the 100th Birthday of the School of Medicine and includes a photo of the graduates, but

the class's three women students are missing. (photo). Three new volumes celebrate the School's century of medicine and include William Henry Welch and the Heroic Age of American Medicine by Abraham and Simon Flexner, The Portrait Collection of Johns Hopkins Medicine and A Century of Biomedical Science at Johns Hopkins that was compiled by a Committee that included Victor McKusick, M.D., A. McGehee Harvey, M.D., Paul Talalay, M.D., JJ Abel, Daniel Lane, PhD., John Cameron M.D. and Guy McKhann, M.D. A photo from the 1920's or 30's shows a surgery clinic led by Dean DeWitt Lewis (photo) (page 2).

School of Nursing Turns 10 - This article notes the 10th anniversary of its re-opening as a degree-granting institution and Carol Gray, R.N., Ed.D., the SON's dean reports a Ph.D. course of study will begin in the fall. (page 2)

Monthly Top Dog by Mary Ellen Miller - This article describes the multiple people who have received the monthly award for service in the Outpatient Center based on patient/visitor questionnaires. It includes Pat Fillius, Cynthia Graham, Janet Yoder, R.N., Thomas Provost, M.D., Deborah Arnold and Evelyn Jackson (photo). Bill Kent reports that soon people without direct patient care will be included. (page 3)

Employee Program Offers Ladder to Advancement - This article describes a new computer-based Skills Enhancement Program that will help employees assess and then advance their reading and math skills according to Troy Green. (page 3)

Discoveries - These short reports include detecting hidden cases of cystic fibrosis through genetic analysis in adults who have ongoing pulmonary problems according to Garry R. Cutting, M.D., Ada Hamosh, M.D., and Patrice Miller, M.D. A multi-center study led by Arthur Feldman, M.D., Ph.D. (photo) has shown that patients taking vesnarinone were less likely to die or experience deteriorating heart failure. John Hesla, M.D. (photo) has found that a new egg-donor program increases the likelihood that infertile women will achieve a successful pregnancy. Donors are sought. (page 3)

Obstetrics Under the Dome - This extensive article describes all the various obstetrical care that Hopkins offers, particularly employees. This includes a new bundle of amenities for employees including reduced costs and other services. Nurse-midwives are described and shown. Carol Geger is with Michele Lentz and Amelia (photo). Others including Carolyn Geger, Lisa Summers and Emily DeFerrari (photo) are shown. Preconception classes are described by Lisa Summers, CnM and Katie Kerle. Karin Blakemore demonstrates chorionic villus sampling equipment to Nancy Bray (photo). OB advice is offered as is information about preparing the family for childbirth. Nurse Kathleen Costian does an ultrasound on Denise Cromwell's baby-to-be. (photo) Pictures of the faculty are shown and include: Karin Blakemore, M.D., Nancy Callan M.D., Emily DeFerrari, C.N.M., Terry Feng, M.D., Carolyn Geger, C.N.M., Emily Haller, M.D., Timothy Johnson, M.D., Kathryn McGowan, M.D., Lisa Summers, C.N.M., and Frank Witter, M.D. (photos) (page 5)

Remembering '68 by Mary Ellen Miller - This article reports the memories of long-time employees who recall the Hospital as an i

Serial Issue 44:4: Dome - 1993, Summer

Scope and Content:

This Summer 1993 issue of the Dome includes the following articles:
Hopkins Heads Home by Elaine Weiss - This article describes the activities of Johns Hopkins Home Care Group which has just moved into new headquarters. Mary Hill is President and CEO (photo). It has been reorganized and the staff expanded. Nurse Kim Steward makes a home visit in Dundalk (photo). They expect to make more than 70,000 visits in the next year. Carol Schlough, R.N. (photo) describes her day making rounds and enjoys the freedom. James A. Block, M.D. considers it a major program for Hopkins future. Michale Johns expects home care to account for 25 percent of all medical treatment in the US by 2000. There are three subsidiaries overseen by David Ettinger, M.D. They are: Home Health Service, Pediatrics at Home headed by Jay Perman, M.D. and Pharmaquip headed by James Galantino. (pages 1 and 2)

Red-Blooded Employees by Mary Ellen Miller - This article describes the fact that hundreds of JHMI employees give blood each year, including Alfred (Buddy) Budnichuk (photo). Colene Daniel and Sally McConnell will lead this year's blood drive. Vicki Thomas says Hopkins is the Red Cross's biggest single customer in the region and is concerned about shortages. (page 2)

Solving the Great Telephone Crisis by Elaine Weiss - This article describes a new plan to have patients purchase an inexpensive telephone when they are admitted that they will take home. Hopefully this will alleviate the complaints about unavailability of phones in patient rooms according to Denise Carter. Jean TenBroek reports its worked well in OB. (page 2)

Managing New Challenges by Jo Martin - This article describes a new vice presidential structure that reflects the Hospital's transition strategy led by Hospital President James Block. Toby Gordon, Sc.D. is vice president for planning and marketing. Steven H. Lipstein, MHA is vice president for administration. Christopher J. Macmanus, MBA is vice president of management systems and information services. Colene Daniel, M.S. is vice president for corporate and community services. They are shown in a photo. Maryann Fralic, R.N., Dr.P.H. is vice president for nursing(photo). (pages 3 and 8)

Hospital Board Adds Five Distinguished Members - This article describes the election of new members according to H. Furlong Baldwin. They are: Robert J. Blendon, Sc.D. (photo), Alvin B. Krongard (photo), Diana G. Motz (photo), Christian H. Poindexter (photo), and Donald J. Shepard (photo). (page 3)

Making Hopkins Affordable by Edith R. Nichols - This article reports that the Hospital will enter a belt-tightening mode so it can reduce the cost of medical care here. Gennaro J. Vasile, Ph.D. reports the goal is to get the Hospital's cost structure more in line with other hospitals as managed care expands. It asks that the institution generate a 3 percent operating margin. A graphic accompanies it. James A. Block describes it a streamlining. (page 4)

Sorting out Salaries by Edith R. Nichols - This article reports that teaching institutions report salary ranges dropping behind the market rate and that they are having problems recruiting. Diane Iorfida (photo) reports that Hopkins is redefining its compensation philosophy in order to put itself into a leadership position and this is supported by Jim Block and Jerry Vasile. There is now a planned increase of 4% for its total salary package and that Hopkins raises will rank about a half percent higher than the national average. (page 4)

Up Close and Personal with Jerry Vasile by Edith R. Nichols- This article begins by describing the very organized office Of Jerry Vasile (photos), the Hospital's new chief operating officer. In the interview he describes becoming familiar with Hopkins by walking around with Amy Juskowitz. He describes developing strategic plans, needing to upgrade infrastructure, reducing expenses and his very businesslike approach. His message to employees, "they are Hopkins". (page 5)

Smooth Ope

[Serial Issue 44:5: Dome - 1993, September](#)

Scope and Content:

This September 1993 issue of the Dome includes the following articles:

Getting Into Hopkins by Mary Ellen Miller - This article describes the application process to medical school and the aspirations of some of the Class of '97. There were 3,500 applicants for the 120 places, a significant increase over recent years and possibly influenced by the job security of medicine according to David Trabilsky, the assistant dean of admissions. A photo shows four students and notes that women account for 44% of the class. Ugochukwu Ezenkwele was inspired by his grandfather. Elizabeth Redd wants to be involved in people's lives. There's a new level of student volunteerism, including Melody Perry who spent a year in Romania. Hopkins uses an added step in the application process. About 600 students will be interviewed by 21 faculty members. (page 1)

'Getting In.' The Movie - This article with photo describes a new movie by Victor

Simpkins that describes the process of applying to medical school and the issues of being wait-listed. It stars Stephen Mailer and Kristy Swanson. (page 1)

And Oh What Heights We'll Hit - This article describes a talent show and employee recognition events. Gregory Branch, M.D. and Amy Juskowitz describe some of the acts in the talent show. A number of other events are listed as are the names of the Baker-King Award Winners. (page 2)

Security Joins the Customer Service Bandwagon - This article describes the new program with security on bikes according to Bill McLean and shows Robert Flowers and Paul Kight on bikes (photo). Electronic card access is now expanding to the Hospital. Suggestions for security are given. (page 2)

Discoveries - This article describes new work at Hopkins. Frederick Lenz, M.D. (photo) describes a new surgical treatment for Parkinson's disease. James Michelson, M.D. recommends that women should wear shoes with more room up front to avoid bunions. Patrick Barta, M.D., Ph.D. and Godfrey Pearson, M.B. have discovered that brains of schizophrenics are significant smaller than normal. (page 2)

School of Medicine Reorganizes Staff - This article describes changes that Dean Michael E. Johns has implemented. They involved David A. Blake, Ph.D. (photo), Catherine DeAngelis, M.D., Richard A. Grossi, M.B.A., John D. Stobo, M.D., and Chester W. Schmidt Jr., M.D. Others recruited to help include Michael Barch (photo), Roger Chaufourner, Michele Deverich, Leon Gordis, M.D., Hamilton Moses III, M.D., H. Franklin Herlong, M.D., Levi Watkins Jr., M.D., David M. Trablisy, Ed.S., Scott Sherman, J.D. and David Heaphy, Ph.D. who will succeed Carol J. Johns, M.D. (page 3)

Hail to Halle - This article describes Edward Halle's (photo) 23 year career and a new award in his honor announced by James A. Block, M.D. to honor employees. (page 3)

Briefcase - This column reports on recent happenings. The Outpatient Center Grille 601 with chef Virginia Hess was praised in Baltimore Magazine. Race for the Cure will happen on October 2. The JHMI Choral Society is recruiting new members. Extra large wheelchairs are now available. Volunteers are sought for project RAISE II at Dunbar Middle School. The Johns Hopkins Medical Grand Rounds slide/tape series is on sale. (page 3)

United Way Under the Dome - This includes a number of short articles about giving to United Way. The campaign involves the University and the Health System, chaired by C. Alan Lyles, Sc.D. and Dean Michael E. Johns. David G. Richman hopes that 75% will contribute and the campaign begins Sept. 20th. Information about United Way is provided by Judith Trest. Chris Brown (photo), David Nichols, M.D. (photo) and Diann Snyder, R.N., M.S. (photo) talk about why they give. David Richman (photo), after being mugged realized how much he might have needed United Way services if he hadn't recovered quickly. People give for a variety of reasons in many different ways, including student Julie Fortuin (photo), Diann Snyder, Mike Plank, Margaret Travers, Betty Dei

[Serial Issue 44:6: Dome - 1993, November](#)

Scope and Content:

This November 1993 issue of the Dome contains the following articles:
Diagnosing Health Care by Mary Ellen Miller - This article discusses concerns about President Clinton's (photo) proposed health-care reform merging how it is delivered and how it gets paid for and the impact it might have on medical schools such as Hopkins. There would potentially be a limit on the number of specialists that are trained. These concerns were voiced by Hospital President James Block and Dean Michael Johns, shown with Hillary Rodham Clinton(photo). Dean Carol Gray views a potential positive impact on nursing. Gennaro J. Vasile has asked Human Resources to develop a new employee training center. (pages 1 and 4)
Health-Care Reform Under the Dome - This series of short articles describes various aspects of the Clinton's visit. Dr. James Block (photo) welcomed the Clintons.

Robbye McNair, a medical student, introduced Hillary Rodham Clinton (photo). President Bill Clinton (photos) described certain group behaviors that are imposing intolerable burdens on the health-care system. The First Lady (photo) showed a copy of "Health Security that explains the Clinton plan. A photo album shows the President shaking hands with medical students, the helicopter and participants laughing. (pages 2 and 3) "

Reactions, Please by Ginny Cook - the column describes the reactions of some people to the proposed health reform. Clara Moore (photo) says there are good ideas but worries about the economics and practicality. Jeremy Berg, Ph.D. (photo) agrees with the principles, but hopes the special interest forces can be resisted. Bob Ferris (photo) is worried about the ethics of possible rationing of services and people's behavior. James Scheulen (photo) thinks there may be less use of the emergency room but worries about managed care and access. Stella Shiber (photo) thinks there may be better concentration of preventive care and health promotion. (page 4)

Digging Deeper for Benefits - This article describes some of the costs involved with the program. President Clinton (photo) described some aspects of the plan that may lead to about 40% of Americans paying more for health care and pointed out the uncertainty that currently well insured employed people face if they lose or change jobs.(page 4)

Banner Job - The Clintons thanked the graphic arts division, directed by Bob Dawson for the excellent graphics they produced (photo). (page 4)

Serial Issue 44:7: Dome - 1993, December

Scope and Content:

This December 1993 issue of the Dome includes the following articles:

The Master Plan Revisited by Mary Ellen Miller. This article describes the many changes that are being envisioned according to President James Block and Sally W. MacConnell. The new Cancer Center will be at the corner of Broadway and Orleans, not on the Houck site. The plan is to decompress the campus. Other plans include a glass-enclosed town center, a new children's hospital, a cardiovascular center and restoring Broadway to the grand boulevard it once was. There are drawings of the plans shown. (page 1)

On-site Travel Agency Serves Patients, Employees - This article describes efforts to help patients and employees get the best travel and hotel deals possible. It was led by Michael Plank, Gerard Reardon and Doris Alwine. Christine White helped them visit the Cleveland Clinic Foundation as a model. Ken Grant and Denise Pressman were integral to Uniglobe Harborside Travel being selected and having an office in the Nelson/Harvey lobby. It will report to Colene Daniel. (page 2)

Patient Survey Results: Round Two - This article describes results from the second annual report card and shows some improvements. 95% approved of the overall quality of care and services. However, room cleanliness, food quality, billing and discharge procedures need improvement. Gerard Reardon, Ph.D. feels we should be very proud of the overall achievement. Nurses Lori Paine, Michele Sample-Hawkins and Judith Piercy (photo) work on improving patient care especially in Gyn/Ob nursing to make it a "Nordstrom" of service according to Carey Cezar. (page 2)

Rating Hopkins from the Inside Out by Mary Ellen Miller - This article describes a survey of Hospital employees and School of Medicine staff and faculty who work in clinical areas that will occur in January, according to Diane Iorfida and Walt Pascoe. Gloria Bryan reports it will have a much wider scope than the one in 1985. Iorfida did similar work with JHH President James A. Block in Cleveland. (page 5)

Briefcase - This column covers a variety of subjects. Howard A. Zacur and Roger S. Blumental have written a booklet (photo) on estrogen therapy that is available through the Women's Health Center. Colleen Mitchell who received part of her mother's liver and her grandmother (photo) celebrate with other transplant patients. 100 employees from human resources met in person (photo). New ties that support the Children's Center are now available. The Johns Hopkins Medical Letter Health After

50 makes a good holiday gift. The Memorial Baptist Church Choir sings below the Christ statue. (photo). (page 3)

The Postman Cometh - This article describes the mail services center's move and improvements. Frank Everett and Chester Wortham Jr. (photo) are in the new mail room at 2024 E. Monument St. that provides six times more space. They deal with up to 50,000 pieces of mail a day There will be a new automatic sorter. Romerio Mareno will be the new manager. (page 4)

Discoveries - This article describes new work at Hopkins. Bert Vogelstein (photo) and Kenneth Kinzler in collaboration with NIH and University of Helsinki have isolated the gene linked to a familial type of colon cancer that is expected to lead to screening soon. Marilee C. Allen described a study of outcomes for premature babies that hopefully will help parents and doctors decide on appropriate treatment for premature babies. Henry Halperin of the Peter Belfer Cardiac Mechanics Laboratory reports a new CPR vest (diagram) is read to test. (page 4)

Bringing Back East Baltimore by Margie Freaney - This article describes Hopkins' community programs. Colene Y. Daniel described the plan that is being created to revitalize the blighted East Baltimore neighborhoods (photo). It will include housing renovations and building. They are working with East Monument Street Planning Group, overseen by Danise Jones-Dorsey. Richard A. Grossi says Hopkins is prepared to pay for a consultant and is supp

Serial Volume 45: Dome - 1994, January-November

Serial Issue 45:1: Dome - 1994, January

Scope and Content:

This January 1994 issue of the Dome includes the following articles:

Courting Managed Care by Mary Ellen Miller - This article describes how Hopkins is now dealing with managed care companies. Bryanna Osborne and Lillie Shockney (photo) have created new programs to work in partnership with these companies and to familiarize them with Hopkins. Nancy Bray praises the new program. Others involved include Emily Kemp and Rebecca Kritzler. James A. Block reports we can't take these changes for granted. (page 1)

The Deal Makers- This article describes Paul Hoffstein and Rebecca Kritzler's (photo) new roles in negotiating the new managed care contracts. (page 1)

Venting Together - This article describes a new incident debriefing team to help Hopkins employees vent their feelings after disasters. Rosalie Parker and Renee Demski described the need. The new service is an 11-member team and the program assures confidentiality. (page 2)

A Series of Women - This article describes Dean Cathy De Angelis' realization that only one woman out of 76 professors has given a Dean's Lecture since 1973. She brought this To Dean Michael E. Johns' attention and this year's lectures will have only women presenters: Janice Clements, Kay Redfield Jamison, Ph.D., Diane E. Griffin, M.D., Ph.D. and Barbara De Lateur, M.D. (page 2)

Briefcase - This is a series of short articles. Dean Michael E. Johns reports that the Hopkins School of Medicine has received more federal research grants than any other organization in the nation, more than \$187 million. Howie Gwon seeks volunteer drivers for snow emergencies. Michael Iati has set up spotlights to illuminate the Dome and the Marburg and Wilmer buildings. Judy Peregoff and David Richman reported that the United Way campaign raised nearly \$760,000 or 104% of its goal. Rescue 911 dramatized the episode where our trauma team, led by Charles N. Paidas, M.D. saved the life of Christopher Gillespie who shot himself with his father Steven's gun. (page 2)

The Ultimate Team Effort by Merrill Witty - The article describes a team of post-docs who raced to find the colon cancer gene. They are: Jin Jen, Nick Nocolaides, Ramon Parsons, Nick Papdopoulos, Bo Liu (photo) and Fred Leach who work in Dr. Bert Vogelstein and Kenneth Kinzlers lab. Initially they each worked on different

aspects but then pooled their efforts to work interdependently. (page 3)
Community Service Awards Presented at King Celebration - This article describes some of the people who received awards. They include Jeffrey Scruggs (photo), Frank Badnock (photo), Alfred J. Craig (photo), Diane Garrett (photo), Carol M. Hilton (photo), Edna Manns (photo), Starr Mickle (photo), and Beltran Navarro (photo). Yolanda King paid tribute to her father and Ruby Dee gave a dramatic reading. (page 3)

Who/What - This article briefly describes the activities of many people including nine promoted to professor: Peter C. Agre, M.D., Henry Brem, M.D., Nancy Craig, Ph.D., Daniel Finkelstein, M.D., Richard L. Haganir, Ph.D., Ronald P. Lesser, M.D., Saul J. Sharkis, Ph.D., Philip L. Smith II, M.D. and Peter B. Terry, M.D. Other short articles describe the activities of the following people: Ruth Ann Bell (photo), Frederick L. Brancati, M.D., M.H.S., Catherine DeAngelis, M.D., M.P.H. (photo), W. Richard Green, M.D., Diane E. Griffin, M.D., Ph.D., David G. Hunter, M.D., Ph.D., Rebecca Lee Kritzler, Edward G. Lakatta, M.D., David J. Linden, Ph.D., Francis D. Milligan, M.D., Gary R. Pasternak, M.D., Ph.D., Michelle Petri, M.D., M.P.H., Samuel Ritter, M.D., James M. Roberts, Rebecca Snider, M.D., Ray E. Stutzman, M.D., Edward E. Wallach, M.D., Gloria Winder, Bonnie Alterwitz and Ran Zelman, Ph.D. (page 4)

Cultural Events Calendar - This article lists various mid-day performances, conversations, Welch lectures, concerts in Turner, seminars and and The Great Books Series occurring in January, February, and early March. (page 4)

Serial Issue 45:2: Dome - 1994, March

Scope and Content:

This March 1994 issue of the Dome includes the following articles:

Tearing Down Fences by Mary Ellen Miller - This article describes how the city, state, community and Johns Hopkins has joined forces to revitalize East Baltimore according to Colene Daniel and Richard Grossi. The Historic East Baltimore Community Action Coalition represents these efforts according to Michael Jenkins. Marvin Froneberger speaks about the community's suspicion and how Hopkins is working to improve safety in the area. Community residents will participate in new plans (photo). (page 1)

Collecting Kudos - This article reports that JHMI was a finalist to receive the Association of American Medical Colleges' new Award for Outstanding Community Service. Heart, Body and Soul received a \$10,000 Healthier Communities Award. Rev. Melvyn Tuggle of the health initiative is shown. (photo). Diane Becker, Sc.D., M.P.H. heads the Hopkins Center for Community Health Promotion which coordinates with Heart, Body and Soul. (page 1)

Grass, Junck and Lohr join Board of Trustees of Hopkins Hospital -- This article describes the new members of the board according to H. Furlong Baldwin and James A. Block, M.D. They are Martin L. Grass (photo), Mary E. Junck (photo) and Lila B. Lohr (photo). (page 2)

Life Beneath Broadway: A Subway Update - This article reports that the Hopkins' Metro Station (photos) is nearly done. It is a year behind schedule. Ken Griffin describes some of the features including a skylight. (page 2)

The Medical Book Center Gets a Make-over by Mary Ellen Miller - This article reports that after Ali Sakkaf retired, the School of Medicine decided to turn the operation of the bookstore over to a national firm, Matthews Medical Books, according to Rich Grossi. Jean Williams is the new manager and the store will be remodeled to accommodate more medical books and "soft goods" relating to the various schools and programs. It will encourage people to linger with the books and even enjoy a coffee. (page 3)

Funding for Fellows - This article reports that Sandoz Pharmaceutical will pay nearly \$470,000 a year to support four postdoctoral fellows and two junior faculty in clinical pharmacology and the Oncology Center according to Michael Johns, M.D. and Lester Salans (photo) (page 3)

Take a Meaningful Lunch Break: Volunteer at the Children's House - This article describes the need for a few hundred volunteers at Children's House (photo), according to Ashlyn Sowell, even those with just short periods of time to spare. (page 3)

Quicker Processing Promised for Marach Blood Drive - This article reports that the next blood drive seeks 400 units of blood and that people will only have to spend an hour according to Dense Pressman and Rosa Sells. (page 3)

Isaac Stern is shown with George B. Udvarhelyi (photo) after he gave a lecture in Dr. Udvarhelyi's honor. (page 3)

Personnel Plus by Mary Ellen Miller - This article reports that Diane Iorfida has found in her HR survey that employee retention is a major problem. Lisa Gorman also reports that compensation, limits on promotions, inconsistent policies and poor customer service are also important issues. HR is addressing these issues with re-organization, hiring a consulting firm re: compensation and exit interviews according to Bonnie Alterwitz. (page 4)

Discoveries - This article describes new work at Hopkins. Rudolf Hoehn-Saric, M.D. and his colleagues are embarking on a study of both direct and indirect casualties of violent crimes in the hope that can establish a low-cost treatment center for victims who are experiencing post-traumatic stress disorder (PTSD). Christopher Stein, M.D. (photo) has shown that morphinelike painkillers injected into a joint after surgery are very effective and hopes the use of the same technique to control pain in those with severe arthritis will be useful. James Campbell, M.D. (photo) describes how injecting dye directly into a disc can determine where back pain is coming from and he

Serial Issue 45:3: Dome - 1994, April

Scope and Content:

This April 1994 issue of the Dome includes the following articles:

Looking Hard at Outcomes by Elaine Weiss - This article describes the reasons behind outcomes research and the nature of projects being done at Hopkins, led by Earl Steinberg (photo). Haya Rubin, M.D., Ph.D. crafts questionnaires trying to define functional abilities before and after treatment. Timothy Townsend, M.D. works to integrate this research into each of the departments. Projects include study of the effectiveness of cataract surgery, outcomes of coronary bypass surgery and coronary angioplasty as well as sinusitis according to Don Leopold, M.D. (page 1)

The Honest Brokers - This article describes the study of using a new dye (photo) that is 10-20 times more expensive but has less side effects than the older one according to Earl Steinberg. After the study they determined that the expensive dye should be used for cardiac catheterization, but other studies should use the old contrast media unless a patient is at high risk. (page 1)

Introducing Johns Hopkins Bayview Medical Center - This article describes the name change for the Francis Scott Key Medical Center. It will become the Johns Hopkins Bayview Medical Center according to Ronald Peterson. However, there will be a new patient tower, the Francis Scott Key Pavilion (photo) to retain ties with the past. It will improve efficiency and locate key services together. Judy Reitz emphasizes that outstanding patient service is also critical. (page 2)

Breast Care Services Now Under One Roof by Melissa Hendricks - This article highlights the coordination that is now going on to deliver better care to patients like Natalie Leonard and Joan Faville. It is a multidisciplinary center (photo) led by William Dooley and John Fetting with staff including Anuradha Chakravarthy, Jean Wainstock, and Patti Wilcox. (page 2)

Young Investigators Take Research Prizes by Marjorie Centofanti - This article describes the 16 winners of Young Investigator Awards and their research according to Paul Talalay, M.D. who heads the review committees. The top prize went to Tsung-Yu Chen (photo) for his work on odor-sensing nerve cells. Other winners included Kelly Smith working with Bert Vogelstein, MD., Tony Ho, M.D., Yuri Lazebnik, Ph.D., Michael K. Lee, Ph.D., Craig D. Blackstone working with Richard

Huganir, Ph.D., Jeffrey Boyinton, Scott A. Hammond, Fang-Tsyr Lin, Kathleen M.C. Sullivan, Hanlee Ji, Dorothy Sears, Kelly Smith, James Stiver, Ph.D., Albert Torri, Ph.D., Daniel Wechsler, M.D., Ph.D. and Run-Tao Yan, Ph.D. (page 3)

Briefcase - This is a series of short articles. Hopkins is one of the top two research-oriented medical schools, second only to Harvard. The Dome is seeking to find people who were at Woodstock (photo). Hopkins staff, including James Block, Benjamin Carson and Colene Daniel will be participating in the National Association of Health Services Executives conference. The 5K Cure race will happen in June (photo). Monument Street is going to be repaved. School of Nursing alumni, staff and friends held Nightingala to celebrate nursing with an award going to staff of labor and delivery (photo). (page 3)

Inventing Patients by Mary Ellen Miller - This article describes the use of standardized patients in medical student education. John Shatzer, Ph.D. reports these patients are carefully trained and provide a level playing field for testing students. Jean Anderson, M.D. uses these patients for end of clerkship exams and finds them very helpful, even providing feedback to students. Donna Simonton is one of the trainers and involved in recruiting. Kathy Christ is an employee who enjoys the activity. (page 4)

Discoveries - This article describes new work at Hopkins. Oliver Schein reports that eliminating overnight use of contact lenses would reduce the rate of ulcerative keratitis in daily contact lens users by about 50 percent. Latex allergies are a far more serious problem than most realize according to Robert Hami

Serial Issue 45:4: Dome - 1994, May

Scope and Content:

This May 1994 issue of the Dome includes the following articles:

Re-Engineering Wilmer by Mary Ellen Miller - This article describes the changes that have been made at Wilmer under the leadership of Morton Goldberg (photo). Research and teaching remain critical. In particular, it includes a major shift from inpatient to outpatient care. It will open a satellite at Green Spring to reduce its facility fee. It has added more operating rooms to allow community and part-time physicians access. It has consolidated three units into the Wilmer Nursing and Trauma Center (photo), with Frances Tolley as the nurse manager. Jeraldine Eichberg, a veteran nurse described the consolidation as being thrown together, like a stew. It has lowered cost by 21.5%. (page 1)

Planning the Cancer Center by MEM - This article describes involvement of many, including employees such as Gina Szymanski in designing the new building. They have been divided into nine user groups. Project team members are Shirley Crow, Michael Iati, Joe Woelkers, Susan Klotz, Anne Colevas and Al Ferro (photo) shown with a proposed model. Sally MacConnell asked nursing staff to produce a videotape for the architects to show what goes on and how sick the patients are. Construction is slated to begin this summer. (page 2)

Briefcase - This is a series of short articles. Works of art describes the five medical illustrators who are graduating this spring. Gary Lees describes how varied their careers will be. Walking for Aids describes the 7th annual HERO AIDS walk that will happen in June according to Kathy Davidson. They expect 3,500 participants. (page 2)

The Women's Room by MEM - This article describes the new employee breast-feeding room used by new moms Missy Leppo, Sonja Rasmussen and Nadia Kalloo (photo) who became friends. Jay Perman organized a formal Breast-feeding Center which led the way to this being established. Economically and managerially, such a room makes sense according to Ahvie Hershkowitz. Nurses Andrea Perman and Judy Vogelhut (photo) are shown in the room and know how important it is for women coming back to work. (page 3)

Who/What - There are several short articles that report that David T. Kingsbury, Ph.D. (photo) will become director of the William H. Welch Medical Library as well as a new division of medical information services. Arnall Patz, M.D. (photo) won the

Hellen Keller Prize for Vision Research. Colene Y. Daniel, M.S. (photo) has been named Young Executive of the Year by the National Association of Health Services Executives. King-Wai Yau, Ph.D. and Ran Zeimer, Ph.D. have each received Alcon Research Institute Awards. A memorial service for Sumio Uematsu, M.D. (photo) is scheduled for May 27. Kent W. Dauterman, Brian S. Kuszyk and Jeffery A. Spaeder have been elected to membership in Phi Beta Kappa. Russell Chun and Jennifer Graeber have been awarded scholarships by the Vesalius Trust. Others mentioned include: Gary E. Applebaum, M.D., Janet Bafford, Debbie Bangledorf (photo), Karen Fortune, Mary Carole Kirkpatrick, Michael J. Kuhar, Ph.D. (photo), Christina Lundquist, M.H.S. (photo), Beltran Navarro, M.Ed., M.S. (photo), De. William Schlott, M.D. (photo), Robert F. Siliciano, M.D., and Cynthia Wohlberger, Ph.D. (page 4)

Washington Hill Residences Selling Briskly - This article reports that the 37 townhouses and 22 condominiums built just south of Johns Hopkins, called Washington Square are selling well. (page 4)

[Serial Issue 45:5: Dome - 1994, July/August](#)

Scope and Content:

This July/August 1994 issue of the Dome includes the following articles:

Speaking with One Voice by Mary Ellen Miller - This article describes the new "seamless partnership" of Johns Hopkins Medicine, linking the Hospital and the School of Medicine. John D. Stobo, M.D. will become the new head of this alliance, Johns Hopkins Medicine. It will include Johns Hopkins Home Care group and more physician networks and affiliations with other institutions. It will include a primary-care network as envisioned by Robert Heysse. The leaders, Block, Stobo and Johns (photo) represent a "seamless partnership." (page 1)

Hopkins Pursue Alliance - This article reports that Johns Hopkins Medicine is considering forming an alliance with Sianai Hospital and six community hospitals representing Central Maryland. (page 1)

Honing Hopkins Quality by MEM - This article describes the plan to reorganize Hopkins' existing quality program according to Tim Townsend, M.D. Gennaro Vasile, Ph.D. describes the reorganization to focus and concentrate resources. Being in a perpetual state of readiness is also being forced by Joint Commission being able to audit on an ad hoc basis. Colene Daniel's Department of Corporate Services, where the Material Distribution Center was reorganized to streamline ordering and organization according to Ken Grant. There is a 90% time savings and savings from being able to order from stock, not a vendor. Reggie Anderson, has had stocking supplies made easier (photo). (page 2)

Lithotripter Treats Sones by Nell Boyce - This article illustrates how the new lithotripter was able to simplify Rich Grossi's relief from a kidney stone. Robert Moore, M.D. (photo) is shown performing a lithotripsy. It becomes a 1.5 hr. outpatient therapy instead of surgery and weeks of recuperation. (page 2)

Tough on Crime by MEM - This article describes Karen Fortune's (photo) efforts to crime prevention. This includes a training program for East Baltimore residents on Saturdays. It provides 28 hours of instruction and graduates can patrol with police and provide security at community events. The program, PULSE (People United to Live in a Safe Environment) recently reported a 675 drop in crime in the Midway-Barclay community. Joseph Coppola notes that Hopkins' outreach in crime prevention will continue to grow. (page 3)

Briefcase - This is a series of short articles. Bring on the White Coats reports on the inauguration of a ceremony to provide starched white coats (photo) to 120 members of the Class of 1997, emulating a dozen other medical schools, according to Catherine De Angelis. Play Ball! describes how Heather Butler helped to organize five new slow-pitch softball teams. (photo) The league now has 27 teams. Sign of the Times reports on the fact that Richard Ross is delighted that there's finally a Johns Hopkins sign on the Traylor Building (photo) so that Amtrak passengers now know what they're seeing. It was supported by David Blake and Robert Heyssel.

(page 3)

Introducing Physician Order Entry - This article describes the new system (Invision) that Information Services Organization (ISO) at Hopkins will introduce over the next year that is a computerized system to order drugs, lab tests, X-rays and other services. Kevin Johnson, M.D. (photo) is one of the physician-advisors on the project. It will streamline a very cumbersome system and provide verification of doses, interactions of medications, etc. Christopher Macmanus says it will make a patient chart available wherever it's needed. It will standardize our practices according to Patricia Charache, M.D. Brent Petty, M.D. (photo) reports cautious optimism. E. Robert Feroli Jr. reports it makes illegible and incomplete orders a thing of the past. Nancy Ruth, R.N. (photo) is convinced this new system is necessary. And it may be life-saving, getting treatment to an ill patient even faster. (pages 4 and 5)

ISO: Developing the Systems that Cross Boundaries - This article describes the Informatio

[Serial Issue 45:6: Dome - 1994, September/October](#)

Scope and Content:

This September/October 1994 issue of the Dome includes the following articles: Suburban Outpost by Elaine Weiss with Mary Ellen Miller. Dana Frank, Gill Wylie and Tom Provost (photo) led the initiative for Johns Hopkins at Green Spring Station which will open this fall. Provost believes the mix of part-time faculty and full-time professors will be important. The idea for the satellite came from Hospital President James Block. In addition to the doctors' offices, it will contain radiology and laboratory services, a retail pharmacy and optician as well as an urgent-care center. Appropriate support will be available. Dana Frank's Park Avenue group are the first tenants. About 25% of the facility will be occupied by Hopkins specialists. Sharyn Spray, Kathy Picarelli and Anna Rice (photo) are involved in the planning and logistics. (page 1)

Positioning for Tomorrow -What's Hopkins' organizational strategy? Cut the fat (but not the muscle). Redesign. Reinvest by Mary Ellen Miller. This article details the financial stress and solutions the Hospital faces. HMOs choose hospitals for lower costs. Hopkins is priced 20-30 percent higher than nearby competitors. Gennaro Vasile reports that we need to take 15 percent out of its cost structure by 1999. Planning for FY '95 was the first time that Hospital and School of Medicine's budget meetings were held jointly according to Rich Grossi. It also initiated the incremental budget request (IBR) which is the process that handles requests for financial support above what was provided in baseline budgets. 70 of the 250 were funded. They are looking for ways that work can be done differently. The re-engineering plan will be implemented in FY '96. (page 2)

Psychiatric Savvy - This article describes the new 5 bed Psychiatric Emergency Service, headed by Michael Kaminsky and Mark Mollenhauer (photo), that will provide 72- hour (or shorter) stays for 5 patients from the emergency room. It expects to be able to offer managed care organizations lower cost services overall since they will offset the longer stays typical in Meyer. (page 2)

Move Over, Guys by Michele Fizzano. This article reports that for the first time, more women than men are in the freshman year at the School of Medicine. Catherine DeAngelis notes that women represent 53 percent of this class. She notes that the three women in the first class were not in the photograph of that class. First-year students Serne Srouji, Shefali Shan and Kelly Grogan hold up their ID cards (photo). A new Women's Leadership Council will add to the stature and recognition of women. (page 2)

Wanted: New Kinds of Cuts in the OR by MEM. This article describes a pilot incentive program that rewards operating room employees with up to half the savings from their cost-cutting ideas. Richard Stauffer originated a plan that led to orthopedics being able to save \$5.5 million over the next five years by limiting the number of vendors who would supply the department and who would provide lower

prices. Joan Magruder notes that cuts need to affect group performance. Diane Iorfida notes there were several reasons for piloting the project in the OR. Brian Thompson of the linen division is shown stocking the Autovalet a vending machine for scrubs (photo). It will save tens of thousands of dollars a year. (page 3)

Briefcase - This is a series of short articles. Oh, You Beautiful Doll notes how helpful the dolls can be to young patients. Joy Goldberger is shown with a patient and doll. (photo). United We Stand reports that the Hospital and University hope to raise \$780,000 for United Way. West Side Story reports that the Knott family donated the land for the Outpatient Center and 550 building and that the campus will be named the Marion Burk Knott Campus (photo). Employee Survey Results In notes that thousands returned the 20-page questionnaire. Golden Sculler reports that third-year medical student Ruth Davidson won a gold medal for the 500-meter dash and a silver for

Serial Issue 45:7: Dome - 1994, November

Scope and Content:

This November 1994 issue of the Dome includes the following articles:
Reengineering Hopkins by Mary Ellen Miller - Diane Iorfida describes the reorganization that will be occurring in order to lower our costs and better compete with other local hospitals. She believes there will be no layoffs. Gennaro Vasile heads the steering committee that will be in control of the process. Representatives of departments involved include Richard Stauffer, Julius Brigoli, Obi Ofeche, Charle Reuland, Audrey Trayham and Helena Thom (photo). (page 1)

In the Spirit of Mr. Hopkins - The measure of reengineering's success will be Great science and great patient care according to President James Block, the value laid down by Johns Hopkins (photo). It will be driven to quality and service, charity, humanity, dignity, partnership, innovation, diversity collegiality and stewardship according to Diane Iorfida. (page 1)

Redesigning Medical Records by Maria Hiaasen - This article describes the new system that is being designed to bring the Hospital closer to electronic medical records according to Colene Daniel. Theo Tarantini estimates it will save \$2 to \$3 million a year. Multiple physicians have been involved including William Dooley, Shawn Stinson, Stephen Achuff and Kevin Johnson. There will also be changes in Medical Records that will require some background in medical coding and courses that will be provided on-site. Benita Brown (photo) has bid for one of the newly defined jobs. (page 2)

Mixing It Up on the 11-7 Shift by Maria Hiaasen - This article describes how employees from three separate divisions are going to be reengineered into a single service that will provide transport of patients, providing clean supplies and removing contaminated supplies during the 11-7 shift. These changes are greeted enthusiastically by Chester Wortham, Cynthia Torda and Bob Bona (photo) who head these divisions. (page 2)

A Conversation with Diane Iorfida by MEM - This article reviews answers to questions from the Dome to Diane Iorfida (photo) who oversees Operations Reengineering. An HR head is an unusual choice for this role according to Gennaro J. Vasile, Ph.D. Answers underlined that reengineering was to be driven from the "bottom-up" not from the top-down (financial perspective). She feels that people are enthusiastic. The organizational committee structure for operations reengineering and includes photos of the following people: Gennaro J. Vasile, Ph.D., William Martin, Psy.D., Jay Blackman, Karen Haller, Ph.D., Ronald Werthman, Timothy Townsend, M.D., Diane M. Iorfida, Maryann Fralic, Dr. P.H., Kenneth Grant and M. Sheila Collins. There is also a timeline. (page 3)

Models of their Kind by MEM - This article reviews a number of changes and cost savings achieved by other hospitals including UCLA Medical Center, Stanford University and University Hospitals of Cleveland that was led by Diane Iorfida and Hospital President James Block. Ken Graboys from APM (the consulting firm) appreciates the unique Johns Hopkins environment. (page 4)

Questions and Answers about Reengineering - This article answers many typical questions including concerns about layoffs, APM and communication about changes. Business management terms are also defined. (page 4)

Serial Volume 46: Dome - 1995, January-December

Serial Issue 46:1: Dome - 1995, January/February

Scope and Content:

This January/February 1995 issue of the Dome includes the following articles:
Keeping Hopkins Safe by Mary Ellen Miller - This article describes the changes Joe Coppola (photo) has achieved in a year since becoming "security czar" for the Medical Institutions. Hospital President James Block and Dean Michael Johns say he's made Hopkins a safer place. There was a 900% drop in street robberies since July 1994. There are new protective services officers posted around the clock. The escort system is speedier. They also plan to work more closely with the East Baltimore Community. (page 1)

The Inside Story - This brief article describes plans Joe Coppola has for 1995 including better performance and decreasing thefts. There is a better card access system and there will be added package inspection teams to cut down on theft. People will also be reminded to secure their personal property better. (page 1)

Building Networks by Elaine Weiss - This article describes the establishment of Johns Hopkins HealthCare, LLC headed by John D. Stobo, M.D. (photo). It expects to develop a comprehensive delivery system that will use Hopkins faculty and facilities and affiliated providers to dispense high quality, affordable services to large segments of Maryland's population and then to others in a five-state region. It hopes to market this to managed care companies. It will build a primary care network and assure careful credentialing. (page 2)

Above the Metro by Kelly Crum - This article describes the approaching opening of the Johns Hopkins Metro station in June and the changes ahead according to Michael Iati. This includes a street of Belgian block pavers, new pedestrian access, and historically accurate lighting. Anthony Brown reports the \$354 million MTA project is funded with 85% federal and 15% state transportation dollars. (page 2)

Empowering East Baltimore by MEM - This article describes what the new Empowerment Zone designation will do for the neighborhoods surrounding Hopkins. Rich Grossi and Colene Daniel report that the \$100 million is expected to trigger \$800 million in additional government and private support and provide an estimated \$225 million in corporate tax breaks. It should lead to 8,885 new jobs with an average annual salary of \$17,500. Vice-President Gore hopes it will succeed because of its grass roots basis including Michael Seipp who is the new executive director of the Historic East Baltimore Community Action Coalition. 2500 vacant houses need to be addressed. (page 3)

Briefcase - This is a series of short articles. Hopkins: A Best Buy reports Hopkins is again one of the nation's top 100 hospitals delivering high value. For the 100th Time shows Paul Metzger (photo) donating platelets for the 100th time. Pat Brodsky reports they need many more volunteers. Di and the Tie shows Mayor Kurt Schmoke with a Children's Center necktie like the one he sent to Princess Diana along with a scarf. Others including President Bill Clinton, VP AL Gore and Cal Ripken also own ties. The 200th Heart reports that Hopkins surgeon R. Scott Stewart, M.D. recently performed its 200th heart transplant in Orin Hughes who is doing well. Edward Kaspar, M.D. reports that organ donors are needed. (page 3)

No Waiting, No Appointments: What's Up? by MEM - This article describes Patient First, the new urgent care center at Green Spring Station that is an important link in Johns Hopkins Medicine. It was selected because of how effective the organization is according to Thomas Provost, M.D. It is a walk-in clinic and is much more efficient for routine care and cheaper than an emergency room and can provide basic lab tests and X-rays. Anne Docimo, M.D., the medical director, is shown with

patient Bob May (photo). (page 4)

Calendar - This is a listing of Midday Performances, Conversations and Concerts in Turner that provides topics, speakers, times, places, performers and titles for the events which include a benefit concert where Ethel Ennis (photo)

Serial Issue 46:2: Dome - 1995, April

Scope and Content:

This April 1995 issue of the Dome includes the following articles:

Plotting Patient Care by Mary Ellen Miller - This article describes the implementation of critical paths that define the sequence of care for various procedures in the Hospital. Larry Strassner directs the project and describes the extensive input from all the providers. Nancy Bray describes how important these are to managed care. Case managers like Stacey Kelly (photo) are critical to seeing they are implemented. Donald Courtney, a patient, is delighted to know more clearly what to expect. (page 1)

A Flexible Recipe - This sidebar describes how flexible, and data driven the critical pathways are according to Maryann Fralic and Kevin Johnson. About 30% of patients deviate from the plans. (page 1)

How Now, HAL? by MEM - This article describes how The Hopkins Access Line which has been in place for two years works. Lowell Maughan reports most Hopkins physicians have embraced the service. About 15 patients a week are transferred to Hopkins each week through HAL. Dawn Constable (photo) supervises the service of operators/expediters. This service minimizes the impact of transfer logistics for the physicians and helps optimize the bed occupancy. Dana Frank is happy with how much easier it is to transfer patients. (page 2)

What it Takes - This sidebar describes the work expediter like Ruth Guthrie (photo) and how happy she is with Hopkins. (page 2)

New Hand Service Launched - This article describes the arrival of two new hand specialists, Thomas Brushart and Kyle Bickel (photo). They see 50-70 patients a week and tackle a wide array of problems. (page 2)

Positioning the Cath Lab - This article describes the renovated cardiac facility and streamlined systems under the supervision of Lowell Maughan (photo). The lab is both diagnostic and interventional. There is a new computer system as well.

Obsolete equipment has been replaced and a patient service coordinator is not available. There is also a new 12 bed recovery area. (page 3)

Briefcase - This is a series of short articles. The Art of Grantsmanship reports that for the fourth year in a row, the School of Medicine is at the top of the government's list for extramural awards for a total of \$188 million. The Definitive Text reports on the new book Transplantation Nursing: Acute and Long-Term Management by Hopkins' Marie Nolan with 19 of 28 chapters by Hopkins nurses. The Business of Medicine reports on the certificate program's popularity with Paul Gurny describing it as a practical program. Spring Break reports on the Carry-On Shop of the Women's Board being like a mini-department store according to Bobbie Gutman (photo) and Carol Kuhn. (page 3)

Local Teen Gets a Fresh Start by Debbie Bangledorf - This article describes the difficult life of Tavon Johnson (photo) as the guardian and provider for his younger brother, Gajuan Adams. As he works to finish high school he has been befriended by Office Kyle Stargill, Colene Daniel, David Arrington and Don Glenn (photo). He now works in the pharmacy on weekends and is thinking about a pharmacy career. (page 4)

Curbing the Pain of Sickle Cell - This article describes the work of Samuel Charache (photo) in his investigation of hydroxyurea that cuts the painful attacks, hospitalizations and transfusions needed by sickle cell patients in half. He has been working on this in collaboration with George Dover since the early 1980's. It works by increasing levels of fetal hemoglobin. (page 4)

Making the Grade by Mary Ellen Miller - This article describes the hospital's preparation for its triennial accreditation survey this fall. It is organized by Maryann

Fralic. Dennis S. O'Leary of the JCAHO reports that reports will now be made public. Kay Kruse reports that the survey team will spend more time with staff. Gennaro Vaile, the Hospital's COO reports we are striving to get the highest marks possible. (page 5)

Calendar - This is a listing of the topics, time and place for a

Serial Issue 46:3: Dome - 1995, May

Scope and Content:

This May 1995 issue of the Dome includes the following articles:

Next Stop, Johns Hopkins by Mary Ellen Miller. This article describes the process over the last six years of creating the Hopkins Metro Station. It will connect to Charles Center and commuters can then transfer and travel as far as Owings Mills. It was very complicated according to Ken Merrill because of its proximity to the harbor and needing to rechannel the flow of the Jones Falls. Additional security will be necessary according to Joseph R. Coppola. Employees like David Plaut are excited. It will open for business on May 31. A User's Guide to the Metro is provided. (page 1)

Customizing Psychiatric Care for the Elderly by Mary Ellen Miller. This article describes the geriatric day program as an alternative to hospitalization. Susan Lehmann (photo) is the unit's director and says the unit has many advantages including economic and being able to get a clear picture of their real-life worries. It reflects Paul McHugh's insight that the elderly have unique problems including dementia, being on multiple medications, and requiring longer for adequate trials of therapy.(page 2)

Dome's Golden Anniversary - The first issue of Under the Dome was published in January 1945 to keep in touch with staff members on duty in the armed forces. Warfield Longcope, wrote that the homefront was thinking of these troops. (page 2)

Witness to the Liberation - This article is a reprint of the essay Capt. Kenneth Zierler (photo) wrote for the Baltimore Sun that recounts his story of April 16, 1945 when the Nazi concentration camps were liberated. He was a battalion surgeon and was the first Allied officer to enter Langenstein-Zwieberge, a slave-labor concentration camp that was digging an underground factor for planes and rockets. He was accompanied by Howard K. Smith and Lou Azrael (photo with prisoners) and an ambulance driver. He describes the horrific condition of the prisoners, the graves and the hangings as well as the beating that two Polish survivors gave to the person they identified as the commanding officer. Ultimately a sergeant shot the alleged SS commandant. It changed Dr. Zierler's life forever. He resolved never to be intimidated, always speak up for what was true and right and to to speak up for the underprivileged. (page 3)

Who What Newsmakers - This column features miscellaneous information about Daniel Nathans (photo) becoming interim president of the University, Charles Chodroff, M.D. (photo) becoming president and COO of Johns Hopkins Health-Care LLC and Jerome H. Gothainer (photo) joining Hopkins to explore the possibility of developing a nont-for-profit subsidiary of the Health System and University. Josepha A. Califano Jr. (photo) will speak in Hurd Hall. Three win National Medical Fellowships: Peter Vaitkevicius, N.D., Jeremy Walston, M.D. and Joseph Gallo, M.D., M.P.H. Medical Illustration Grads were honored. Other brief stories are included on Laura Crawford Williams (photo), Stephen Peter Graepel (photo), Donna DeSmet, Juan Garacia, Stephen Graepel, Michael Tirenin, Frank Anania, M.D., Chris Yn, Ph.D., Pamela Barrett (photo), Diane M. Becker, Sc.D., M.P.H., Jeremy M. Berg, Ph.D., Harry C. Dietz III, M.D. (photo), Maryann Fralic, Dr.Ph.,R.N.,FAAN, Peter C. Maloney, Ph.D., Nancy Hadley Miller, M.D. (photo), William Milliken (photo), Beryl J. Rosenstein, M.D., Alan Shuldiner, M.D., Michael E Stefanek, Ph.D., John D. Stobo, M.D., Bert Vogelstein, M.D>, Patrick Walsh, M.D. (photo), King-Wait Yau, Ph.D. There is a photo for the 12th annual Children Miracle Network Telethon showing Kenneth Doty, Ashley Wall, Stan Stovall and Mary Beth Marsden.

Serial Issue 46:4: Dome - 1995, July

Scope and Content:

This May 1995 issue of the Dome includes the following articles:

Taking Hopkins' Pulse by Mary Ellen Miller - This article reports on the results of the Employee Planning Survey that was completed by 47% of eligible people. 78% were satisfied with their jobs according to Diane Iorfida. 62% added written comments. David Rittof says such remarks are significant and were thoughtfully communicated. This information will lead to changes. One important thing was noted: employees don't look at each other as customers even though we look to each other for services every day. The data can be parsed in many ways: gender, work shift, departments. Seven factors correspond to strong job satisfaction including a sense of accomplishment, trust in supervisors, opportunities to progress and the extent to which employees feel their department is progressive. (page 1)

Employee Planning Survey: The Results - This article provides details of the way in which the survey was conducted and the overall results including demographic breakdown and an actual graphic with the questions and degree to which the responder agreed with the statement/question. (pages 2 and 3)

The Next Step - This article reports on how the survey data will shape their ideal workplace. Diane Iorfida reports that the data will be taken seriously. Gloria Bryan reports the medical school will take a more educational, individualized approach at department levels. M. Sheila Collins (photo) and Marty Martin will work within the Hospital. This might include customer service courses or communications courses. (page 3)

A Satisfied Sampling - by Maria Hiaasen- This article describes a cross-section of staff who are part of the 78% of employees who are satisfied with their jobs. It includes Sharon Owens, Jerry Sullivan, Vivian McClain, Ellen Morris and Budd Burnett (photos) (page 4).

The Upsurge in Surveys - This article describes how surveys are important in the age of increasingly competitive healthcare according to Joseph Inguanzo. Several surveys are described as are the changes that resulted including the Hopkins Access Line. Timothy Townsend, M.D. who worked on inpatient surveys reports data must be viewed over time. Diane Iorfida notes that enough time needs to exist between surveys for changes to be made. (page 4)

Serial Issue 46:5: Dome - 1995, August

Scope and Content:

This August 1995 issue of the Dome includes the following articles:

Hopkins Medicine Re-examined by MEM - This article reports that leaders have created a new governance structure to unify the Health System and School of Medicine. A diagram shows the structure. It is called Johns Hopkins Medicine. George Bunting Jr. and Morris Offit chair the overarching Boards of Trustees with the Board of Johns Hopkins Medicine reporting to them. The President of JHU has new responsibilities. The dean of the School of Medicine and the president of the Hospital are meant to locate their offices together in the hope of reducing redundancies according to James Block. Toby Gordon and her staff did much of the research and planning for this. Daniel Nathans says we're in a new era. Michael Johns talks about wearing a new hat--the Johns Hopkins Medicine hat. East Baltimore Interrelate investigate the evolution of two separate organizations that developed to meet the needs of the times. Only twice has governance been this united in the past, when Daniel Coit Gilman and Steven Muller were presidents of the Hospital and University at the same time. (page 1)

Marketing Hopkins Medicine Around the Globe by Mary Ellen Miller - This article describes the success that John Hutchins' (photo) has had as the new director of international services. Business has skyrocketed especially from the Middle East, South America, the Far East and Europe. More foreign companies are in the Baltimore-Washington area. He's described as nice by Charles Cummings. He sees opportunities, not barriers according to Shannon O'Kelley. He's worked in Saudi

Arabia and travels a great deal. He's revamped the office. He believes in the need to empower the masses and that our staff needs to treat foreign patients like members of your family. (page 2)

Hopkins, Other Area Hospitals Form Alliance - This article describes the formation of the Atlantic Health alliance in which Johns Hopkins has joined eight other Maryland hospitals to form a comprehensive network. They are banding together to compete better for contracts with managed care organizations. There is a new employee benefits program, the EHP which was developed by Hopkins. James Block and Chester Schmidt will represent Hopkins. (page 2)

Executive Life by MEM - This article describes Ron Peterson (photo) and his new job, executive vice president and chief operating officer of the Johns Hopkins Health System. He has had more than 20 years of administrative experience throughout Hopkins and previously was president of Bayview Medical Center. He plans to integrate activities of Johns Hopkins and Bayview. He will be involved in the restructuring of Johns Hopkins Medicine. He is known for paying attention to the details, while not losing sight of the big picture and for his calm demeanor. He was originally pre-med but family circumstances dictated otherwise, and he eventually was guided to health care administration. (page 3)

Briefcase - This is a series of short articles. Broadway Shade by Linda G. Wimer describes the new trees that were planted along the sidewalks and median strip in front of Hopkins-- zelkova serrata Green Vase that are unaffected by Dutch elm disease. Herman Panacek reports they will be full height in 10-13 years. Greg Hoer reports they will dramatically enhance the Broadway corridor. Tune in to Hopkins reports the Health NewsFeed has returned to the airwaves. James A. Block reports people missed them over the last two years. Jack Sheehan (photo) will direct them with new digital technology and produce five programs a week. Tournament of Champions reports that Anna Dockins coordinated the softball league for the Outpatient Center this summer. She raised funds for equipment for 120 players and that some of the teams will compete in a "World Series". (page 3)

Countdown to JCAHO - This article reports that during the Hospital triennial survey, employees will get the chance to show off their good work. Considerable

Serial Issue 46:6: Dome - 1995, October

Scope and Content:

This October 1995 issue of the Dome includes the following articles:

Osler 3 Overhauled by Mary Ellen Miller - This article describes the changes that have been made on Osler 3 including a facelift and a new customer service attitude. David Hellman championed the changes along with Karen Haller. Revamping has included a cosmetic make-over and a new dress code. Nurse Manager, Karen David is shown with assistant chief of service Stuart Ray (photo). They planned the strategy. There is a real sense of teamwork and skills of everyone have been enhanced. Barbara Pinkney helps keep the unit cleaner, as well. Even the house staff have changed, developing written standards, "The Osler Way". (page 1)

The Art of Healing- This is a short article about David Hellmann who is writing down Philip Tumulty's (photo) wisdom and principles of patient care. (page 1)

Of Hospitals and Hoteliers by MEM - This article describes the changes that are being made to the Marburg Pavilion (drawing and photo) as it will have the feel of a four-star hotel according to Toby Gordon. Patients will pay additional charges of \$125-\$475 a day. John Cameron says it will run perfectly and that we'll then transfer these policies/procedures to the rest of the hospital. It's expected to increase business especially from the Middle East. An entire manual of customer service has been created according to Jo Walrath. Design is important and they hope to convey a sense of history including use of Hopkins antiques. (page 2)

JCAHO Survey Update - This an illustrated article of thee dos and don't for the JCAHO survey on Oct. 10-16. (page 2)

For Women Only - 33 topics will be addressed at "A Woman's Journey" on oct. 14th that has been chaired by Mollye Block and Harriet Legum. Susan Blumental, M.D.

will give the keynote address. (page 3)

In Memory of Nancy -An award was established in honor of Nancy Baraloto, who was studying to be a nuclear medicine technologist when she was brutally murdered. She was remembered by Jane Master and Jay Rhine. Linda Matheson (photo) received the award. (page 3)

Briefcase - This is a series of short articles. Unearthing Baltimore History describes maps discovered by the Maryland Historical Trust. They showed cemeteries on the site of the new Comprehensive Cancer center and remains have been found. They will be reinterred in Oak Lawn Cemetery according to Samuel Redd, Jr. The hospital will hold a multidenominational funeral service for them. 'Homicide at Hopkins' describes more than 90 people from the cast of "Homicide" coming to campus with staff of pediatrics and emergency medicine serving as consultants, advisors or extras in an episode. according to Lucinda Berent. Actor Andre Braugher is shown with Ken Fink (photo). United Way Condensed reports the timeframe of the annual campaign will be shortened to one month according to David Richman. Blood Drive Set for Oct. 16-17 reports it will occur in Turner Auditorium concourse with Ron Peterson as co-chair. (page 3)

Cal Ripken's Other Legacy by Mary Ellen Miller - This story describes the experience of being with Cal Ripken at his historic 2,131st game and what led up to the remarkable fund raiser. The people behind it included Richard McCreedy, Ralph Kuncl, Donna Frithsen and Peter Manos who suggested a unique fund raiser to Peter Angelos. 260 seats on the field for \$5,000 apiece would be sold for Cal Ripken's historic game. They readily sold out and a check was presented by Ripken at the end of the game to Lora Clawson and Ralph Kuncl (photo) and the Orioles rounded up the \$1.3 million from the ticket sales to \$2 million. ALS researchers also present were Jeffrey Rothstein, Andrea Corse and Blair Ertel. These funds (the Cal Ripken/Lou Gehrig Fund for Neuromuscular Research) will provide the income for steady research funding. Other photos include Aaron Thomson and Lou Gehrig. (page 4)

Sharing the Wealth by Kate Ledger - This story describes the efforts of Project SHARE that was started by

Serial Issue 46:7: Dome - 1995, December

Scope and Content:

This December 1995 issue of the Dome includes the following articles:

The Pressures Mount by Mary Ellen Miller - This article describes the challenges Johns Hopkins Medicine faces because of managed care and Medicare cutbacks. Judy Reitz, the Health System's VP for operations integration and COO and executive VP of Bayview reports that about half of the hospitals revenue comes from Medicare and Medicaid where huge federal cuts are planned. In addition, Medicare subsidies for education and care of the poor may be reduced. They account for \$54 million and \$79 million respectively. Dean Michael E. Johns is concerned. Fortunately, Hopkins Medicine has already moved to improving managed care networks including JHHC and Wilmer Eye Network. Other contracts have also been negotiated. A triple strategy is planned: expand the revenue base, achieve peak productivity and develop care management strategies. Health System President James Block remains extremely optimistic. A collage of the Marburg Pavillion, International Services workers, employee health plan and Green Spring Station is shown. (page 1)

Unveiling Employee Health Plans by MEM - This article describes the unveiling of EHP, a care management organization offering health care to Hopkins employees and local businesses. It is a critical piece of our future strategy according to James Block. Multiple options for physician referrals are available: more than 400 primary care doctors and 2300 other local physicians, ability to refer themselves in network or at greater expense self-refer to the provider of their choice. Jerome Gotthainer (photo) is the new president and CEO of EHP and is proud of the philosophy and the work that they are about to do where Johns Hopkins Medicine will truly join forces

with EHP according to John Stobo. James Block believes it will be a model for successful managed care. (page 2)

Vicious Mice - This article reports the finding from Solomon Snyder, M.D.'s laboratory that nitric oxide may be the neurotransmitter that puts a brake on our social behavior, work done in Randy Nelson, Ph.D.'s lab. They found that male mice (photo) bred without the gene that permits nitrous oxide to be produced became vicious. This was not seen in females without the gene. (page 2)

Cutting Costs on Trash by MEM- this article discusses a new recycling project in the School of Medicine. Custodians who would be involved in the project were taken to the recycling plant at BFI where tons of our wastepaper is processed. Jack Grinalds, senior director of facilities management recognized a boom in the paper market that could be a financial incentive. Custodian Liz Washington is shown breaking down cardboard boxes for recycling (photo) Workers are enthusiastic according to Mike Humphreys. (page 3)

Briefcase - This is a series of short articles. Archeological Update reports on the excavation of two forgotten cemeteries during construction. 418 graves were uncovered with 188 still holding human remains. China dolls head and a blue Bromo Seltzer bottle (photo) along with many other findings provide insight into the people who lived on that block. The Hospital also provided the remains with new coffins and reburial will occur on Dec. 8 at Oak Lawn Cemetery with a bronze plaque memorializing them. Beneficial Beepers reports on beepers issues to families of patients in ambulatory surgery, so they are free to leave the immediate area. Patient service coordinator Brenda White-Minor reports on the success of the project. Staff and families are delighted. (page 3)

The Thursday Afternoon Reading Club by MEM- This article describes a program in which Hopkins staff members read to local elementary school children from Tench Tilghman where Jeremy Nathan is on the board. Volunteers from Hopkins spend an hour each week with one child in an ongoing relationship. Participants include: Terell Hughes (photo) and Andrew Cameron with his buddy, Andrew Plitt (photo). It was developed by Karen Schrader an

Serial Volume 47: Dome - 1996, January-December

Serial Issue 47:1: Dome - 1996, January

Scope and Content:

This January 1996 issue of the Dome includes the following articles:

Braving the Blizzard of '96- This article describes the impact and work associated with back-to-back snowstorms. The people and problems featured included Brenda Keith, Joe Coppola, Robert Kuhn, Howie Gwon, Deborah Dang, Ted Chambers, "Baby" John Evans and Maryann Fralic. Heroic efforts by 17 volunteers cleared areas around the Outpatient Center and Emergency ward. Staff was transported by our 4x4s and National Guard Humvees. 400 people were stranded and slept in every conceivable spot. About two feet of snow fell, but there was no interruption in patient care. Several pictures show the snow and people's efforts. (page 1)

Heroes of the Storm - This article describes the activities of many people during the blizzard. They include Carolyn Gugerty, Andy Klein, M.D., Bill Wollenberg, Colene Daniel, Maryann Fralic, Ron Peterson, Glynis Shivers, Sue Dexheimer, Delores Rowlette and Laura Pugh. There is also a box with 10 often humorous reasons why people didn't come in. There are 5 photos of people working throughout the hospital and the weather they were facing. (page 2)

Serial Issue 47:2: Dome - 1996, March

Scope and Content:

This March 1996 issue of the Dome includes the following articles:

Logging on to the Information Age by Mary Ellen Miller - This article describes Hopkins' new computer technology and the reorganized Center for Information Services. It involves a "patient-centric approach" according to Stephanie Reel. The

Electronic Patient Record (EPR) is being more widely deployed as is "OrderNet". Information services will be installing new computers systems in a variety of places. Cardiologist Stephen Achuff chairs the advisory board that has helped initiate these changes. Achuff and Reel They are shown together in front of a large computer screen(photo). (page 1)

EPR: All together now - This brief article reports on the development over five months of EPR and Stephen Achuffs description of how collegial and collaborative the process was. (page 1)

CEO Position Created for Johns Hopkins Medicine - This article includes an organization chart that demonstrates the new governance structure that integrates Johns Hopkins' medical enterprises.

Briefcase - This is a series of short articles. A Winter for the Books describes the difficulties Hospital and staff experienced although everyone responded remarkably according to James Block. Efram Fuchs describes caring for BMT patients transported by four-wheel drive escorts. Patients including Kathy Long had to deliver their babies at the nearest hospital according to Jssica Bienstock and Nancy Callan. This included Kelsey Ann Long (photo). Home is Where the Heart describes the Heart Center of Towson, managed by cardiology, where patients experience a homelike atmosphere according to Nancy Bray. It also lowers costs (photo). What's in a Name? reports that two-thirds of Americans associate the name "Johns Hopkins" to a medical center or university according to a recent Gallup Poll. The Hopkins name ranks about Harvard, the NIH and Massachusetts General. (page 2)

Reengineering: The Next Phase by MEM - This article describes how people at Hopkins are about to start changing the way they work. This is led by Judy Reitz who reports they're accelerating into full gear on the functional units and departments. Terry Hammons describes that humans will need to change. The change is driven by new economic realities according to Ronald Peterson. An organizational structure has been created and ideas that seem achievable and that are currently endorsed are shown in a sidebar with these major components: care process and delivery, surgical services, administrative services, general services and purchased goods and services. Reitz indicates that we need to take individual risks to pilot immature ideas. Ron Peterson hopes that in the future that quality and service will be as important as cost. (page 3)

Reengineering Design Teams: A Progress Report by MEM - This article describes a number of areas where reengineering has or will take place. Beryl Rosenstein emphasized all services will be patient centered and will be customized for the functional unit. New contracts will save money according to Terry Cunningham and Colene Daniel. The scheduling of ORs has changed and will be accessed by secretaries and will be posted a week in advance. A pre-op documentation center has been established. The staff mix in the OR will also be more flexible according to Joan Magruder, but we must keep the port to the hospital wide enough. (page 5)

Mixing it up on the PACU by MEM- The article describes how the Peri-Anesthesia Care Unit has radically changed its staff mix of nurses and techs. Dina Krenzischek the nurse manager, realized she needed to maximize her resources, and everyone needed to take on more responsibility. Yvonne Vyskocil discusses the rapidity of change. New technicians have been hired and are expected to do much more than transport patients. Some of the staff are shown: Dina Krenzischek, Felisa Tanseco, Vanessa Cooley and David McBride. (photo). (page 4)

A Better Model BMT by MEM- This article describes the sh

[Serial Issue 47:3: Dome - 1996, May](#)

Scope and Content:

This May 1996 issue of the Dome includes the following articles:

A Primary Care Network of Our Own by Mary Ellen Miller - This article discusses how the low-profile Johns Hopkins Medical Services Corporation is on the brink of turning a financial corner, coming out of isolation and becoming more enmeshed with the Health System. A new organizational team will oversee this: Anne Warwick,

Marty D'Erasmus, Bill Rohn, Megan Lower, Bill Kent, Andrew Berman, M.D., and Tim Davis and are shown in a photo. It will provide affordable primary care at 17 sites and has contracts with Prudential Health Care Plan, Uniformed Services Family Health Plan and several other designated HMO's. William Kent explains that they will now be able to use Hopkins specialty Services because of a new capitation agreement where physicians deliver a menu of specialty services for a flat fee. Ronald Peterson praises D'Erasmus's capability. (page 1)

Teaching Redefined - This brief article describes how MSC provides training opportunities for residents and medical students according to Andrew Bergman and Maura McGuire. (page 1)

Sharpening Service by MEM - This article describes a new attitude taking hold around the Hospital that encourages better service of patients and their families. Service "ambassador" Lynnette Tillery helps usher in a renewed customer service approach (photo). This new approach has been created by Ruth LaFontaine, Joseph R. Coppola and Doris Alwine. It includes a weeklong training course. In addition, Irving McDonald will carry out a "concierge" role at the Hospital. (page 2)

Calendar - This is a listing of the topics, time and place for variety of talks and programs including the Telethon (photo) and the June 1996 Hearing and Balance Lecture Series. (page 2)

Evaluating Employee Performance by MEM - This article describes the Hospital's new standards to measure how employees perform on the job. It will provide great consistency, more staff involvement, and a fresh emphasis on service. Diane Iorfida emphasizes that service must equal our science. Faith Mauro indicates that our job descriptions hadn't matched our performance review format. Those with the highest rating will receive the largest merit increases but supervisors are encouraged to find additional ways to reward exceptional performance. (page 3)

Briefcase - This is a series of short articles. Emergency Renovation describes the 1.25 million renovations to the adult emergency department (photo) that will open on April 2 according to Jim Scheulen. Global Radio describes the Johns Hopkins' radio new program Health NewsFeed that has gone worldwide. Director Jack Sheehan produces the show. The Johnson Medical Center opens at a new site (photo) to be used by MSC according to Andrew Bergman. Summer Programs describes a new program for high school students at Homewood's School of Arts and Sciences. EHP Offered to University Employees describes the new plan (photo) that will be presented to employees in May. (page 3)

Hopkins and the East Baltimore Community by Randi Henderson - This article describes Hopkins commitment to the community. Colene Daniel and Rich Grossi (photo) have been reassessing community needs. Lucille Gorham, director of the Middle East Community Organization describes difficult relations dating back to the 1930's but notes positive changes recently. She notes that the Historic East Baltimore Community Action Coalition is important. Michael Seipp, its executive director reports Hopkins attitude has taken a 180-degree turn. Michael Jenkins, administrator for corporate and community services, points to multiple cooperative projects. Seipp points to issues that have been frustrating including unemployment, low income and lack of education and high homicide rates. Some of the people involved are shown in a photo: Adrian Mosely, Danielle Davis, Terry Todesco, Lauren Geyer, Michael Jenkins, Jim Eberwine, Valerie Jefferson-Byrd and Robbie Mabry. Scot T. Spencer notes that d

[Serial Issue 47:4: Dome - 1996, Summer](#)

Scope and Content:

This Summer 1996 issue of the Dome includes the following articles:
A Class and a Curriculum Graduate by Kate Ledger - This article describes experiences of the Class of 1996 who were the first students to experience the new curriculum designed under the direction of Catherine DeAngelis, vice dean of academic affairs and faculty, at the direction of Dean Michael Johns. Some of the new graduates are shown celebrating at graduation (photo). Changes including

decreasing large class lectures, working with community doctors from the first week, a journal club course, revised and coordinated syllabi, use of sophisticated computer graphics, more small groups, and a Physician and Society course led by Leon Gordis. Langford Kiss commented on upending tradition as did Sallie Johnson and Sharon Martin. Victor Velculescu spearheaded a research paper on impressions of the new curriculum. DeAngelis thought the students were happier. (page 1)
Musings from Medicine's Doorstep - This article describes some of the remarks made by Rachel McCormick (photo) who was the class of 1996 chosen class speaker. (page 1)

Promoting Johns Hopkins by Elaine F. Weiss - This article discusses the cautious use of advertising to attract patients as soon as a health problem arrives. It includes numerous reproductions of ads that have been placed. Toby Gordon, Carol Bloomberg Leslie Waldman and Bryan Yolles describe the new print ad, radio and TV campaigns for cardiovascular disease, cancer and ophthalmology that has been launched. They have gone through rigorous test group screening and are aimed at the Baltimore-Washington region to try to convince employers, physicians and patients to come to Hopkins at diagnosis, not as a last resort. It will also include public seminars and guidebooks to the services. Eventually the plan is to launch "hopkins USA" to reach a larger audience. (page 2).

Hopkins in the Burbs is Booming by Martha Merrell and Kate Ledger. This article describes the success of Green Spring Station (photo). In its first year, 100,000 patients visited the facility and the number of patients at the Outpatient Center also increased. New services are in the works: a comprehensive outpatient rehabilitation facility, an ambulatory surgery service, a sports medicine clinic, a CT and MRI scanner and more physician offices with a third building slated for 1998. Internist Ira Fine notes there's a waiting list of physicians who want to sign on. Tom Provost notes it's a very pleasant place to work. (page 3)

Homeless No More by Edith Nichols - This article describes the groundbreaking for the new School of Nursing building (drawing). Dean Sue Donaldson (photo) speaks to the growth of nursing education including the new Ph.D. program. Michael Bloomberg spoke of the contribution of nurses to society. (page 3)

Briefcase - This is a series of short articles. The Force is With Us describes the fleet of Protective Services officers who monitor the city streets surrounding campus. Lt. Ron Thurmond is shown placing a pin on officer John Gontrum (photo). This is a prelude to bringing an extensive protective force in-house according to Joseph R. Coppola. Wilmer's New Shop at the Center describes Wilmer's take over of the Benson Optical Shop on the concourse to provide glasses and contact lenses to employees and patients. Jay Blackman expects it will increase Wilmer revenues. Hopkins employees will get a discount. A Day at the Races describes Turtle Derby (photo) that raised nearly \$1300 for the Child Life Program and Perkins Day Care Center according to Jerriann Wilson. Golden Voices reports that Dome and Health NewsFeed have both one gold medals at the Council for the Advancement and Support of Education competition. Mary Elen Miller edits Dome and Jack Sheehan directs Health NewsFeed. Hopkins Medical News won a bronze medal. (page 3)

Swimming the Big Apple by KL - This story describes the experience of Viki Altomonte (photos), a 45-year-old oncology nurse compet

Serial Issue 47:5: Dome - 1996, September

Scope and Content:

This September 1996 issue of the Dome includes the following articles:
A Model of its Kind - This article describes the Hospital's new model for caring for patients that removes inefficiencies and frees up a team of clinicians, nurses and support services to bring them closer to the bedside. The concept has been in design for two years. A diagram shows integration of services focused on the patient. A number of people comment on the program: Maryann Fralic, Lisa Phifer, Judy Reitz, Sc.D., Beryl Rosenstein, M.D., Charles Cummings, M.D., Robert Moesinger, M.D., Robert Feroli, Pharm D., Patricia Charache, M.D., Robert Bona,

and Debbie Dang. The concept will be launched on 3 units and on a staggered-rollout on 64 patient units over the next three years. Sally Noone and Kristin Comegys are shown with a patient (photo). Edward Janowicz loads medications for robotic retrieval in a new medication dispensing system for each unit (photo). (pages 1 and 2)

What Nurses Think - This article provides the opinions of six nurse managers in charge of units where the new care model will begin. They include Kristin Comegys, Karen Davis, Sally Noone, Jane Shivnan, Joanne Mills and Frances Tolley (photos). (page 3)

Creating a Care Model - This article describes the process used to create the new model-- matching unit tasks with staff skills from the bottom up. It is described by Lisa Phifer, Maryann Fralic, Edward D. Miller, M.D., and Lori Paine, R.N., M.S. It also involved linking support services to the units. (page 3)

Supporting Change - This article describes the extensive support program that is being implemented for this change in the model of care. It is described by Sheila Collins, Sandy Johnson, Carol Payne, Lori Paine, Diane Iorfida, Jo Wolrath and Mary Jacobs. It includes the STELLAR program (Success Through Employee Learning Linkages and Resources) shown in a diagram. Sandy Johnson, program coordinator and Michael Davenport, manager are pictured (photo). Programs also include agreements with the Union to support the 150 Nursing Support Technicians whose positions are being phased out. They will enter a temporary pool, have guaranteed work for six months and will be provided with training opportunities. (page 4)

Serial Issue 47:6: Dome - 1996, October

Scope and Content:

This October 1996 issue of the Dome includes the following articles:

The Many Faces of United Way - This article discusses the ways Hopkins staff and co-workers funnel charity dollars back into their workplace by contributing to the United Way and some of the volunteer activities they pursue. A photo shows the kickoff event. The goal is to raise 377,700 from the East Baltimore Campus. Fifteen United Way agencies provide grants to the Medical Institutions. The following leaders discuss the Campaign: Joan Magruder, Donlin Long and Ronald Peterson. (page 1)

Employees Who Benefitted - This article discuss two employees: Edna Mann (photo) and her program to hire local kids to clean up and beautify the community and Mark Click and his wife Lynn Wuesthoff Shaeffer who received help from United Way's International Unit of the United Catholic Charities' Adoption Services in adopting several children (photo). (page 1 and 2)

Insider's View - This article describes Carol Green's (photo) experience participating in the Volunteer Loaned Representative Program for 16 weeks. It reinforces Jan Hedbloom's experience of understanding how carefully United Way reviews proposals for distributing funds. (page 2)

Funds Go Full Circle - This article describes the support the Medical Institutions receive from various agencies according to Carol Stansbury, Sharon Crumm and Judy Peregoff. Sharon Krumm is shown with Barbara Lubejko and Anita Reedy (photo).(page 2)

Giving Time, Too - This article describes various volunteer activities that people participate in with United Way organizations. They include Bramblee Bird with MS (photo), Vickie Coombs with the Heart Association (photo), Victoria Baer with the Hispanic Apostolate of Catholic Charities (photo), Jack Sheehan with the Boy Scouts (photo), and Ray Lenhard Jr. with numerous organizations. (page 2)

Serial Issue 47:7: Dome - 1996, November

Scope and Content:

This November 1996 issue of the Dome includes the following articles:

Brody's Back by Mary Ellen Miller - This article reports that William Brody (photo) has been named the University's 13th President. He is a physician, businessman,

futurist and Hopkins insider, having been director of radiology before becoming provost of University of Minnesota Academic Health Center in 1994. He had also been chair of a JHU-wide faculty group, the Committee for the 21st Century, charged with taking a critical look at the major problems facing Hopkins. He is facing a number of problems: cutting hospital costs, having departments working together as a group, creating an integrated group practice model and strengthening the University in the face of new competitors like for-profit companies that want to enter the education business. (page 1)

Wilmer Eye Care Pavilion Unveiled by MEM -- This article describes the reengineering that went into the new Wilmer unit where form follows function, and the past is ever present. Morton Goldberg (photo) describes the improved environment both physically and in terms of staffing. Same-day surgery, inpatient and emergency care have been combined into one unit. Efficiency and flexibility have been key according to Jay Blackman and Vicky Navaro. There's calm, quiet environment that is important to people with vision problems. The octagonal space under the dome will exhibit Wilmer artifacts. (page 2)

Veterans of Reengineering - This article describes the changes in nursing in Wilmer when inpatient, outpatient and emergency care nursing was merged four years ago. As Frances Tolley notes, very few nurses can pull it off. However, nurses like Virginia Helmbach are adding an extra dimension and began training in the Wilmer OR two years ago. And more change is coming as Wilmer will be one of the first units to break in the new Hospital wide patient care deliver model. (page 2)

Speaking of Hopkins by MEM - This article describes a new speakers bureau of Hopkins faculty who will provide lectures from a choice of 600 topics to community physicians and hospitals. Patricia Hogentogler was happy to use the service for the Community Hospital of Lancaster. It was Terry Langbaum's idea and is being run by Susanne Wilson and Donna Whippo. (page 3)

Getting a Jump on the Holidays - This article describes the annual Women's Board Christmas Sale at the Carriage House at Evergreen. Activities include the sale, a tour of Evergreen, a black-tie Gala and a silent auction. Board officers include Millie Brawley, Joan Thomas, Fifi Peck, Mary J. Moses, and Sarah Fisher (photo). Over its 70-year history they have raised more than \$6 million for Hospital projects. (page 3)

Briefcase - This is a series of short articles. Blizzard Baby describes the efforts to get embryologist Jewel Smart to the hospital during last January's blizzard so that she could organize egg retrieval, fertilization and implantation for Mr. and Mrs. John Stobo Jr. who are shown with baby Berkeley who was recently delivered. (photo). He is the grandson of John Stobo. Gift from the Heart describes a ceremony where plaques, gifts and monetary gifts were made by Haltham Najjar and accepted by Dr. Robert Udelsman (photo) because of care rendered to a Saudi Arabian prince this summer. "Family Friendly" Hopkins reports that Johns Hopkins is a leader when it come to policies and programs designed to help employees balance their personal and work lives. A Night in the Park reports on local event held as part of "National Night Out" where an East Baltimore event became a festival--live entertainment, games for kids, marching bands, food, and crime prevention tips were enjoyed by man. A photo shown a Children's Center nurse fitting one of the 1000 bike helmets that were provided. (photo). (page 3)

News Round Up - This is a few short articles. Hopkins and Patient First to Develop Suburban Medical Network describes the recent agreement in which Hopkins will assist them in deve

Serial Issue 47:8: Dome - 1996, December

Scope and Content:

This December 1996 issue of the Dome includes the following articles: Playing by Medicaid's New Rules by Mary Ellen Miller. This article reports that in February, Maryland's Medicaid patients will be absorbed in the world of managed care. Hopkins has devised a plan to tackle the challenges to its core missions--and

its bottom line. Audrey Howard and her sons, Sean and Ricky are shown visiting pediatrician Jeanne Santoli (photo) and they are loyal to Hopkins where Ricky life was saved. But care for families like hers will be changing although Hopkins plans to continue to provide care for all in a competitive new market. Priority Partners has been created to enroll and coordinate the management of patients on Medicaid. They will receive "capitation" payments from the state, a flat fee per month for each patient it enrolls according to John D. Stobo, M.D. The Medical Services Corporation is a key player in Hopkins' vast physician network and is experienced in operating in a capitated environment according to Marty D'Erasmo. Customer service will be key since they have many choices where to obtain care. (page 1)

Getting the Message Out - This article describes the job and strategies for marketing the new managed care according to Carol Bloomberg. This will involve getting information out to 7,000 people and much will depend on staff being able to communicate the information. (page 1)

Welcoming New Recruits by MEM. This article describes the Hospital expansion of its orientation program for new employees. It is now a two day program that allows time to be introduced to a wide range of information and includes a 45-minute tour (photo with HR's Amy Juskowitz and new employees) with lots of practical information according to Diane Iorfida. It also builds camaraderie. Gloria Bryan plans to expand the School of Medicine's orientation program. It also helps people know what others are doing according to Pat DeBerry. (page 2)

Briefcase - This is a series of short articles. A Hollywood Connection Never Hurts describes how Edward Norton (a Columbia, MD native) arranged a benefit screening of his new film, "Everyone Says I Love You" with Drew Barrymore at The Senator and raised more than \$100,000 for Dr. Henry Brem's team who are pioneering a new treatment for brain tumors which his mother received. (photo). Adopting the Needy describes the ways in which Hopkins people can Adopt-A-Family, providing gifts the holidays. Painting the Big Picture describes a series of posters in the Broadway corridor and throughout the hospital that puts the new Hospital wide project into perspective (photo). (page 2)

So Long, Miss Daisy by MEM. This article describes the 42 year career of the Hospital's beloved Daisy Perry (photo). She is supervisor of employee records in Diane Iorfida's department. She will be missed by many including Iorfida and Tim Davis. Perry was born at Hopkins, recognizes how well her family was cared for here, and also recalls the days of a segregated Hopkins. She recalls things began to change after Martin Luther King Jr.'s assassination in 1968, but she prefers the Hopkins of those times because it was smaller and there was compassion regardless of color. (page 2)

Of Christmas Past by John Collins Harvey- This article is an abridged version of his December 20, 1958 article in the Saturday Evening Post(photo) It tells of his doubts about himself and his abilities when he was early in his internship year. And then he took care of Irene, a 39 year-old uneducated Negro woman from the Eastern Shore who had been brought to Hopkins as a last resort by her family. She was found to be anemic, with hyperthyroidism and a large ulcer. She was treated and gradually recovered. Harvey describes her simple life and the fact that she gathers holly. By Christmas, Harvey was even lonelier and more doubtful. He describes feeling renewed as a participated in the annual caroling of The Memorial Baptist Church Choir in the Rotunda under the Christ sta

Serial Volume 48: Dome - 1997, February-December

Serial Issue 48:1: Dome - 1997, February

Scope and Content: This February 1997 issue of the Dome includes the following articles:
Miller's Charge by Mary Ellen Miller - This article describes how Edward Doring Miller Jr. (photo) has begun his work as the first CEO of Hopkins Medicine. He plans

to increase customer satisfaction, cut costs and increase patient volumes, while seeking innovative ways to operate the medical complex. Customers include patients and referring physicians. He will also have to deal with a \$55 million budget cut. We need to increase patient volume in a variety of ways, through Hopkins USA, International Services and a new managed care organization. We need to show that it's better to have a major operation done at Hopkins because it's cheaper and the outcome is better. (page 1)

The Consummate Conciliator - This article describes the search for the first CEO and recognizing after nearly a year that they had him in Edward Miller whose administrative skills set him apart as the anesthesiology chief. There was also chemistry between Miller, JHH President Ronald Peterson and University President William Brody. Miller believes the key to this relationship is trust. He's a hands-on manager. Steven Thompson says he creates a climate where people feel free to contribute. And Elias Zerhouni calls him a low-maintenance chief. Miller also quickly felt that Hopkins was home. (page 1)

Courting Customers by MEM-- This article reports that the most important message that our new CEO wants to relay to employees is that patients come first. It is an imperative. Elias Zerhouni, M.D. notes that we have to grapple with his or customers will go elsewhere. He and Judy Reitz, Sc.D. will spearhead the new customer service initiative. Our own survey suggests that service lags behind the top 10% of hospital, especially in areas like access to physicians, billing and feedback to referring physicians. Service has risen to the top of commitments. We will target patient waiting time and billing first. Zerhouni points out that we're at Hopkins to serve our patients who are suffering. (page 2)

Finding Compassion by MEM-- This article describes the gratitude Chris Massoni wanted to express to the staff at Hopkins after her mother, Helen Piscopo (photo) passed away. She had been admitted to Hopkins 40 times since April 1993, battling coronary artery disease and finally pneumonia. So many people were kind to her: parking guards, nurses, secretaries, escorts, X-ray techs, and physicians. She particularly wanted to express gratitude to Billie Jo Kreps and Dr. Amy Gordon. (pages 2 and 8)

Anatomy of a Culture Change by MEM - This article discusses how the customer service gurus at Corporate Security Services have turned around a previously lackluster organization. The chief, Joe Coppola, has entirely changed the service since he took over in 1994. He changed recruitment and now has a staff turnover rate of 48%, 70% less than when he arrived. The training program includes careful attention to customer service and a one- or two-week training course. He rewards good service and has high expectations for appearance of his employees. He encourages advancement and career development, and the department carefully manages its performance. Photos show Lt. Andrew Arthurton conducting an inspection, an employee using departmental shoe polish to polish his shoes and Officer Darryl White inspecting his uniform before he goes on duty. (page 3)

Wielding the Ac by MEM - This story describes an unprecedented budget cut of \$55 million that is necessary to keep the institution competitive. Hospital clinical and administrative departments will take 10 and 15 percent cuts according to Ronald Peterson. The plan is to cut the differential of our costs in comparison to our competitors to 15 percent. Edward Miller says the cost cutting must come quickly to avert loss of patient volumes. There are concerns about the flat fees that Medicaid patients will pay/month for each patient enrolled in managed care organizations, as well as

Serial Issue 48:2: Dome - 1997, May

Scope and Content:

This May 1997 issue of the Dome includes the following articles:

The Power Behind the Dome by Mary Ellen Miller - This article relates that Hopkins secretaries may not rule the world, but they keep it spinning on its axis. Multiple "secretaries", a term many prefer, and executive assistants are described in this

article, along with the duties they perform and the joy that they find in their work. They include Amy Ahlquist, Tammi Fraley, Tina Gwiazda, Jo Ann Young, Julie Ro and Vivian McClain (photo). Amy works with Gabe Kelen. Julia Ro works for Colene Daniel. Kathy Long works for Dean/CEO Edward Miller, Tammi Fraley help President Ronald Peterson. Vivian McClain is administrative secretary for environmental services. Tina Gwiazda assists Bert Vogelstein. (pages 1 and 7)

The Out-of-Towners Get a Guide by MEM-- This article describes the service that Johns Hopkins USA provides for nonlocal patients who are trying to find the right resource at Hopkins. It describes the work of Susanne Wilson, Stephanie Garon and Sandra Zeiler (photo) under the leadership of Toby Gordon. It is in its pilot phase and hopes to increase the number of complex patients who result in average per-patient billings of about \$17,000 and increases the types of cases that our scientists want to study. (page 2)

Medicaid Metamorphosis by MEM- This article describes the preparation Hopkins is doing in light of sweeping changes in Medicaid. Medicaid patients will need to enroll in a managed care organization (MCO) soon and Hopkins participates with two: Prudential MCO and Priority Partners. All patients will need pre-authorization from their primary care provider to receive Hopkins services. Many complexities exist including being able to verify the patient's plan and certainly to provide the level of care that is expected. (page 2)

Home Safe by Mary Ann Ayd-- This article describes the first hospital-based, pediatric home safety center that gives parents hands-on skills. The center is able to demonstrate areas of safety that need to be addressed, sell safety gadgets at cost and provide education in their use. It's the brainchild of Andrea Gielen and Modena Wilson since injuries claim the lives of more children under 5 every year than cancer, leukemia and AIDS combined. It is run by Andrea Gielen shown with Lisa Williams (photo). George Dover, Pediatrics Director, believes this is elevating injury prevention to the level of immunization. It is supported by multiple grants from the community. (page 3)

Briefcase - This is a series of short articles. That's a lot of Latte describes the activities of the Coffee Bar run by The Women's Board. Sale of pastries and coffees has resulted in a half-million-dollar donation to the Hospital over five years. It is staffed by volunteers such as William Fritz (photo), Mary Jo Wagandt and Ethel Johnson. Airport Parking's a Deal describes a discounted rate at Airport Fast Park negotiated by Uniglobe Harborside Travel for Hopkins employees that will result in half price charges. ISO: Women's Business Clothes describes efforts of the last three years where staff have donated gently used business clothing to a Glen Burnie YWCA provide appropriate dress for women seeking employment as part of the program run by Esther Weisman. There was a contest for nutrition employees and Margaret Burton (photo) won the prize for her biscuit recipe. (page 3)

What's Cooking'? by MEM-- This article describes some changes inside the Hospital's kitchens and eateries. Ken Debelius (photo), in charge of the nutrition enterprise, describes the goals he seeks: make the food great, provide aggressive hospitality, improve timeliness, have at least a "good" rating 100% of the time and provide resources for his team for advancement. He recently celebrated with 10 of his staff who completed 8 weeks of cooking classes and were awarded a toque blanche certificate (photo) and joy showing Laura Pugh embracing Annie Mayo (photo) on graduation day. (page 4)

Bay

[Serial Issue 48:3: Dome - 1997, July](#)

Scope and Content:

This July 1997 issue of the Dome includes the following articles:
The Job that Built Bridges by Mary Ellen Miller - This article describes Hopkins' new support associate role. These individuals do a variety of jobs on each unit including housekeeping, passing out meals and stocking supplies, and they are considered an integral part of the team. Some of the trailblazers describe their new life and

ambitions-- Cheryl Smith, shown with Kimberly Scott (photo) and Javodah "Cookie" Peterson. Patty Persuhn is in charge of the three-week training program. Nurse managers like Madalyn Biggs and Kathy Lower are pleased with this new support staff. (page 1)

An Unexpected Role Model - This brief article describes William Bradford's (photo) recruitment for a support associate job by Madalyn Biggs and the success he's had in the role. He is able to describe his life as a recovering addict to many of his patients. (page 1)

Caring What the Neighbors Think by Mary Ann Ayd- This article reports on Hopkins' community health outreach workers -- Donna Dingle, Diane Watson, Kristina Hocking, Sharone Holmes, Lisa Mack, Shawntell Goode and and coordinator Veronica Best (photo) who are envoys to the community who will provide outreach and information about Medicaid and services that Hopkins will provide through Priority Partners or Prudential HealthCare Community Plan. Best and Adrian Mosley were recruited and trained through HEBAC's Community Health Outreach Partnership. Rev. Doris Lyles reports how prepared these women were to talk with her community. (page 2)

Keeping it Under Wraps by MEM-- This article describes the effort being taken to be sure that everyone is serious about patient confidentiality. It is coordinated by Joyce James. Patrick Gilbert and John Welby have produced a video to demonstrate the problem. (photo) (page 2).

Paying by the Rules by MEM-- This article reports that next month, most Hospital and Health System employees will switch to biweekly paychecks and will get paid every other Friday as part of an effort to cut costs. Michael Larson reports it will avoid lay-offs because there will be a \$150,000 savings/year because of accounting efficiencies. (page 3)

Making the Most of Down Time by MEM -- This article describes a day of workshops organized by the support staff at Wilmer (Mumtaz B.B. Kammerer, Carolyn Dunn, Marcia Carpenter, Cathie Felter, Maria Stevens and Irene Skop) (photo). This allowed 100 support personnel at Wilmer to attend a variety of seminars that included updates on what was happening at Wilmer and information about teaching at Wilmer (Neil Miller). Shirley Stone emphasized that it was another reason to be proud to work at Wilmer. They'd be willing to coach other departments who want to try it. (page 3)

Jo Jo Girard and Kenny Campbell, along with Alan Hay, presented a check from MIX 106.5 during the Children's Miracle Network Telethon on WMAR-TV, hosted by Stan Stovall and Mary Beth Marsden along. A total of \$430,000 was raised by MIX, part of the \$2.1 million raised in total. ((photo) (page 3).

Who/What - These are several short articles: John D. Stobo, M.D. (photo) has been named vice dean for research and technology. Gregory F. Schaffer (photo) has been appointed senior vice president of operations at Johns Hopkins Bayview. Jairo Garcia, M.D. (photo) returns as associate professor of gynecology and obstetrics and director of the in vitro fertilization program. Harry Cl. Dietz II, M.D. and Daniel J. Leahy, Ph.D. have received funding from the Howard Hughes Medical Insititute. Jeffrey S. Dome, M.D. and Wing Leung, M.D. have received American Society of Clinical Oncology Young Investigator awards. Others mentioned are: Phillip A. Beachy Ph.D., Gloria J. Bryan (photo), James N. Campbell, M.D., Jennifer Dunn Bucholtz, R.N.,M.S., Nancy L Craig, Ph.D. (photo), David M. Cromwell, M.D., Justin Hanes, Ph.D., Jane Hartman (photo), Jonathan Jarow, M.D., David E. Kern, M.D.,M.P.H., Matthew Loscalzo, M.S.W. (pho

Serial Issue 48:4: Dome - 1997, August

Scope and Content:

This August 1997 issue of the Dome includes the following articles: Bringing Back Nicholas by Mary Ellen Miller. This article describes a mother's fortitude, her baby's will to live, and the hospital that rescued him. Mary Forbes, an experienced nurse and mother of 3 other boys, knew that something was wrong with

Nicholas (photo) and consulted her pediatrician multiple times. His difficulties were written off to minor problems. But she knew that he was failing. She finally brought him to a local hospital in Frederick. They admitted him but found nothing wrong. Fortunately, a pediatric cardiologist happened by the distraught parents, looked at the X-ray, briefly examined the baby and sent him to Hopkins where he was greeted by Jean Kan who immediately recognized the mom and the baby's distress. Hopkins surgeon, Duke Cameron, amidst a busy personal weekend, took over. He diagnosed a coarctation of the aorta, stabilized the baby and brought his team together over the Labor Day weekend when they operated on Nicholas. Cameron described the joy in operating on babies. Nicholas responded beautifully and has progressed well. At 10 1/2 months, he's walking, singing and loving life. They're looking forward to his first birthday with his brothers, Philip, Mark and Joseph (photo). (page 1 and 3)

EHP: Off to a Promising Start by MEM -- This article describes the 18-month experience of Employee Health Plans (EHP). Jerome Gotthainer, CEO, describes its efficiency and the philosophy of freeing Hopkins physicians to practice medicine according to their own instincts, rather than having decisions dictated by a distant third party. It has saved more than \$4 million. 93% of customers are satisfied. Multiple people report how well it is functioning: Denise Quandt, Gary Miles, Linda Johnson, David Rogers, Cyndy Demarest, and Michael Mascolo (photo) who is responsible for increasing the number of EHP enrollees. (page 2)

Mercedes Medical Care by Patrick Gilbert -- This article describes the launch of Hopkins' Executive Health Program. Executives pay an average of \$1400 for the initial all-day exam, at the time of service. George Sack expects to increase the number of patients to 1,000 annually. Efficiency is critical and the program is lauded by Kenneth Mason and Richard Feisenstein. Sack hopes to double the number of doctors, increase availability and add amenities. (page 2)

Eric Davis' Dilemma by Sono Motoyama -- This article describes how the Orioles outfielder overcame his mistrust of doctors when he was diagnosed at Hopkins with cancer. Davis (photo) had experienced many injuries and problems getting good treatment. Terrible stomach pain brought him to Keith Lillemoe, who along with Elliott Fishman, evaluated him and found a mass in the colon which turned out to be cancer. Lillemoe worked with Davis, having established a good relationship and helped him return home for further chemotherapy. He'll return to Baltimore, the Orioles and Hopkins for further treatment. (page 3)

Who/What - These are several short articles: Joan H. Williams (photo) has been named human resources VP. Martha N. Hill, Ph.D., R.N. (photo) has been elected president of the American Heart Association. The Eastern District Police Community Relations Council has presented its Allen H. Burke Humanitarian Award to Corporate Security Services. Hopkins was No. 1 in U.S. News & World Report for the 7th time. (photo) Others mentioned include: William Bishai, M.D., Ph.D., Theodore M. Bayless, M.D., Karen I. Bolla, Ph.D., William Briggs, M.D., Jayne M. Campbell M.L.S. (photo), Joseph A Carrese, M.D., M.P.H., Benjamin S. Carson, M.D. (photo), Evangeline Cheatham, Anirvan Ghosh, Ph.D. (photo), John P. Kostuik, M.D., Esteban Mezey, N.D. (photo), and Laurie A. Saletnik, R.N., B.S.N., C.N.O.R. (page 4)

Best Dressed Sale Set for Sept. 25-28. It will occur at the Evergreen Carriage House. It is co-chaired by Carolyn Meredith and Debbie Kurz. (page 4)

Summer in the City by Ben Guest - This

[Serial Issue 48:5: Dome - 1997, October](#)

Scope and Content:

This October 1997 issue of the Dome includes the following articles:
A Plea for Help by Patrick Gilbert. This story reports the Johns Hopkins Medicine has set \$722,000 as its goal for the 1997 United Way Campaign. Many employees volunteer through United Way funded programs including Kate Ledger who is Big Sister for Kimberly Knatz (photo). Many others comment on its importance and the

need for better participation: Lisa Elliott, Tobin Tomechko, Edward Miller, Ron Peterson, Terry Cunningham, Beryl Rosenstein and Gabe Kelen who notes that JH Medicine contributes about \$674,000 and gets back \$5.8 million from its agencies. (page 1)

The Needs are Real - This short note reports that Central Maryland fall short of the standard for giving to charities, specifically United Way. We have experienced a net decrease in recent years. Welfare reform has impacted many people and the largest portion of funds support programs that improve health and prevent disease, strengthen families and reach out to children and youth. (page 1)

Homing in on Health Care by Meredith Schlow - This article describes nurses and other therapists who provide even complex services in homes. Home health care is a burgeoning industry. Marjorie Bauman reports that in the last year Johns Hopkins Home Care Group made over 130,000 visits. Martha Merrell describes the superb care she was given. Nurse Brenda Hensly (photo with patient Edna Green) describes how rewarding it is as does Penny Carey. But the paperwork is burdensome. (page 2)

Easy Recycling Yields Top Results by Mitzi Perdue - This article reports on her tour of the Johns Hopkins School of Medicine's recycling efforts with Jack Grinnalds. He reports that if a recycling container and a trash can are side by side people will separate their waste 100% of the time. This has already saved the school \$35,000 in disposal costs and everyone is pleased that local landfills will last longer and that fewer virgin resources are used. (page 2)

McKusick and Sommer Win Lasker Awards - This article reports Victor McKusick (photo) was honored for a lifetime body of work and essentially founds founding an entire branch of medicine (medical genetics). Alfred Sommer (photo) was honored for his pioneering studies demonstrating vitamin A's role in preventing blindness and a number of life-threatening infections. Other Hopkins Lasker Award winners include: Vernon Mountcastle, Solomon Snyder, William Kouwenhoven, Abel Wolman, Arnall Patz, Alfred Blalock, Helen Taussig and Horsley Gant. (page 3)

Saluting Employees - This article reports that 413 Hospital employees were honored at the annual Employee Award Ceremony and that 25 were presented with awards for outstanding job performance. Their names/departments are listed. (page 3)

Containing Influenza by Mary Ellen Miller -- This article reports that free flu shots benefit employees and patients and notes the times and places they will be available. Trish Perl describes the difficulties in getting the shots to people-- so she and her team went to them. She reports that fear of side effects is common, but unfounded. John Bartlett reports there is now evidence that when health care workers get flu shots, mortality among patients is significantly reduced. (page 3)

Who/What - This is a series of multiple short notes about people. Michael A. Thompson (photo) has been appointed as vice president of managed care for JHM. William M. Kent, M.H.A. (photo) has been promoted to executive vice president and chief operating officer of the Johns Hopkins Medical Services corporation. Fredrick J. Montz, M.D. (photo) has been named director of the Division of Gynecologic Oncology. Four were awarded MS Grants: John Griffin, M.D., Jennifer F. Rowell, Ph.D., Ronald L. Schnaar, Ph.D., and Jonathan P. Schneck, N.D., Ph.D. Other people mentioned are: Susan Allen (photo), Marjorie Bauman (photo), June Buckle, Sc.D. (photo), John R. Burton, M.D. (photo), Robert J. Carter, Janice E. Hedblom, M.S.W. (photo)

Serial Issue 48:6: Dome - 1997, November

Scope and Content:

This November 1997 issue of the Dome includes the following articles:
The Unsinkable Victoria Cooper by Mary Ellen Miller- This story describes how a Hopkins case manager turned her own arduous journey through life into a calling. Victoria Cooper (photo) had graduated from Towson majoring in speech pathology and minoring in psychology and worked for a decade with the learning disabled before she became seriously mentally ill. She was homeless and hospitalized

numerous times before an agency helped her put her life back together and she realized she would need medication indefinitely. She then completed a course that enabled her to complete a course in consumer case management. This led her to Hopkins where she was recruited by Michele Weaver and Annelle Primm. She has an outstanding record of having obtained permanent housing for 20 clients in a year and is known for being totally available and meeting people eye to eye. She plans to go on for a Ph.D. to become a psychotherapist. (page 1)

Links to Home by Mary Ann Ayd-- This article describes how Broadway Services strokes of compassion keep Rockwell House out of the rough. They organize a yearly golf tournament that supports The Joanne Rockwell Memorial House that provides affordable living quarters for out-of-towners receiving treatment at Hopkins. It's organized by Tom McGowan (photo) and praised by James Zabora and Patricia Covell. (page 2)

Briefcase - This is a series of short articles. Valet Parking Introduced at Outpatient Center has been launched according to Josepha Coppola and Larry Cohen. It will cost an extra \$5. Hot Scientists reports that Hopkins researchers led us to be ranked second in the number of high impact papers with 636 well-recognized publications from people like Bert Vogelstein, Kenneth Kinzler and Solomon H. Snyder. Saturday Seminar for Women hosted by A Woman's Journey will happen on November 22nd. Holiday Adoptions Available offers opportunities for staff to provide holiday gifts to needy families. December Blood Drive reports the American Red Cross will deliver a stuffed teddy bear to a sick child for each person who donates and donors will get a free T-shirt. (page 2)

Bricks and Mortar, Cranes and Girders -- This article reports that despite hard financial times, Hopkins is rebuilding itself. Frances Tolley reports it took about a year to get settled in the new Wilmer Center. There are photos of the Comprehensive Cancer Center, a rendering of what it will look like, the School of Nursing Building and a rendering of the Cancer Research Building (photo). Projects and their costs include: Comprehensive Cancer Center, Cancer Research Building, School of Nursing Building, Ambulatory Care Center at Bayview, Johns Hopkins at Green Spring Station (Pavilion II), Credit Union, Basic Science Renovations, Inpatient Rehabilitation Unit. (page 3)

Who/What - These are several short articles: Bart Chernow, M.D. (photo) is the new vice dean of research, technology and corporate relations for the School of Medicine. Gerald W. Hart, Ph.D. (photo) has returned as director of the Department of Biological Chemistry at the School of Medicine. Anirvan Ghosh, Ph.D. (photo) and Sharon L. Walsh, Ph.D. (photo) have received Presidential Early Career Awards for Scientists and Engineers. Ronald Brookmeyer, Ph.D., Jesse Roth, M.D. (photo) and Howard H. Seliger have been elected American association for the Advancement of Science Fellows. The Johns Hopkins Health System has been recognized by the Baltimore Branch of the NAACP. Morton F. Goldberg, M.D., Mark S. Humayun, M.D., Ph.D. and Gerald A. Luty, Ph.D. have received grants from Research to Prevent Blindness. Others mentioned include: Allan J. Belzberg, M.D., William R. Brody, M.D., Ph.D. (photo), Joseph R. Coppolla (photo), Juan R. Carcia, B.F.A., B.S., M.A. (photo), Julia A. Haller M.D. (photo), Jule Hallerdin, M.N., M.P.H., C.N.M., Victor A. McKusick, M.D. (photo), Gregory F. Parr, M.S., R.N., A.C.R.N., Joseph Rammac

[Serial Issue 48:7: Dome - 1997, December](#)

Scope and Content:

This December 1997 issue of the Dome includes the following articles:
Can We Breathe Yet? by Mary Ellen Miller -- This article describes the skyrocketing census with higher volumes, sicker patients and shorter stays exemplified by the nursing station shown on Meyer 9 (photo).
why Business is Good - This short article reports on the improved discharge rate according to President Ronald Peterson. Multiple business moves have helped including Green Spring Station, work of the Medical Services Corporation, new

faculty members and more international patients. (page 1)

Latex Gloves, RIP by Anne Bennett Swingle -- This article reports that latex examination gloves will soon be replaced with a vinyl counterpart. Immunologist Robert Hamilton (photo) has seen people with severe, sometimes life-threatening reactions to latex and although Edward Bernacki reports there are not a lot of problems with latex, Hopkins will be replacing them. Cornell Dockett's terrible reaction to latex was discovered in the OR by Lynnette Mark. Jay Frerotte and Bernacki have now found an acceptable alternative vinyl glove and they will be used throughout the Hospital according to Kathy Hale. (page 2)

Counting to 2000 by Meredith Schlow -- This article describes how information specialists are working to defuse a computer time bomb that could detonate at the turn of the century. Cele DiGiacomo describes the problems associated with the fact that computers only store the last two digits of the years. This could be a large problem in payroll. Stephanie Reel notes that a lot of software programs are vulnerable. The computer systems are being updated and will cost about \$2 million. Mark Ruppert is concerned about integrating all the systems and is directing the internal audit. It is expected to be complete in 1998. (page 2)

Hopkins Confidential by Mary Ann Ayd - This article emphasizes that patient information is privileged information. James Michelson notes EPR is important for 100% access, but that patients (including Hopkins physicians) want their records to be private. Scott Coard (photo) emphasizes that a confidentiality of information statement is signed by every employee. Kevin Johnson notes that getting into EPR is not a pain, but there isn't much wiggle room to add security. Senior counsel Margaret Garrett emphasizes that there are no well-intentioned confidentiality violations. Louise Thompson who has access to all records doesn't look at any of them and emphasizes that we should never share our password. (page 3)

When Quality Matters - This brief note indicates that most patients seek care at Hopkins (like Ron Wroblewski) because they're in hands they know and aren't worried about confidentiality concerns. Sandra Eller notes that it depends on your degree of paranoia. (page 3)

Briefcase - These brief notes report on: Remembering Scotty in which Scott and Cindy Fritsch launched a toy drive for the radiation oncology clinic after they lost their son to cancer; Best Breast Center report Self magazine rated Johns Hopkins Breast Center among America's top 10 of its kind; Giving the Gift of Good Health suggests that subscriptions to Health After 50 would be a good gift. (page 3)

Who/What -- This series of brief notes reports Christine E. Kasper, Ph.D., R.N., (photo) has been named to the new M. Adelaide Nutting Chair in the School of Nursing; five including Jerilyn Allen, Sc.D., R.N., Karen Huss Ph.D., R.N., Robin Remsburg, Ph.D., Peter Valtkevicius, M.D. and Inez Wendel, M.S., C.R.N.P. were named grant recipients by the Fund for Geriatric Medicine and Nursing; Devesh Srivastava, Ph.D., Jermaine Thomas, Kate Dragasic, M=Anna Marie Oyarce, Ph.D., Harold Shinitzky, Psy.D., Brad Bolster and Scott Walsh are tops in tennis; others mentioned are: Marjorie Bauman (photo), Virginia Corson Barbara J. De Lateur, M.D. (photo), Yener S. Erozan, M.D. (photo), Tony Etzel, Thomas M. Killmond, PA-C (photo), Carl Moyer (photo), Pam King Sams (photo) and Nancy L. Sle

Serial Volume 49: Dome - 1998, February-December

Serial Issue 49:1: Dome - 1998, February

Scope and Content:

This February 1998 issue of the Dome includes the following articles:
 The Coming of Age of Rehab Medicine by Mary Ellen Miller -- This article reports that the department has beefed up services and added new satellite locations but that nothing will bring Physical Medicine and Rehabilitation to the forefront like its new inpatient unit on Halsted 3. Having an inpatient unit was the only condition that Barbara deLateur (photo) made when she became director of PM &R. Many others

comment on its importance including: Henry Brem, Kathy Michael and Kathy Kaufman. It will enable patients who need at least three hours of therapy a day to be transferred within the hospital. (page 1)

Empathy Personified - This short article describes Kathy Michael's (photo) role as coordinator for rehabilitation nursing services and her role in developing the unit. (page 1)

Taking a Stand by Anne Bennett Swingle-- This article reports that five first-year medical students have banded together to reject marketplace medicine. Surya Singh, Katie Bunge, Todd Varness, Adam Wolfberg and Sona Aggarwal (photo) have formed the Maryland Committee to Defend Health Care which champions the individual's right to health care and a physician of their choice and rejects corporate profits and financial incentives that reward overcare or undercare. They have been joined by other students, local physicians and nurses. Advisors include Richard L. Humphrey and John W Littlefield. (page 2)

Briefcase - This is a group of short articles. Bonni Shippee and friends have donated Snoezelen to provide a calming situation for patients about to go to surgery in honor of her son Alex. Joy Goldberger from Child Life says it helps create a friendlier environment. Jonathan Shippee and friends enjoy the device (photo). Tops in Dollars reports that Hopkins again leads the nation's medical school in NIH biomedical research funding with \$210 million in extramural NIH grants. New Frontiers reports that The Women's Board of the Johns Hopkins Hospital is sponsoring a free lecture by Robert Massoff who will explain how the low vision enhancement system he developed is a space-agency spinoff and Laurel Clark, an astronaut, will discuss physicians in space. Counting Our Blessings describes the leftover medical supplies that have been gathered by Project SHARE. Juliana Jung, student coordinator, and anesthesiologist Quentin Fisher have helped gather and dispense about \$400,000 to the world's neediest areas. (page 2)

A Welcome home by Mary Ann Ayd -- This article reports that the previously scattered Hopkins' School of Nursing finally has a single address at 525 N. Wolfe Street. Dean Sue Donaldson (photo) is shown at the ribbon cutting ceremony and the added dimensions of the Anne M. Pinkard Building are reported while students Pamela Jolley, Michelle Cimino and Cynthia Henry (photo) are shown on a stairway. Faculty and students have been scattered for 15 years according to Kate Pipkin. Stella Shiber is happy that it belongs to nursing. It has been carefully designed with funding of the \$17.8 million budget coming almost entirely from donations. Tiered seating is seen in the new lecture halls (photo). Rosemarie Bragen, Stella Shiber and Ada Davis are shown organizing an office (photo). Sheila Saunderlin juggles boxes (photo). (page 3)

Johns Hopkins, Singapore Forming Medical Center of Excellence -- This story describes a preliminary agreement between Johns Hopkins Medicine and the government of Singapore to create and develop clinical treatment facilities for the care of patients with cancer, cardiovascular disease and other illnesses for patients in Singapore and throughout Southeast Asia. It would allow a center of excellence model that places emphasis on medical education, research and direct patient care. It is believed that things can be done faster and with less regulatory burdens It will provide fellowship training. It is not expected to sipo=hon off resources or impose too many demand

Serial Issue 49:2: Dome - 1998, March

Scope and Content:

This March 1998 issue of the Dome includes the following articles:

Transplanting Attitude by Mary Ann Ayd -- This article describes how the abdominal organ transplant team finds better ways to serve patients.

Helen Michalisko (photo) by Mary Ellen Miller -- This story describes the work done by this senior social worker in heart-lung transplants. It involves a careful evaluation to identify strengths and weaknesses before the patient become involved with the transplant program. The social worker then handles the concrete issues like

insurance, housing, etc. They are also advocates in the community. It is also complicated by changes in the institution. It requires a lot of energy but is very rewarding. (page 1)

Freshening up the Hallways – This article describes the face-lift going on the main corridor system of the Hospital and is part of the Johns Hopkins Medicine Service Excellence campaign. Guest Services (photo) has moved to the Wolfe St. lobby. Michael Iati emphasizes how important the first impression is. There will be new lobbies and signage. It will cost \$1 to \$2 million. (page 2)

Through a Child's Eyes by MEM – This story describes the new home for children's eye disease at Wilmer, directed by David Guyton (photo) who is shown at the entrance to the new Zanvyl Krieger Children's Eye Center. Diane Almony described the old circumstances and is excited by the new. There is also a research wing located adjacent to the exam rooms. This work includes a new invention by David Hunter, an instrument that uses noise and light to catch a baby's attention, then automatically measures how well the infant's eyes are aligned. Strabismus (crossed eyes) needs to be detected early for better treatment. Guests at the ribbon cutting ceremony included U.S. Surgeon General C. Everett Koop with greeting from Peter Jennings and Patrick Heraty whose son Sean had undergone successful strabismus surgery. (page 3)

Briefcase – This is a series of multiple short stories. This includes Live Near Your Work that describes a new employee benefit that offers \$3,000 toward the down payment or closing on a house in designated Baltimore neighborhoods. It has been very successful according to Michael Jenkins. Interactive AIDS Web Site Relocates to Hopkins describes the basic information everybody with HIV ought to know according to Joel Gallant (photo) that is available on the site and includes the ability to answer personal questions for people. Sports Clinic Open to Elementary Students describes the first-year medical students' annual Sports Clinic for neighborhood elementary school children which is also now available to faculty and staff members' children. More information is available from Eva Martire. Dome Survey Update reminds readership that they can still respond and enter a drawing. Shortcut to Calling Green Spring Station reminds everyone that you can call numbers at Green Spring Station from within the hospital buildings by dialing 8, not 410. (page 3)

Who/What – This section is a series of short articles about many people. Karen B. Haller R.N., Ph.D., F.A.A.N. (photo) is the new Vice President for Nursing and Patient Care services. Edward E. Cornwell III, M.D. (photo) is the new director of adult trauma surgery. Alan Partin, M.D. (photo) is editor in chief of Urology. Patrick Walsh M.D. (photo) was named to the editorial board of the New England Journal of Medicine. Vernon B. Mountcastle, M.D. (photo) and Philip A. Beachy, Ph. D. (photo) have won NAS Awards. The following won Milken Awards: G. Steven Bova, M.D., Michael Carducci, M.D., John Isaacs, Ph.D., Joel Nelson, M.D., William Nelson, M.D., Ph.D., Jonathan Simons, M.D., and Patrick Walsh, M.D. Social Workers were honored: Sarah Spagnola, M.S.W., Karlynn BrintzenhofeSzoc, D.S.W., Linda Scott, M.S.W., Michael Hibler, B.A., and James Zabora, M.S.W. Others mentioned included: Nisha Chibber Chandra, M.D. (photo), Michael Dausch (photo), John Eng, M.D., (photo), Dav

[Serial Issue 49:3: Dome - 1998, April](#)

Scope and Content:

Is Karen Haller the Look of Things to Come? By Mary Ellen Miller – This story outlines the new role that Karen Haller (photo) is taking on as the Hospital's vice president for nursing and patient care services while retaining her old job as Director of Nursing for the Department of Medicine. Many people, including Karen Davis and Judy Reitz are sure she can do it. As Haller says, "I do like a mess---and I've always

managed multiple priorities.” This is an effort by the hospital to join nursing, social workers and utilization management employees under one umbrella to improve patient care, performance improvement and maximize revenue. (page 1)

Embodying Aequanimitas – This brief article reports Ed Benz feels this describes Karen Haller perfectly—tranquil, even-tempered, unflappable. Mary Rose describes her as an absolute strategist. Haller had always wanted to be a nurse and she reports that she’s addicted to the intense, intellectual, committed environment –and devoted to her staff, as well as to the palpable sense of energy. (page 1)

In a Sea of White Faces by Kate Ledger – This article describes how black medical students are working on building a sense of community and expanding their numbers. Stephen Nurse-Findlay describes how he saw Ben Carson describing the surgery to separate Siamese twins on TV and knew he had to come to Hopkins for medical school. He says Hopkins has lived up to the impression. He is one of 45 black students among the School of Medicine’s nearly 500 students. That’s a long way from graduating the first black students in 1967. However, there are concerns that legislation in California, Texas, Louisiana and Mississippi that bar affirmative action in higher education admissions. Minority application plummeted 11% this last year according to Jordan J. Cohen of the AAMC. David Trabilisy and Roland Smoot in the dean’s office report we haven’t seen a problem and credit a strong Hopkins internal network led by Smoot, Levi Watkins and Ben Carson. Raegan Durant and Bisola Ojikutu (photo with Callie Donovan) agree that there is a strong sense of community. J. Anthony Graves reports that the feeling here is too good to pass up. (page 3)

Where Their Guard Comes Down – This is a short article on the Student National Medical Association that gathers monthly providing socialization, discussion of issues and a platform for community activities according to Raegan Durant, Griffin Davis and her twin brother, Garvin. (page 2)

Outward Bound by Mary Ann Ayd – This article reports that Hopkins has purchased Howard Country General Hospital (photo). Hopkins won the bidding process according to HCG’s board chairman Alton Scavo, because it was the best and would provide future opportunities that will include a new \$40 million private, not-for-profit foundation to enhance the health of the community. Dean Miller stresses it will not be a drain on East Baltimore resources because it will be financed by a tax-exempt bond issue which should be covered by HCGH operation. In fiscal year 1997, it generated a \$4.2 million profit. HCGH President Victor A. Broccolino believes it is an excellent situation and that the community will retain local control of the hospital. (page 3)

Briefcase – This is a series of short articles New University Holiday Schedule reports that the Hospital and School of Medicine is changing two fixed holidays to floating holidays. These are University Commencement Day and Presidents’ Day. You Like Us You Really Like Us reports that the limited response to the survey about The Dome shows that 87% of respondents read most of it and that 91% found it very useful. They particularly like stories focusing on people. Be an Organ Donor encourages the importance of being a donor by having recipients come into contact with more staff. Everything and the Kitchen Sink announces that the Hopkins Women’s Board is bringing back the spring kitchen tour along with a gala dinner and auction to raise fun

Serial Issue 49:4: Dome - 1998, May

Scope and Content: From Russia, With Love by Mary Ellen Miller - This is the story of a young Russian boy, Yuri Chernykh, who had been left at a Russian orphanage when he was born

with his bladder on the outside of his body. In 1995 he was brought to the U.S. by an adoption agency on a three-year medical visa to correct his bladder extrophy. He lived with a foster family in Pennsylvania and was referred to John Gearhart after the boy had failed previous surgeries. Gearhart worked with Paul Sponseller who closed the boy's pubic bones to correct his gait and Gearhart enlarged his bladder and drained his kidneys through his appendix. He will always have to self-catheterize, but as Gearhart says, "He looks pretty dadgum normal." Pam Butler, a senior clinical nurse on the medical-surgical pediatric ward, developed a close rapport with him. She saw him as a happy, teasing-with-me kind of kid with a remarkable coping mechanism – an effervescent charmer. She began to see how easily he might fit into her own family, And when her husband, Fran said yes, and an overnight visit showed how well he and her two boys got along, she was able to offer him a home. She tutored him and he's doing well in school and they are now in the process of adopting him, complicated by the cost and the need to travel to Russia. But Pam is determined. The Butlers (Yuri, Pam, Matthew Fran and Jonathan at hoe with Muffin, the dog) are shown in a photo. (page 1 and 2)

Tune in to Telethon - this is a brief announcement that bladder extrophy patient Yuri Chemykh will join the 15th annual Children's Miracle Network Telethon. The radiothon begins on May 27th and WMAR-TV's live telecast will begin on May 30th. It has raised more than \$17 million for the Children's Center over the years. (page 1)

Kids at Work: A Snapshot by MEM - This article describes activities during Take Our Children to Work Day on April 23. Activities ranged widely but offspring of the neurology staff had wonderful events planned for them by residents Argye Hillis and Carlos Pardo (photo). They played brain games, had their carotid arteries scanned and actually held brains. Camilo Pardo and a friend (photo) are shown holding a human brain. Others enjoying the activities included Lydia Hillis and Desmond Cooper. (page 2)

A Smart, Simple E-mail Address by Anne Bennet Swingle -- This article announces the change to e-mail addresses on the East Baltimore campus. It will be user@jhmi.edu. The new address book will come online June 1. Network and Telecommunications Services Organization and the Center for Information Services continues to work toward a unified directory for all of Johns Hopkins. (page 2)

Permission To Be Human by Mary Ann Ayd -- This article describes the Hospital's Critical Incident Stress Service according to Ruth LaFontaine, director of corporate security. It is manned by a highly trained, all-volunteer team (15 members) that is ready to step in to debrief personnel who have been involved in difficult situations related to work events or personal stressors. Lori Chearney, clinical director of the service, notes that more help than a debriefing is available Renee Demski stresses that the group does not make any judgments about the incident and Karen Davis relates a time when her team needed their help. A box features more information and the phone number to contact them. (page 3)

Briefcase -- This is a series of short articles. Rehab Made Convenient describes the activities of the Outpatient Occupational and Physical Therapy Satellite Clinic that provides rehab services for a variety of problems. A photo shows Occupational Therapist Amy Schimberg fine tuning a patient's finger splint (photo). One Out of Every Nine describes the fact that this many women will get breast cancer in a lifetime. It describes how Bea Gaddy put off evaluation and treatment because she didn't know of the state's free screening and treatment programs for breast cancer. Medicine, Hospital Lau

Scope and Content:

Ascending the Ladder by Mary Ann Ayd – This story describes career advancement opportunities at Hopkins and notes that the ideal candidate will be a self-starter with a strong desire to do what it takes to get ahead. Gloria Bryan, senior director of human resources notes that annually 105 of SOM employees are promoted at least one pay grade in their current jobs. It is similar in the Hospital according to Thomas Pollard. Six stories are told. Cecelia Wright (photo) had trouble initially, but eventually got a job as a clerical associate and continued to advance using Skills Enhancement program and college courses. Joan Williams agrees. Brigitte Wallace (photo) moved through many jobs after graduating from Duke to become a career specialist in human resources. Sometimes it's necessary to make a lateral move to gain skills. Deborah Knight-Kerr (photo) blossomed under Robert Heysel to become executive assistant and then to become director of human resources community and education projects for the Hospital. William Kent (photo) did it differently when he moved straight from a postgraduate fellowship to ambulatory care manager for the Department of Medicine and subsequently MSC's vice president for clinical operations. Christine White (photo) has been executive assistant to three deans and is now assistant dean for medicine. Carlos Dawson (photo) always wanted to be a physical therapist and has worked his way through various part-time jobs to become a rehabilitation therapy aide. Information is given re: career management for the University and for the Hospital and Health System. (page 1 and 2)

When You're Really Starved – This is a brief article describing Tower Terrace Express Service originated by Clement McKenzie. It also describes "Dinner on Us" a program where families and their child can eat together on Thursdays. (page 2)

Briefcase -- This is a series of short articles. News from Town (Hurd) Hall describes announcements that included improvement in service excellence initiatives, a plan to build a new critical care tower, children's facility and research tower as well as improved cost controls. Flowers for Her Grave describes the re-initiation of a tradition that involves the director of pediatric nursing placing flowers on Harriet Lane Johnson's grave on her birthday and Lisa Phifer did it this year. Branding This place describes market research that shows Hopkins has an excellent image for quality of medical care, but not for ease of access. Boot Camp on AIDS Care describes a conference organized by Linda Watkinson for Italian AIDS specialists (photo). (page 2)

The Healing Power of Talk by Mary Ellen Miller -- This article describes efforts at Hopkins to provide more personal care and a strong partnership between patient and doctor. Michael Clark lectures on patient-doctor communication. David Hellmann thinks part of the problem is that doctors are not typically paid for communication. Edward Benz encourages it in training, even showing a taped interview of Dr. Philip Tumulty discussing his philosophy. They are doing fireside chats at Roland Park and have included John Stone, a Franciscan Friar and discussions of spirituality. Harold Schinitzky is leading the effort in pediatrics. David Nicolaou teaches how to tell someone that a family member has died. All stress how important it is to have not just the skills, but the time to talk with patients. (page 3)

M.D. Insights describes how 4 physicians deal with patient relationships: John Niparko, Allen Walker, Michael Clark and William Mysko. (page 3)

Who/What -- This is a series of short articles about various individuals. John Griffin, M.D. (photo) was named director of the Department of Neurology. Others mentioned include: Andrew P. Schachat, M.D. (photo), Richard "Chip" Davis, Ph.D. (photo), Marion D'Lugoff (photo), Marcella A. Donovan, Manel Esteller, M.D., Ph.D. (photo), Todd Gartrell, Harold P. Lehmann, M.D., Ph.D., Marco Pappagallo,

Scope and Content:

It Takes a Network by Mary Ellen Miller - This article describes the difficulties of navigating in unsettled times with Hopkins spending more and more time at the bargaining table negotiating with other health care providers. Edward Miller, Dean/CEO describes the difficulties and possibilities that lie ahead in amassing a broad foundation of patients who have access to Hopkins specialty medicine. It includes ownership now of Howard County General Hospital as well as Bayview. Alliances have also occurred with Kent and Queen Anne's Hospital as well as Flagship Health/Physicians Quality Care. The deal making is in the hands of Elias Zerhouni, Richard Grossi and Joanne Pollack, with the mission always being of an academic medical center -- teaching, research and patient care. (page 1)

Reconstructing Halsted by Mary Ann Ayd - This article describes the overhaul of the telemetry unit on Halsted 5. It is well done according to Nurse Manager Valerie Parks and Antoinette McDaniel (photo) who now have ample space for supplies. They had spent 3 months camping out on other floors. There are new floors, upgraded lighting, peaceful painting, good bathrooms, electronic entry doors, silent call badges as well that provides a much quieter and pleasing environment. (page 2)

Booting Up the Super Scanner by Mary Ann Ayd -- This article describes how Elias Zerhouni, David Bluemke and Paul Bottomley have worked over the last eight years with their teams to develop a technique for getting individual frames, taken during different parts of the cardiac cycle and assembled them into a simulated MRI "movie" of heart function. Joao Lima describes it as a new kind of alliance between Hopkins and industry. Improvements still need to be made, but Elliot McVeigh and the team feels it will revolutionize cardiology. (page 2)

Briefcase -- This is a series of short articles. Courage Under Fire describes how Kevin Hoak of Protective Services rescued a man from a burning house near the hospital and was recently given the Award of Valor from the International Association for Healthcare Security and Safety. He is shown with Bill McLean and the award (photo). New Name, Same Great Service reports that Freedom Pharmacy will now become Johns Hopkins PharmEquip and will continue to fill about 450 prescriptions a day. By George, It's Back! Reports that meticulous new paint job by Cecil Boblitz (photo with him and his wife Margaret) has restored the historic marker proclaiming that Broadway is a section of the General's Highway that George Washington traveled during his journey from New York to Annapolis to resign as commander in chief of the first American Army. (page 2)

The Other Side of Breast Cancer by Mary Ellen Miller -- This article notes that Lillie Shockney came through a double mastectomy as a better woman and that hundred of other survivors are benefitting from her experience. She is shown laughing with Leslie Pladna (photo) and with Nancy Armstrong (photo). She had been director of performance improvement and utilization management until she read the report that she had breast cancer. Six years and two mastectomies later she has become a crusader for women with breast cancer and became the director of education and outreach for the Johns Hopkins Breast Center. Along with all her other activities, she has written a book, created Web sites, organized fund raisers and testified before Congress. She describes how important her nurse, Myck was for her on the night of her surgery, allowing her to express herself and work through her emotions. For years after the surgery, she volunteered, still doing her full time performance improvement director job, and a year ago, they created her current position in the Breast Center. She is particularly proud of the survivor volunteer program which matches newly diagnosed women with breast cancer survivors based on age and treatment regimen. (page 3)

Who/What -- This is a series of short no

Serial Issue 49:7: Dome - 1998, September

Scope and Content:

And Baby Makes Three by Mary Ann Ayd - this article reports the Hopkins Medicine leaders are committed to creating a campus child care facility, but there is a question of what form it should take. When Jeremy Berg brought his young child to an evening meeting with John Stobo the issue of onsite child care came into focus again since his wife, Wendie also works. Rajini Rao noted it had been available to her at Yale. And it was developed at Bayview (photos of children) when nursing shortages occurred and it was very successful according to Denise Love. Frank Oski also advocated for it and four years later (1995) his committee contracted with an outside agency to develop a proposal. Finally, Edward Miller and Ron Peterson report they are firmly committed to moving it forward with another survey, run by Chris White and Scott Zeger. (page 1)

Dialing for Answers -- This is a brief story in which Chris White reports that the new survey about on-site child care is aimed at finding out what people actually want and need. (page 1)

Courage in the Classroom by Mary Ellen Miller -- This article describes the difficulty of employees who want to pursue their high school diploma. Margie Pittman (photo) received hers recently through the External Diploma Program that emphasizes life skills instead of book learning and is an alternative to getting a GED. Bobbi Little and Ralph Galvin note that it isn't an instructional program but provides a practical way for workers to show they have academic skills. Barbara Edwards notes that the Hospital offers a variety of free classes and is very flexible and private. Now Ms. Pittman is planning on taking a computer course and a college class. (page 2)

The New Necessity: Education - This short article describes how jobs are becoming more technical and that "reengineering" requires new skills and a high school diploma according to Clifton Scott and Sarah Almond (photo). The Union has worked closely with the hospital describes their efforts and their success. (page 2)

Together, At Last by MEM - This article describes the new Credit Union's headquarters at 2027 E. Monument St. (photo). It will provide tellers via video screen. It houses 34 employees. Mike Mesta, president and CEO of the JHFCU says it's one of the biggest in the state. Lines move really well according to Paula DeJulius. Adrienne Chambers notes that customers can have private conversations with tellers. (page 3)

Briefcase -- This is a series of short articles. National Night Out describes August 4, when more than 500 people milled around the street of East Baltimore support the event (photo). There was free food, entertainment and information booths. Hopkins was one of the sponsors. You've Come a Long Way, EBMC describes how the East Baltimore Medical Center has become one of the largest sites of the Johns Hopkins Medical Services Corporation and has broken ground for a new \$4+ million dollar building on Stirling Street (photo). Comprehensive services will be available to about 19,000 patients. Welcome Class of '02 describes 120 new medical students and 183 nursing students arriving to begin their studies. The medical students come from 69 colleges, 30 states and 40% are women. The nursing students are enrolled in a variety of programs and also have varied experiences. 22 are males. Our Far-Flung Correspondent...in Korea describes an e-mail to Jim Johns from Cpt. Gregory LaFrancois who is doing an internship for a masters in health care administration in Korea. He had taken a photo to be framed to a tiny store and the owner had recognized Hopkins as the best hospital. (page 3)

Tubal Migration by Mary Ann Ayd -- This story describes a new pneumatic tube station that will soon be operative. Patricia Charache reports it has taken more than five years to put in place. It runs roughly six miles throughout the Hospital, the Outpatient Center and the new Weinberg building. She reports that with the new

[Serial Issue 49:8: Dome - 1998, October](#)

[Serial Issue 49:9: Dome - 1998, November](#)

Scope and Content: Spotlight on Life's End by Anne Bennett Swingle -- This article describes the efforts of Mike Carducci (photo) and others to create a more coordinated and sensitive approach to end-of-life care. He was inspired by Louise O'Brien whose husband Bill had terminal prostate cancer and who told him that Hopkins had not dealt well with their overwhelming suffering. Matt Loscalzo and others have joined to create a palliative care task force to improve this situation and ultimately create an interdisciplinary consultation service. Others like Mike Williams (photo) and Nancy Hutton (photo) have brought expertise to this problem in neurology and in the care of children with AIDS. (pages 1 and 2)

Holiday Shopping -- It's All Right Here by Anne Bennett Swingle -- This article lists all the resources available in the hospital and their dates and hours so that holiday shopping can be easy for staff. They include: Zootique, Matthews Johns Hopkins Medical Book Center, Corridor Sales, The Carry On Shop, The Gift Shop, Hopkins Publications, Cooley, The Flower Cart, Catering Services and Travel Guide. (page 2)

In the Reel World by Mary Ann Ayd -- This article reports that Hopkins Medicine's VP for information services, Stephanie Reel (photo) will now take on the University, becoming chief information officer according to Theodore Poehler. She knows how to elicit cooperation. She reports her most rewarding project has been the electronic patient record (EPR) that has now become part of the Smithsonian. Provost Steven Knapp also praises her deep knowledge of Hopkins. Lillie Shockney quips that in a past life she may been a psychotherapist since she knows how to listen, diagnose and come up with the right prescription. (page 3)

Briefcase -- This is a series of short articles. Blessing Those in Need reports that Hopkins and the Historic East Baltimore Community Action Coalition are collecting clothing, toys and money prior to Christmas. The Harriet Lane Primary Care Clinic is also putting baskets together for families. Contact people are Terry Todesco and Nathaniel Parks. Drugstore Renewal reports that PharpEquip has improved the function of the Pharmacy in the Outpatient Center according to Herb Holmes. Child Care Survey Update reports that it was a success according to Christine White. Elizabeth Wright helped and Scott Zeger has finished analyzing the data. (page 3)

'58 Colts: Together Again -- This article reports that the 40th Anniversary of the game in which the Colts defeated the New York Giants will be marked by a banquet/reunion that will be a fundraiser for ALS research. It was organized by Ordell Braase whose wife died of the disease. Co-emcees will be Chuck Thompson and Christ Schenkel. Planners include Lora Clawson, R.N., David Cornblath, M.D., Lenny Moore, Ordell Braase, Him Mutscheller and Bruce Laird (photo). (page 3)

Who/What -- This is a series of short announcements about people and events. They include David Linden, Ph.D. (photo), Robert H. Yolken, M.D. (photo), Edward J. Benz Jr., Henry Brem, M.D., Morton F. Goldberg, M.D., Martha N. Hill, Ph.D., R.N. Donald L. Price, M.D., Tim Phelps (photo), Eavid Rini, Benjamin S. Carson, M.D. (photo), Jennifer Dawson, Todd Dorman, M.D. (photo), George J. Dover, M.D. (photo), Linda Fried, M.D. (photo), Lynn Maxwell, M.D., Molly L. Mullen, M.D.,

Kieran Murphy, M.D. (photo), Peggy Soderstrom, Ph.D. (photo), David H. Edwin, Ph.D., Hugh Simmons (photo), David M. Yousem, M.D. (photo). Affiliations describes activities or events at Bayview, HCGH, Home Care Group and JHMSC. Letters came from Ralph Galvin, The Stewart Family, Doris Alwine and Anne Grady. Karen Haller (photo) notes that energy captures the spirit of Hopkins. (page 4)

Serial Issue 49:10: Dome - 1998, December

Scope and Content:

The Start of Something Big by Anne Bennett Swingle -- This article describes a new effort to bring change and partnership to our own community with President William Brody appointing 75 experts to the Council on Urban Health which will develop recommendations focusing on widespread diseases in East Baltimore and an effort to integrate the many Hopkins and community-based activities into one, seamless force. It will be led by Martha Hill and Colene Y. Daniel. Ongoing efforts include a Center for Nursing Research project helping 300 black men control hypertension led by Mary Roary, M.H.S. shown with students and a participant (photo). David Levine, a community activist notes the ongoing efforts to which bridges need to be built. George Dover heads an existing primary health care committee and wants to transform the fragmented care. Nursing student Robin Evans-Agnew is shown working with Kathleen Becker checking an East Baltimore patient (photo). (pages 1 and 3)

Lessons Learned: HEBCAC -- This brief article notes that Hopkins directs more than \$44 million in grants and services to community-based services including HEBCAC which focuses on the revitalization of East Baltimore. Colene Y. Daniel serves on its board and hopes with Michale Seipp that Hopkins' new initiative will be the engine that drives all the wheels that are already in place. (page 1)

Getting through the Parking Squeeze by Mary Ann Ayd --- This article describes the difficult parking situation that has been exacerbated by new construction. Only new clinical staff will be able to get permits. Larry Cohen notes they are looking to accommodate at least another 1,000 cars. Michael Iati notes that even more potential sites are needed. A graphic notes the number of spaces, permit holders and permits available. (page 2).

Business Smarts by Mary Ann Ayd -- This article describes the first graduates in the Business of Medicine master's degree program that was started by Vice Dean Catherine DeAngelis (photo with graduates). It is a 45-credit master's program tailored for physicians. Paul Sponseller, describes his project tracking the incidence of spine infections after surgery that resulted in proactive measures to decrease their occurrence. (page 2)

A Pillar of Faith by Mary Ann Ayd -- This article describes the practices and principles of Ramadan which begins on Dec. 25 and involves abstinence from dawn to sunset for a month, as prescribed in the Holy Quran (photo). The number of Muslims in the US is increasing. Medhat Osman notes that it is socially unacceptable to break the fast alone and Hopkins tries to accommodate this with space on Fridays. Saleet Jafri notes that fasting is one of the five pillars of Islam. (page 3)

Briefcase -- This is a series of short articles. Sweet Treat describes the gingerbread cathedral made by Joseph Janowich and students like Thomas Lodge and enjoyed by Tatiana Ince (photo) on a special cart built by Robert DiBlasio and staff. And Decorations for All describes the hospital decorations that tries to be inclusive according to Clifton Scott and Rev. Maria Coulter. MLK Commemoration describes the annual tradition where Julian Bond (photo) will speak this year. The Essence of Image describes the efforts by marketing research led by Carol Bloomberg and Mike

Hartnett that will try to fine tune Hopkins' brand image. They've found that it currently elicits a feeling of respect and pride, but also intimidating and unwelcoming, inaccessible and expensive. Satisfaction Survey reports that patient will get new surveys by Press Ganey. Symphony of Lights describes the display in Columbia that raises money for Howard County General (photo) (page 3)

Who/What -- This is a series of short notices about people and events. They include Paul McHugh(photo), Philip A. Cole, M.D., Ph.D. James F. Casella M.D. (photo), Edward E. Lawson, M.D. (photo), Michael A. Levine, M.D. (photo), Edmund Y.S. Chao, Ph.D. (photo), Victor A.

Serial Volume 50: Dome - 1999, February-December

Serial Issue 50:1: Dome - 1999, February

Scope and Content:

Is There a Nurse in the House? By Patrick Gilbert -- This article describes a chronic nursing shortage that is putting extra stress on those caring for the most severely ill. Kelly Caslin (photo) describes the problems hiring and retaining nurses for the MICU, including the difficulties involved in using temporary agency nurses (travelers) and per diem nurses. This includes the fact that they earn more than experienced staff nurses. Cindy Key notes that travelers are at least more skilled and around long enough to fit in. Karen Haller reports that the hospital is responding with incentives, bonuses, bringing back an RN component to Intrastaff, creating new training programs and changing the care delivery model. Benjamin Carson reports the impact on surgeons who have to work late to get cases done because of the shortage. A sidebar notes that fewer students are enrolling in nursing schools and that students are getting older. (page 1)

Just what the Doctor Ordered by Mary Ann Ayd -- This article describes the newly created Office of Referring Physician Services which encompasses Hopkins Access Line (HAL), the Central Physician Directory and the Physician Liaison Services. Dwin Constable and Mary Mullen (photo) note the user friendly connectivity that will be available as does Diane Fackett. Tuvia Blechman applauds HAL's service. Edward Miller reinforces the need to communicate with community physicians James Scheulen says the goal will be to get referring physicians names when the patient is admitted. Kevin Cooke had trouble getting a patient transferred and reached out to Robert Brawley to work on fixing the system. A sidebar notes how helpful a one-hour CPD (Central Physician Directory) course can be. (page 2)

A Grave Occasion -- This article describes the ceremony honoring Johns Hopkins that takes place at his gravesite every year to commemorate the day he died, December 24th. Remarks were made by Steven Muller, shown in a photo with Andrea Jones and Paula Ferris Elnaudi (photo). Edward K. Dunn, Jr. who was also at the gravesite noted in a sidebar how remarkable a man Hopkins was. (page 3)

Child Support by Mary Ann Ayd -- This article reports that the October survey results show strong approval for on-site child care. Christine White notes there are two major issues to resolve-- cost and tuition. They are now preparing a schematic design for Edward Miller. It is needed to help reduce absenteeism, turnover and increase productivity. (page 3)

Briefcase -- This is a series of short articles. Parking Redux reports that parking is approaching a crisis with more than 200 cars a day being redirected. Previous efforts have failed and employees were given an opportunity to switch to satellite parking and get 3 months free. Ronald Peterson has encouraged car pooling and public transportation. He feels these are short-term issues. On Exhibit reports on

an exhibit of 15 faculty and staff from Art as Applied to Medicine. It will be in Turner from March through May. Woman in a Black Sombrero by David A. Rini is shown. School of Nursing Open House notes this will occur on March 6th at the new headquarters (photo). There will be seminars, tours and refreshments. Barnes & Noble Lecture Series will promote discussion of medical issues among consumers in this year-long lecture series. It will include talks by Michael Klag, Roger Blumenthal and Michael Levine. (page 3)

Now at a Bookstore Near You by Anne Bennett Swingle -- This story reports on the publication of the Johns Hopkins Family Health Book which is 1650 pages long and weighs nine pounds. It is part of the Office of Consumer Health Information's efforts to venture into the world of consumer health information. Editor-in chief Michael Klag is shown with Ron Sauder as they check out the new book. (photo). It took 3 years to produce with more than 100 faculty reviewers, writers and editors. Associate editors were Robert S. Lawrence, Ada Romaine Davi

Serial Issue 50:2: Dome - 1999, March

Scope and Content:

The Backseat Mission By Mary Ellen Miller - This article explores whether teaching is getting the shaft at "academic" medical centers. Critics say education is on dangerously shaky ground and overdue for some attention. Catherine DeAngelis has had to beg people to teach Clinical Skills a half afternoon a week for 13 weeks. Edward Benz has noted this problem throughout the country, especially as clinicians are forced to see more patients. Insurance companies do not want to pay for education. Dean/CEO Edward Miller reports the Promotions Committee is trying to put appropriate emphasis on teaching. Many are looking for ways, including donors and the government, to pay for the true cost of teaching. David Hellman (photo) is shown conducting rounds with a group of residents. (page 1)

Quantifying Teaching -- This short insert describes how Dr. Patrician Thomas is trying to integrate a "teaching portfolio" for clinicians into the promotions process and recognize that scholarship is not just the discovery of new knowledge, but also the application and integration and dissemination of the knowledge. (page 1)

Anatomy of a Complaint by Jim Duffy -- This article describes how the Office of Patient Relations tries to deal with complaints and provides the story of the resolution of a complaint about a TV bill. It reports that the office fielded more than 1,000 complaints last year and accepted some 300 compliments. Marva Johnson settled the TV dispute. Martha Afetse, director, reports they've adopted amore intelligent system. The time to close the file o complaints now averages 14 days compared with 70 in the past. (page 2)

Affiliations - This is a series of short articles about the various Hopkins affiliates. Bayview now offers MRI scans with an open MRI (photo) and the OB/Gyn unit has been renovated. Howard County General Hospital was recently awarded two grants pertaining to Sexual Assault and Breast Cancer. There will be a Fashion show to benefit the cancer resource center hosted by Denise Koch. Johns Hopkins Health care has a new training grant from Anne Arundel County. Johns Hopkins Medical Services Corporation health centers now accepts patient enrolled in EHP and sponsored a Black Women's Health Week with a vintage fashion show where Sheila Smith and Janet Waters portrayed Josephine Baker and Mary McLeod Bethune (photo). It also lists the JHMSC Centers that participate in EHP. (page 2)

The Privilege of Practicing Medicine by Gregory P. Prokopowicz, M.D. (photo). This is an essay he wrote for Osler Medical Journal. He describes an exhausting and typically poorly rewarded life as a resident. But he also concludes that he would avidly choose medicine again because of the unique role of the physician in how

patients entrust them with details of their lives, perhaps unknown to anyone else. And how physician examine them in the most meticulous manner, finding the study of man captivating. He illustrates this with several lovely stories about patients. (page 3)

Briefcase -- This is a series of short articles. Chaplains must now begin charting in the Progress Notes according to Stephen Mann. For the eighth straight year, Hopkins ranked first among medical school for NIH biomedical research funding. The Credit Union has introduced computer banking. First-year medical students have run an annual Sports Clinic for neighborhood elementary school children for the last 18 years according to Michael Schuler. The IRS has reduced the mileage rate allowed for business use of automobiles to 31 cents per mile. Edmond McDonnell describes how George E. Bennett treated Joe DiMaggio's (photo) wound with maggots in 1949. (page 3)

Who/What -- This is a series of short articles about events and people. Joel Brenner, Janet Scheel, Jane Crosson and Richard Ringel (photo) have joined the Pediatric Cardiology staff. Others include: Richard M Krieg, Ph.D. (photo), Michael D. Wright (photo), Judy A. Reitz, Sc.

Serial Issue 50:3: Dome - 1999, April

Scope and Content:

Dissecting the Y2K Bug by Mary Ellen Miller --- This article describes the efforts being made to be sure that Hopkins and its computing systems function well when the year 2000 rolls in. Sharon Paul reports denial has not been a problem at Hopkins. Stephanie Reel discusses the interconnectedness, and feels positive about the changes. Loss of power is the one thing no one can predict. Cele DiGiacomo has worked with the 80+ departments who are in charge of validating their own compliance. And they must be sure of Bayview, Howard County and Medical Services Corporation. Pete Hajewski has checked 800,000 lines of code to be sure that the telltale two-digit years is not there. Martin Uveges notes work in pathology with other projects being shelved. Sherrie Szekalsi has set up a new network for Clinical Information Systems. Sharon Paul likens the experience to moving a bunch of troops across the country. There have been good things too, like additional equipment that was very much needed. (pages 1 and 2)

What are you doin' New Year's Eve? -- This short piece talks about preparing for several contingencies according to Terry Cunningham. Each department needs to prepare a contingency plan according to Stephanie Reel. If you're deemed "mission essential" you need to be near enough to the Hospital to respond to an emergency. Carole Martens is calm because we actually get to plan for this. (page 1)

Door-to-Door Lifeline by Mary Ann Ayd -- this article describes the services of Lifeline, a new Hopkins round-the clock service that makes it possible to transport patients and equipment safely and efficiently. Chyrl Ness (photo), the director says they know the system, what patients need and can tailor things to suit each situation. Dennis Haslup notes they do the leg work. It still requires referral from social workers, like Carol Stansbury to refer the patient and advocate for their needs. (page 2)

Affiliations -- This is a series of short articles about events/programs at Hopkins affiliates. Bayview Geriatrics Center has been awarded three-year certification for its acute and subacute inpatient rehabilitation. Robert Spence, M.D. describes a new system that creates a total-contact mask that will keep the skin smooth and moist during healing. Linda Ware says a personal mask arrives 4 days after the scanning. High-risk obstetric care has now been added to Johns Hopkins Home Care Group according to Stacey Garnett, R.N., M.S.N. Johns Hopkins Geriatrics has now been

added to Johns Hopkins Medical Services' Putty Hill Health Center. The Howard County General Hospital has been upgraded to a Level III+ perinatology program so babies who are more ill can be cared for there. (page 2)

Phenomenal Pharmacy by MEM -- This article describes the Coram Healthcare Pharmacy for Moore Clinic Patients with HIV/AIDS. Shivaun Celano, Phar. D. (photo) and two others work with patients to customize and coach patients to take their medications reliably. It was proposed by John Bartlett. Adhering to the regimen is difficult with patients often taking 18 pills a day. The pharmacists recognize they are participating in disease management. (page 3)

Briefcase -- This is a series of short articles. Now at Green Spring: Food, Glorious Food discusses the new Coffee Bar run by Hopkins Hospital's Women's Board. Sally Ridgely, Kingsley Moore and Sheila Pakula (photo) are shown. Pakula and Dottie Truitt co-chair the new enterprise. A Parachute for Care Givers describes a new service that can secure reliable back-up care for children under 13 and companion care for elderly or dependent parents according to Sandy Cobb. They work with Parents in a Pinch and help with some of the cost as well. To Form a More Perfect Campus describes the new Retail Planning Committee which, according to Toby Gordon will help determine which goods and services are needed. Leon's Legacy describes the new Leon Plater Memorial Scholarship at the School of Nursing to honor h

Serial Issue 50:4: Dome - 1999, June

Scope and Content:

Building Boom at Bayview by P. Susan Davis-- This article describes the new Bayview Medical Offices (photo) that is expected to increase patients visits by 20-25% according to Doug Hall. It will house pediatrics, orthopedics, Gyn/Ob, endocrinology, neurology, cardiology, dermatology, vascular labs, podiatry, and plastic and burn surgery. Many amenities are also provided. An additional project is under construction so that the complex will have 100,000 square feet with a capacity for more than 100,000 annual patient visits to serve the wider community according to Greg Schaffer. (page 1)

Coming Full Circle by Mary Ann Ayd -- This article describes how more than 150 employees have volunteered to help local students. The program is called BOND to BOND (Building Our Neighborhood Dreams Beyond Our Neighbors' Doors). It is fashioned after Project Raise. About 60 first-year high-schoolers from Dunbar and the Institute of Notre Dame will have one-on-one mentors and opportunities for jobs and young students at Tench Tilghman Elementary School will also have a program. (page 2)

What's News -- This is a column of short stories. Sounds Like A Plan-- Johns Hopkins Medical Services Corporation has about 2,100 new members enrolled in the Uniformed Services plan according to Robert Merz. A Change at Home Care -- Rochard Grossi praised Marjorie Bauman who is leaving Johns Hopkins Home Care Group. Judy Reitz will serve as interim president. Let the Digging Begin -- Edward Miller announced a new 1,500 space parking structure at the southwest corner of Caroline and Monument streets will be completed in the latter part of 2000. (page 1)

This Dome's for You by Edward D. Miller, M.D.(photo) -- This brief article describes the new mission of the Dome to include the wider audience of all Johns Hopkins entities. It will inform, provide a vehicle for disparate areas to know what others are doing and motivation to collaborate more. (page 2)

Demystifying the Broadway Garage by Mary Ann Ayd -- This brief article describes

the various efforts (colored signs, Maryland symbols or level number) that will help people get back to their cars according to Larry Cohen.

JHH Labor and Delivery Announces Redesigned Unit by Mary Ellen Miller --- This article describes the plans of Obstetrics to provide better accommodations and care for their patients. New private labor and delivery rooms have just opened according to Lynn Jones and Ellie Ayd (photo) that will hopefully attract more patients. There will also be changes in operating rooms and ultimately a move to the new Weinberg building. Karin Blakemore is pleased about the renovations but particularly because they make a statement about women's health and the fact that they now reflect the passion and expertise of the nurses and the spirit of the people who work there. (page 2)

Burying the Hatchet by Patrick Gilbert -- This article describes the program that James Scheulen (photo) has developed to minimize the denial of services that patients experience when their ED visit was not pre-authorized. Medical Services Corporation and Hopkins-sponsored Medicaid MCO (Priority Partners) are developing a plan where they could agree on a list of diagnoses and situations which insurers should automatically pay all emergency room charges, another one where all three parties who agree on a list of situations that wouldn't warrant payment of all emergency services, but for which insurers would pay the cost of the hospital screening exam, and another group of cases that would be set aside and reviewed by a conference committee. Cindy Demarest notes the outcome depends on ironing out certain details and Linda Bolton applauds the pilot program. (page 3)

Questions For: Victor Broccolino -- This brief article features answers from Victor Broccolino (photo), president and CEO of Howard County General. He reports on adapting where appropriate to each other's culture, on the excitement in the air, ad
